Elegant & PRACTICAL FLOOR AND TABLE BOXES

Floor Boxes

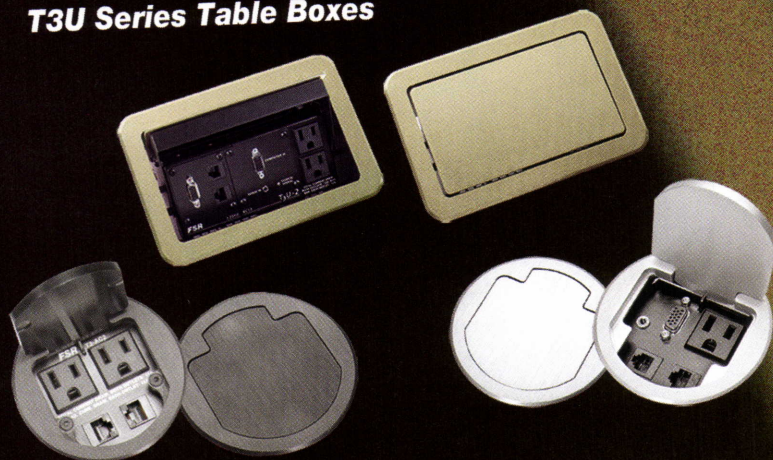

Designed for boardrooms, conference rooms and general meeting spaces, these boxes feature hand mitered brass or aluminum carpet edging. Designed for poured concrete floors, including slab on grade!

Raised Access Floor Boxes

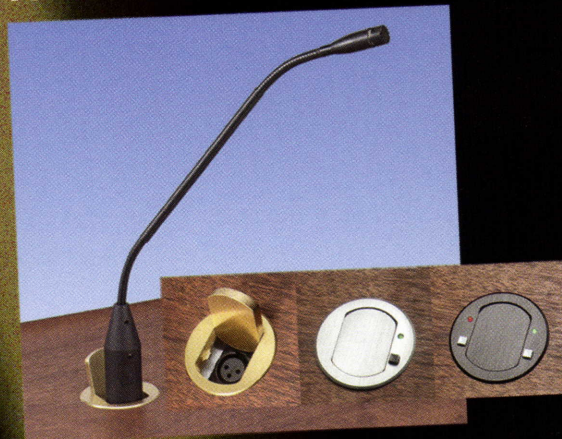

The all metal construction of these Raised Access Floor Boxes provides for one or two cable access doors, or a solid metal cover.

T3U Series Table Boxes

The T3U series of table boxes are small elegant additions for your conference tables, lecterns, and work spaces.

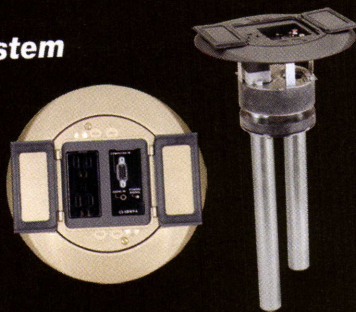

T3-MJ Series

Mount a gooseneck mic, house an RJ-45 connector, or mount a Crestron Crestnet cable assembly inside these mini table boxes.

Smart Fit Floor Box System

The Smart Fit floor box system is available as a poke-thru or a pour in place. It accommodates AC plus a variety of computer and video interfaces, IPS connector solutions. It also has a variety of carpet and tile cover options and is available in black, brass, or aluminum finishes.

Made in USA.

American Institute of Architects

Founded in 1857, The American Institute of Architects is the recognized advocate for the architectural profession in the United States.

With a membership of nearly 81,000 architects, interns and students, the AIA actively promotes the highest standards of professional ethics and advances the professional development of its members through continuing education. Speaking with a unified voice, the AIA represents architects in governmental and regulatory decisions that impact professional practice and the quality of life.

The North Carolina Chapter of The American Institute of Architects (AIA North Carolina) was founded in 1913 and is the largest statewide AIA chapter in the U.S. with over 2,300 members. The membership of AIA North Carolina includes about three-quarters of the architects who live in this state.

AIA North Carolina members work and live in every corner of the state, practicing in firms ranging in size from one to 400 persons. The membership is divided into seven geographical sections, located in Asheville, Charlotte, Eastern North Carolina, Piedmont (Greensboro/High Point), Triangle, Wilmington and Winston-Salem.

