GENERAL ARRANGEMENT

All entries are arranged alphabetically. Articles about a specific building are indexed under the **general building type** and crossfiled under "**ARCHITECT or DESIGNER**" and under **location, state or foreign country**. Under some headings subdivisions are made geographically or by subject. All other articles are indexed by subject and not necessarily by title. The person's name after "**by**" is that of the author of the article. The name in italics is that of the architect or designer. **NEWS, BOOKS REVIEWED, and NEW PRODUCTS** are not indexed. **RESIDENTIAL DEVELOPMENT** includes speculative and builder houses.
