### TAYLOR DOG GRATE

PATENT

MAKERS ALSO OF
"RATIONAL," "GIPSY" AND PAN FIRES.

Has the appearance of the ordinary dog grate, but none of its attendant evils of smoke, dust and waste—the pan for the fire rests upon the hearth and forms a hot air chamber beneath the bars. A concealed drawer for removing the ashes is provided. The vertical flue enables the fire to come well forward, so that the light and heat from the fire is reflected upon the tiled recess.