AIA North Carolina focuses its resources on five key areas, including:

GOVERNMENT AFFAIRS: With its offices located in a historic building less than one block from the State Capitol, AIA North Carolina is well-positioned to represent the architect's view in legislation and public policy development. AIA North Carolina opinions and positions are actively sought by lawmakers when dealing with legislation affecting construction, building codes and planning. Through a separate organization, AIA North Carolina maintains a well-funded political action committee.

PUBLIC AWARENESS OF

ARCHITECTURE AND THE PROFESSION:

Working through several volunteer committees and its local sections, AIA North Carolina actively pursues a concerted effort to help the public become more aware of architecture and the positive impact architects have on the built environment. The Chapter's annual Design Awards program is a prime opportunity to highlight to the public the finest work by North Carolina architects. Additionally, AIA local sections declare one week each year Architecture Week, hosting a wide variety of activities intended to engage and stimulate the public.

CONTINUING EDUCATION

AND PROFESSIONAL DEVELOPMENT:

Continuing education is a requirement for licensure renewal and for ongoing membership in the AIA. In 2008, the chapter will offer affordable and accessible programs dedicated to health-safety-welfare subject material. AIA members can participate in Knowledge Communities that specifically target career and practice needs ranging from health care facilities to historic preservation. The 2008 AIA North Carolina Design Conference, Being Green - Balance: 2030, scheduled for August 21-23 in Charlotte,

NC, provides architects a four-day opportunity for continuing education opportunities, professional development and networking amongst members from across the state of North Carolina.

MEMBER SERVICES: Publications and information are among the most valuable services available to AIA members. Members receive subscriptions to national publications such as Architectural Record and AIArchitect, along with the AIA North Carolina Architext newsletter.

Web sites are maintained at www.aianc.org and www.aia.org.

A weekly e-mail newsletter, News & Notes, is produced by AIA North Carolina for up-to-date information.

COLLATERAL ORGANIZATIONS: AIA North Carolina maintains and develops relationships with a host of organizations which impact the architectural profession including construction trade associations, state regulatory agencies, accredited schools of architecture and other licensed design professionals.

MISSION STATEMENT

The AIA is the voice of the architectural profession and the resource for its members in service to society.

BEING GREEN - Balance: 2030

2008 AIA DESIGN CONFERENCE

AIA North Carolina

Being Green

2008 Design Conference
Charlotte NC

Balance: 2030

AIA North Carolina 2008 Design Conference, Charlotte, North Carolina, August 21-23

This event was the only statewide design conference for 2008. This year's conference, Being Green - Balance: 2030 provided an excellent opportunity for members to reestablish their inspiration for practice and reinvigorate their passion for design, and provided the highest amount of Continuing Education units for hundreds of architect members in North Carolina in just 3 days!

This program brought together professionals in design, planning, interior design, economic development, business, and government to discuss their respective roles in meeting the AIA's 2030 initiative: carbon neutral buildings by 2030.

The conference began with pre-conference seminars dedicated to environmental design and sustainability, and continued with the 2008 AIA North Carolina Design Awards Gala, in the Westin Hotel Ballroom, on August 23. The conference included a members' luncheon that informed members of AIA North Carolina's newest strides toward the AIA 2030 goal with the creation of a sustainable new Headquarters Facility.

Information about the convention, the New Headquarters Facility, and Design Awards are available on the AIA North Carolina website: www.aianc.org.

President's Message

WAYNE CAMAS, AIA

Being Green: Balance 2030

A famous frog once stated: "It's not easy bein' green." I've often been inclined to agree. With the minimal (but growing) number of products on the market and the unfortunate perception that "green" design is tantamount to budget-busting madness, it's no wonder many designers sing the blues when it comes to green.

But 2008 brings many marked changes that will put architects at the forefront of sustainable design and technologies. Our National AIA campaign, "Walk the Walk" defines designers as "Leading the Sustainable Evolution." Our AIA 2030 initiative strives to push designers, engineers, and legislative decision-makers to commit to a carbon-neutral building environment by 2030. Right in North Carolina, our New Chapter Headquarters Facilities will break ground - literally and figuratively - by working toward LEED® certification, Committee on the Environment

(COTE) Sustainability Best Practices, and the 2030 Initiative. And at the annual Design Conference, to promote urban sustainability, we offered members the opportunity to use the CATS light rail system, saving money and gas while in town.

