Carolina Architecture and Allied Arts

911-12 FLORIDA NATIONAL BANK BUILDING
MIAMI, FLORIDA

Foreword

In gathering material for this issue an earnest and untiring effort has been put forth to compile representative work from the notable Architects of North Carolina. In this edition you will find pictured large and small homes, along with public and commercial buildings; designed, built and decorated by able and talented artisans. It is our great privilege to present their work hoping that you, our readers, will benefit from their generous contributions.

STATE OF NORTH CAROLINA
GOVERNOR'S OFFICE
RALEIGH

CLYDE R. HOEY
GOVERNOR

November 28th, 1938.

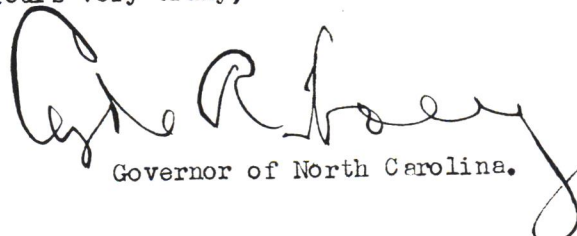

A WORD OF GREETING

It gives me pleasure to extend a word of greeting to the architects, contractors, and others engaged in the work of construction, and to express my appreciation for the achievements of all these classes in the building of a finer and greater South.

North Carolina is entering upon an era of expansion, growth and development, and involved in this is a very large building program, both on the part of the State and its political subdivisions and the general public. In connection with this large building program, it is most desirable that the work of construction shall not alone be substantial and enduring, but likewise artistic and beautiful, as we are extremely anxious to build not only a greater North Carolina but a more attractive and beautiful State.

With salutations of good will to those engaged in this worthy undertaking, I am

Yours very truly,

Governor of North Carolina.

CALVARY EPISCOPAL CHURCH, Fletcher, North Carolina

S. GRANT ALEXANDER, Architect

Structural Steel — Dave Steel Co.

Page Williamson, Inc. offers to contemplative builders of homes, commercial and industrial buildings a complete heating, ventilating and air-conditioning engineering and contractual service. Expert engineers and installation men are permanently retained to handle all types of work dealing with temperature control be it water cooling, commercial refrigeration, heating, ventilation or air-conditioning.

Modern temperature control systems must be correctly designed and expertly installed in order to render complete and efficient service.

Page Williamson, Inc. invites architects and individuals in North and South Carolina to consult their Engineering Department on any and all problems involving temperature control.

PRESENTING---

A TRULY MODERN WINDOW UNIT REASONABLY PRICED ROT and WATER PROOFED

WEARN'S WEATHERTITE WINDOWS

These Assembled Window Units Consist of: Frame; Window; Weather Strip; Screen; Balances or Weights and Chain; and Inside Trim cut to approximate length, bundled Separately, in Loose Form.

FRAME:

Adaptable to any wall—Of seasoned Yellow Pine—Accurately machined with tongue and groove joints insuring a neat weather-tite fit.

WINDOW:

Rot-proof Pre-fit Windows of W. P. Pine with Labeled Glass, Bedded in Putty.

WEATHER-STRIP:

Interlocking—Rust-proof, which we believe to be the best on the market. Insures your heating investment.

TRIM:

Standard or Narrowline type of B&Better Kiln dried Yellow Pine. Each side cut to approximate length and bundled separately.

SCREEN:

Of Yellow Pine—13/16" thick—Mortice and Tenon construction—Dipped in a Rot-proof, Water-proof solution—Fitted, ready for hanging.

BALANCES:

Unique Sash Balances or Weights (round or flat) and chain. We recommend the Unique Balances.

PRIMED:

After being dipped in a Rot-proof solution, we believe to be the best, the frame is primed with Aluminum Paint.

DON'T LET LOOSELY MADE FRAMES, WITH OPEN JOINTS DESTROY THE EFFECTIVENESS OF YOUR INVESTMENT IN HEATING EQUIPMENT, INSULATION OR AIR COOLING SYSTEM. USE WEARN'S WEATHERTITE WINDOWS.