The keynote speakers addressed green issues and offered insights about technology and the way our profession will change to meet our climate challenges. The seminars (which offered over 15 hours of HSW credit!) focused on ideas and best practices to help you grow and sustain your business. And the Design Awards Banquet honored the best in Design Excellence that North Carolina has to offer.

The City of Charlotte provided a vibrant night life and an urban atmosphere for members to enjoy. We were proud to work with them in producing what is sure to be remembered as a fabulous - and earth-conscious - conference.

So is it easy to be green? Well, maybe you can decide that for yourself. I, for one, beg to differ with the frog...it seems it may be easier than we think, especially if we use our collective knowledge to create positive change. I'm sure many of you share that sentiment...so I look forward to the rest of 2008 and 2009!

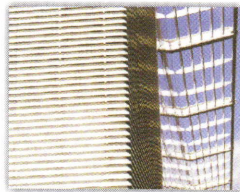

Wayne H. Camas

Our clients say it best.

"More of our clients may actually require BIM for all projects, and we will be way ahead of them on that count. Avatech helped to provide us with the roadmap to manage our successful implementation of Autodesk Revit and BIM. As our partner in this process, Avatech was instrumental in helping us understand and make the changes that were necessary to our success."

—Jon W. Covington, Architect
Covington Hendrix Anderson Architects

"We've been working with Avatech for years; I consider them a true and trusted partner. They understand all aspects of our business and how technology can work for us. Since they work with many other good architectural and engineering firms, they help us benchmark best practices. We rely on them to keep us abreast of trends and help us maintain design technology excellence."

—Ken Fisher, CAD Manager
Shive-Hattery

"We realize that making the successful move to BIM requires a depth and breadth of changes in our organization—the type of transition that involves a corresponding level of commitment throughout the organization. Having a partner like Avatech to help us understand and overcome the challenges is crucial."

—Gary Keep, CEO
SHW Group

AIA NORTH CAROLINA LEADERSHIP

Wayne H. Camas, AIA

President

Wayne Camas is the founder and President of Camas Associates Architects PA in Charlotte. Camas is a graduate of Clemson University with a Bachelor of Pre-Architecture and Master of Architecture with a Minor in City/Regional Planning. He has served in various AIA positions at the local and state level including President of the Charlotte Section, Chairman of the AIA Charlotte Architecture Week, member of the National Steering Committee for the 2002 AIA Carolinas Convention as well as the Host Chapter Party Planning Committee. On the state and regional level he co-chaired the Sponsorship Committee for 2004 Future Office and the Outside Events Committee of the 2003 SAR convention. He also co-chaired the Insurance Task Force for the Chapter. He has served on the AIA North Carolina Board for four years, serving as the 2007 AIA North Carolina Design Conference Chair. His professional affiliations include service on the City/County Smart Growth Committee, the Board of Directors of the Charlotte Repertory Theatre and the Advisory Committee for the College of Architecture at UNC-Charlotte.

Ann W. Collier, AIA

Vice-President

Ann W. Collier, AIA, is a partner and principal architect with the Rocky Mount based firm of Oakley Collier, Architects, P.A. A native North Carolinian, Collier received her Bachelor of Environmental Design in Architecture degree from the School of Design at North Carolina State University. Among her professional affiliations and activities, Collier includes past leadership on the AIA North Carolina Board of Directors as Public Relations Director (2000, 2001); membership on the Public Awareness Committee (1999-2005), as well as terms serving the AIA Eastern Section as President (2000), President-Elect (1999) and Secretary (1998). Ann has served two terms on Board of Directors for Tri-County Industries in Rocky Mount and maintains an active role within the local business communities of Nashville and Rocky Mount. Currently, Collier serves as State Treasurer for the North Carolina Educational Facility Planners (NCEFP) and is a member of the Council of Educational Facility Planners, International (CEFPI).

J. Michael Cox, AIA

Treasurer

Mike Cox is a founding principal with Architectural Design Studio, an Asheville architectural firm established in 1981, specializing in the planning, design and renovation of K-12 schools. He received his Bachelor of Architecture from the University of Tennessee, Knoxville in 1971 and Master of Architecture from the University of California, Berkeley in 1973. Cox served as president of the Preservation Society of Asheville and Buncombe County and Chairman of the Historic Resources Commission of Asheville and Buncombe County. Currently he is a member of the Council of Educational Facilities Planners International and is regional director for the North Carolina Educational Facilities Planners. He is twice president of AIA-Asheville (1979 & 2002.) In 2006 and 2007 he served on the AIA NC Facilities Task Force and as AIANC Director for Continuing Education.

Matthew D. Messick, AIA

Secretary

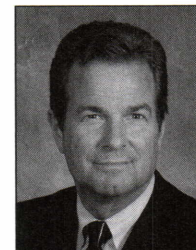

Matt Messick is a Partner with Walter Robbs Callahan & Pierce Architects, PA, in Winston-Salem. Matt received his Bachelor of Architecture with honors from NC State University in 1991. He was the recipient of the RTKL Fellowship and the Walter Robbs Callahan and Pierce Scholarship. Since 1998, he has served on the Board of Directors for the AIA NC Winston-Salem Section, AIA Insurance task Force Committee, Continuing Education Committee, 2006 Design Awards Committee Chair, and as a Director on the AIA NC Board of Directors. He has been active in a variety of organizations on the Greensboro / Winston-Salem Area.

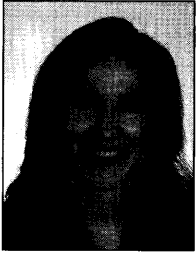

Walton R. Teague, AIA

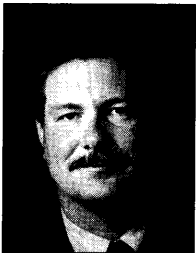

Immediate Past President

Walt Teague is a Partner and Principal Architect with the firm Teague Freyaldenhoven Freyaldenhoven Architects & Planners, LLP (TFF Architects). With a Business Administration and Marketing degree, he began his first career in a marketing position in an architecture-related business. His personal interest in architecture led Teague to complete a Masters in Architecture at North Carolina State University, and he has been working in the field of architecture for the last 17 years. Teague has been actively involved in AIA Piedmont and AIA North Carolina. His involvement included serving on the Public Awareness Committee for seven years, serving as a Director of the AIA North Carolina Board of Directors, serving as a member of the Board of Directors of the AIA North Carolina Political Action Committee, and serving as the co-chair of the AIA North Carolina Facilities Task Force.

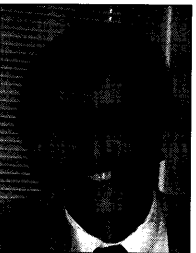

**Julie McLaurin, AIA***Director, Collateral Organizations*

Julie McLaurin is an associate with O'Brien Atkins Associates, PA in RTP. She received her Bachelor of Environmental Design in Architecture in 1989 and her Bachelor of Architecture in 1990 from North Carolina State University. While at North Carolina State University, she served as president for AIAS in the 1989/90 school year. McLaurin has served AIA Triangle as section secretary, treasurer, president elect and as president in 2005. McLaurin has also been involved with numerous professional and community organizations over the years. As director, she chairs the Collateral Organizations committee. She and her daughter, Charlotte, live in Morrisville, NC.

**David Moore, AIA***Director, Continuing Education*

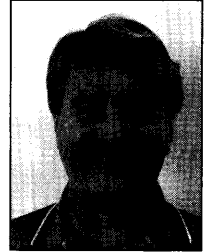

Dave Moore graduated from Texas Tech University in 1981. A Principal and Director for Calloway, Johnson, Moore & West, Moore has 25 years of experience in corporate / speculative office design. He specializes in large scale projects. Moore's portfolio of CJMW projects includes the UNC Chapel Hill Kenan Flagler Business School McColl Building, UNC Chapel Hill Rizzo Conference Center, UNCG School of Music Building, the North Carolina School of the Arts Recital Hall and the New Alumni Association Building and Visitor Center, both at NC State. Recent projects include the renovation of Memorial Hall at UNC Chapel Hill and the new YWCA at the gateway in Winston-Salem.