YOUR INQUIRIES OR INSPECTION OF THESE UNITS IS INVITED.

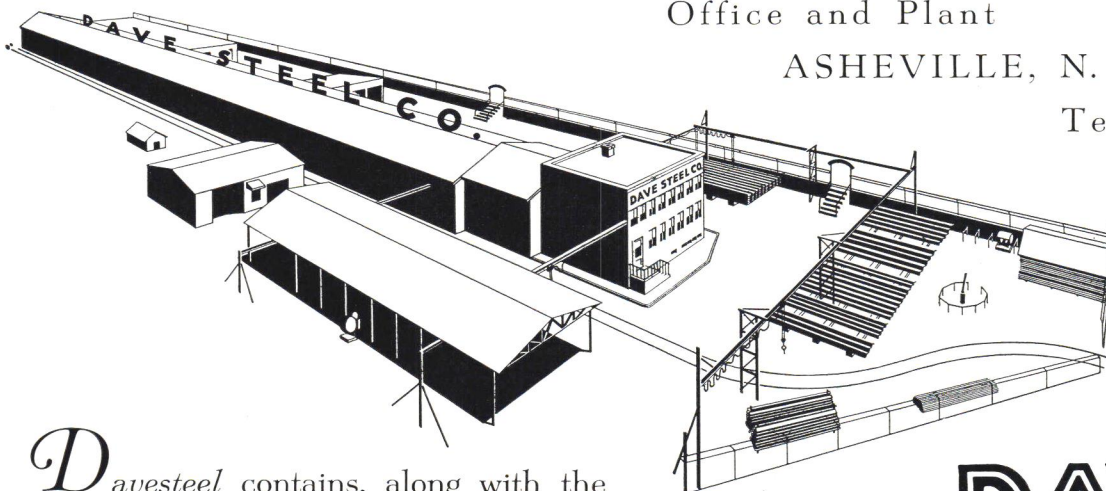

THE WEARN LUMBER CO.

QUALITY MILLWORK

BILTMORE FOREST

In the Mountains of North Carolina!

A community of homes permanently protected from the encroachments to which ordinary residential developments are exposed. Created out of the Vanderbilt Estate. Neighbor to Biltmore House . . . and surrounding Biltmore Forest Country Club and Golf Course.

*Land for Sale — Houses for Sale
Homes (Furnished, Unfurnished) for Rent
Your Inquires Cordially Invited*

Biltmore Forest is not a city . . . nor yet a suburb. It is a sanctuary for retired business men and active leaders of the professions and industry . . . a sanctuary where homes are set amid majestic trees in spacious grounds. May we tell you more about it?

St. Charles Borromeo Seminary, Overbrook, Pa.

A complete organization is maintained to co-operate with the Architect or Contractor. Preliminary estimates and samples promptly furnished without obligation. Experienced and practical granite men are available to give valuable advice and recommendations as to grade, style of finish, setting plans, details and other requirements.

The White Mount Airy Granite quarry has been operated since 1889 with shipments ranging up to as high as 3,000 carloads per year. The quarry and finishing plants are considered the largest and best equipped in the United States.

Specify and use White Mount Airy Granite with complete confidence. There is no better building material than granite — there is no better granite than White Mount Airy.

WRIGHTSVILLE

CAROLINA

WILMINGTON

FORT FISHER

Splendid fishing, bathing, dancing, tennis, golf on two fine courses open to visitors.

The scenic drive around Greenfield Lake, Gardens, and Park, in the City of Wilmington is a "thing of beauty and a joy forever."

Wilmington has many Colonial type buildings of pleasing architecture and points of historic interest. In Port Activity, Industry and Agricultural Development Wilmington Continues to Lead the Way.

The handsome residence used by Cornwallis as headquarters in 1781, home of Edward B. Dudley, the first Governor of North Carolina elected by popular vote, Orton Mansion, and ruins of St. Phillips Church in Brunswick County attract the attention of all visitors interested in architecture and buildings of pleasing design.