**Chris Boney, AIA***Director, Member Services*

Chris Boney is a Principal with LS3P in Wilmington. He received his undergraduate degree in Architecture from the College of Design at North Carolina State, and a Master of Architecture degree from the University of Virginia. While in Virginia, he was the recipient of the Pristo Award for academic excellence, and was elected graduation speaker by his peers. He is currently serving on the City of Wilmington Planning Board. He has recently completed terms as President of the Wilmington Section of AIA North Carolina, Intern Development Coordinator for AIA North Carolina, and National Advisor to the AIA Young Architects Forum. He has been active in his community, serving as Trustee for the Wilmington Children's Museum, Thalian Hall Center for the Performing Arts, Historic Wilmington Foundation, and the Historic Preservation Commission.

Hugh Sutphin, AIA*Director, Public Relations*

Hugh Sutphin, AIA, is a Principal with Efird Sutphin Pearce & Associates, P.A., in Greensboro. He has served AIA North Carolina in many capacities since 1999; beginning with his participation with AIA Piedmont (Secretary, President-Elect, President, Past President and Interim President) and most recently lending his efforts to the AIA North Carolina Facilities Task Force in 2006 and 2007. He is a graduate of NC State University, where he received his Bachelors of Environmental Design in Architecture; and an alum of the University of Colorado where he received his Masters of Architecture.

**Ashley Wood***Director, Associates*

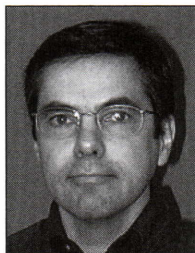

A recent graduate of the UNC Charlotte School of Architecture (formerly the College of Architecture), Ashley is an employee of Shook Kelley, where she is exploring a career in urban planning and brand development. In 2003-2004, she served as the UNCC AIAS President, and sat on the AIA Charlotte board as the Student Liaison. In 2004-2005, Ashley served as the South Quad Director and sat on the national AIAS board. During her term, she has the opportunity to provide input to various initiatives, including the Studio Culture Summit, a result of the Studio Culture Report that has led to the passing of the 13th condition for accreditation for architecture programs. She eagerly serves the associate membership of AIA NC in a similar capacity.

**Anthony Hersey, Associate AIA***Director, JAF (ex-officio)*

Anthony Hersey is a graduate of the University of Kansas, and has worked for Odell Associates, Inc. located in Charlotte, North Carolina, for four years. He is currently an Associate member of AIA and is a Director with the AIA Charlotte Board of Directors. Anthony has been involved with AIA Charlotte since 2002, holding multiple leadership positions on committees and helping to organize various organizational and community events. These activities range from chairing the Charlotte chapter of the Young Architects Forum to organizing the highly publicized Design Walk of Fame for the 2002 AIA National Convention in Charlotte. In 2004, he led the effort to organize Barkitecture, a highly successful AIA Charlotte design competition and fundraiser for the Humane Society that showcased the multiple design talents of local firms and design professionals. Anthony has recently completed IDP and plans to take the ARE this year.

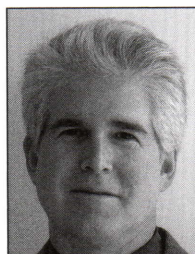

AIA NORTH CAROLINA LEADERSHIP

John S. Fisher, AIA, LEED AP

Asheville Section President

John Fisher is president of Fisher Architects, PA of Asheville. He received his Bachelor of Architecture degree from the University of Tennessee and practiced with Cooper Carry & Associates of Atlanta prior to moving to Asheville in 1987. He then worked with Spaceplan Architects of Asheville until founding his office in 1992. Fisher Architects has grown to a staff of nine specializing in historic restoration, office, retail and mixed-use developments. The office is also focused on sustainable design, and Fisher has become a LEED Accredited Professional. He has been quite active in the community, having served on the Historic Resources Commission and the Board of Directors for the Grove Arcade Foundation. He and his wife Jill have two grown children, Emily and David.

Michael Derrig, AIA

Asheville Section President-Elect

Michael Derrig is an Associate Architect at the Asheville office of Calloway Johnson Moore & West, P.A. He is a graduate of Iowa State University and also studied in Bath, England.

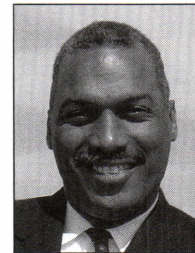

Michael served on the Governor's Design Team in Minnesota for several years and has also served on the Heritage Preservation Commission in Minneapolis.

Since moving to Asheville, Michael has been active with Habitat for Humanity and has participated on mission trips to reconstruct homes in Mississippi and Virginia. Michael has been active with the Asheville AIA Section the last two years as a member of the Executive Committee.

Darrel J. Williams, FAIA

Charlotte Section President

Darrel J. Williams, FAIA, was born in New Orleans, Louisiana. He grew up in Baton Rouge, Louisiana, where he attended Southern University, receiving a Bachelor of Architecture degree in 1979. He is a founding principal of Neighboring Concepts, a multi-disciplinary design firm, founded in 1996. Neighboring Concepts has been successful combining urban planning, architecture and real estate development services to transform urban communities. From 1994 to 2002, Williams was elected to four terms as a Mecklenburg County Commissioner. From 1996 through 2002, Williams served on and chaired several national committees during his leadership with the National Association of Counties where he led several key initiatives related to smart growth, housing, and community/economic development. As an architect and elected official, he has been successful in bridging the gap between the physical and social challenges facing urban communities.

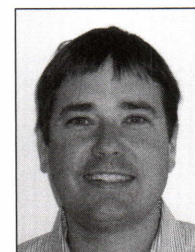

John Kincheloe, AIA

Charlotte President-Elect

Jonathan B. Kincheloe, AIA, LEED AP, an architect with 12 years experience is an Associate Principal and Studio Leader for the Envision Studio in Charlotte, North Carolina. Mr. Kincheloe has project and design experience with a multitude of project and building types including: professional and medical office buildings, interior mall renovations, neighborhood retail centers, banking facilities, mixed-use urban projects, hotels and tenant upfit projects.

Mr. Kincheloe graduated with a Bachelor of Science in Architecture from Georgia Institute of Technology in 1993. He went on to obtain his Master of Architecture degree from Georgia Tech in 1996. He became a registered architect in 2000 and a USGBC LEED Accredited Professional in 2006. He is member of ICSC and is CDT certified. Mr. Kincheloe will serve as AIA Charlotte Section President in 2009.

K.C. Underwood, AIA*Eastern Section President*

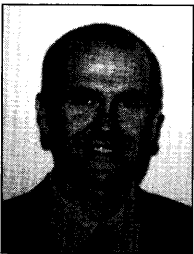

Jonathan B. Kincheloe, AIA, LEED AP, an architect with 12 years experience is an Associate Principal and Studio Leader for the Envision Studio in Charlotte, North Carolina. Mr. Kincheloe has project and design experience with a multitude of project and building types including: professional and medical office build

Shermin Ata, AIA*Piedmont Section President-Elect*

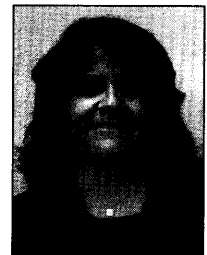

Shermin Ata, AIA, NCARB has launched her own practice Shermin Ata, Architect, PLLC, and located her office at the Nussbaum Center in Greensboro. Ata has 25 years of local and international experience in architectural design and project management, specialized in commercial, medical and government projects.

**Benjamin A. Cahoon, AIA***Eastern Section President-Elect*

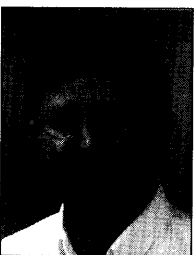

Ben Cahoon is a partner with the Nags Head firm of Cahoon and Kasten Architects, PC. From 1984-1987 he interned with noted Raleigh firm Burnstudio and received his Bachelor of Architecture from North Carolina State University in 1988. Prior to election as President-Elect he served as Eastern Section Secretary. A specialist in wind-resistive construction he has been a speaker at several National and State Hurricane Conferences. Civic activities have included membership on the Outer Banks Transportation Task Force, the Dare County Higher Education Task Force, the First Flight Centennial Committee and Chairmanship of the Chamber of Commerce. He is a founding Director of the UNC Coastal Studies Institute Foundation.

**Ellen Weinstein, AIA***Triangle Section President*

Irv Pearce, a founding principal of PBC+L, joined the firm (formerly Haskins and Rice Architects) as head of their construction administration department. He now serves as a project manager in addition to construction administration duties. Pearce has a background in construction as a project manager for a construction company on a fifty million dollar pharmaceutical plant, an owner's representative on a sixty million dollar airport terminal and as an architect and project manager on the below mentioned projects. This experience has given him the background to appreciate all sides of the construction industry, enabling him to manage projects that represent the best value available for PBC+L clients. Irv Pearce is the current president of AIA Triangle, having previously served as a board member, secretary and treasurer. He has also served as past president of International Focus, Inc. and a board member for the Raleigh City Museum. Mr. Pearce was Project Manager for the renovations and additions to Raleigh Memorial Auditorium and the Progress Energy Center for the Performing Arts.

**Idris Kadircan, AIA***Piedmont Section President*

Idris Kadircan, AIA, born in Ankara, Turkey, has been residing in the U.S. since 1970. Mr. Kadircan spent his Junior- and High-School years in upstate New York, where he went on to live and practice architecture. He has lived and worked in Connecticut, Florida, and North Carolina, and has worked in Istanbul, Turkey (1995-1997.) He currently resides in Greensboro, NC where he is employed as the In-House Corporate Architect for The Fresh Market. He specializes in retail architecture. 2007 marks his first year serving as a member of the AIA Piedmont Board of Directors.

AIA NORTH CAROLINA LEADERSHIP

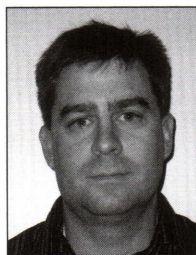

Mark Reyer, AIA

Triangle Section President-Elect

Mark is an architect/senior project manager in the Raleigh Office of LS3P ASSOCIATES, LTD. He studied architecture at North Carolina State University's College of Design where he received both his Bachelor of Environmental Design in Architecture and Master of Architecture degrees and received the Kamphoefner Fellowship, O'Brien/Atkins Fellowship and the AIANC Student Award. For the past 19 years he has made the Triangle his home – working in several design firms as a designer/ project architect on a variety of public and private projects, which have received several local, state and regional design awards.

Mark has been active member of the AIA Triangle Section of AIA North Carolina. He was coordinator of the Triangle Young Architects Forum from 2000-2005. He has served on the Board of Directors since 2004 and is currently serving as President-elect. He has also served on the AIA Triangle Design Awards Committee from 2003 - 2007, chairing it in 2006, and been a member of the AIA Triangle/NCSU School of Architecture Joint Lecture Series Committee since 2000. Mark is also serving on the AIANC Public Awareness Committee.

Mark lives in Cary, North Carolina with his wife Sue and his twin 9 year-old sons, Colin and Evan.

John R. Wojciechowski, AIA

Wilmington Section President-Elect

John R. Wojciechowski, AIA, is a project architect at Michael Moorefield Architects in Wilmington. John received his Masters of Architecture degree from Tulane University School of Architecture in 1995 and relocated to North Carolina in 2001. John has previously served as the Treasurer for the AIA Wilmington Section in 2006.

Scott P. Ogden, AIA

Wilmington Section President-Elect

Scott Ogden, AIA is a founding partner in B & O design studio, pllc- a Wilmington-based firm focusing on sustainable buildings and landscapes. Scott has earned degrees in architecture from Harvard University's Graduate School of Design (M.Arch) and the University of Cincinnati/DAAP (B.Arch). After work experience on both coasts in design + construction, he settled in Seattle, received licensure, & eventually founded an architectural practice there for over five years. Relocating to the NC coast in 2005, he has over twenty years of experience in residential, commercial, and institutional work. He has served on the board of AIA Wilmington, the Cape Fear Green Building Alliance (CFGBA) board, and is also NCARB certified.

David M. Wright, AIA

Winston-Salem Section President

David Wright is a Project Architect with CJMW Architects in Winston-Salem. He received his Master of Architecture degree from the University of South Florida – School of Architecture and Community Design, in Tampa, FL. Since relocating to North Carolina from Florida in 2002, he has completed licensure and is pursuing interests in sustainable design and education, and increasing his community involvement. David has a wide range of experience with adaptive re-use, institutional, and corporate projects; current projects include the McMichael Civic Center, Old Salem Heritage Education Center, and My Aunt's House at the Children's Home. He has been member of the AIA Winston-Salem Board since 2005 assisting with the creation of a local COTE; he also serves on the Legislative Committee, COTE, ArchIPAC, and NC Sustainable Design Coalition on the state level.

Joseph Bircher, AIA

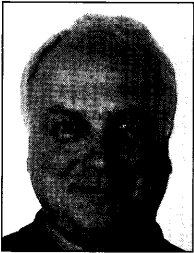

Winston-Salem Section President-Elect

Joe Bircher, AIA is a partner with Walter Robbs Callahan & Pierce Architects, PA in Winston Salem.

He earned a Bachelor of Art in Architecture degree from UNCC in 1983 and a Master of Architecture degree from Columbia University in 1986 followed by a two year internship with Skidmore Owings and Merrill in the New York office for over two years before coming to North Carolina in 1988.

Since joining WRCP in 1988, Joe has been involved on a wide range of corporate and institutional projects ranging from university libraries, classroom buildings, sports facilities and residence halls to parking structures and office buildings.

Kenneth A. Lambla, AIA

University Representative

Ken Lambla, AIA is Dean of the College of Architecture, UNC Charlotte, where he also served as Chair from 1997-2002. He received his Bachelor of Environmental Design degree from the University of Kansas, and his Master of Architecture degree from the University of California, Berkeley. His career in both education and practice is focused on architecture as community development and advocates social responsibility, craft, and innovation and has taught in Illinois, California, Canada and North Carolina. His teaching has focused on design, design process, and history. He has worked as an architect and urban designer in Belfast (Northern Ireland), Chicago, San Francisco, and during his tenure at UNC Charlotte throughout North Carolina on educational and institutional projects. As Co-Director of the "Elizabeth Urban Design and Transportation Study" (Charlotte), he won a national ASLA award and used this research in advocating zoning changes in Charlotte. He has directed architectural programs in London (UK), The Netherlands, France, and Italy, as well as being foreign resident director for university programs. His research has focused on social histories of housing projects completed in Chicago and Rotterdam, The Netherlands.

Robin Abrams, PhD

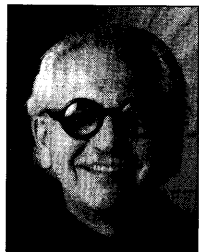

University Representative

Dr. Robin Abrams, AIA, ASLA, has been selected as the result of a nationwide search as the first female head of the School of Architecture in North Carolina State University's College of Design.

Abrams was previously an assistant and associate professor of architecture at Texas A&M University while maintaining a professional practice in urban design. Most recently she served as associate department head in the Department of Architecture. Previously she was chair of the Bachelor of Environmental Design program, the Master of Architecture program, and the Ph.D. program, as well as coordinator for the London Summer Study Abroad Program. In addition to her tenure at Texas A&M, Abrams served as Visiting Associate Professor in the Master of Landscape Architecture program at The University of Texas and Visiting Lecturer in the Department of Landscape, Faculty of Architecture at the University of Sheffield, England.

She is a registered architect and a registered landscape architect who holds membership in both The American Institute of Architects and the American Society for Landscape Architects.

Abrams received her bachelor's degree in urban studies from Northwestern University, her master of science in urban and regional planning as well as her master of architecture from The University of Texas at Austin, and her Ph.D. in Landscape Studies from The University of Sheffield, England.

Marvin J. Malecha, FAIA

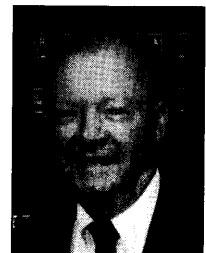

University Representative

Marvin J. Malecha, FAIA, was appointed dean of the College of Design at N.C. State University in 1994. He holds a bachelor of architecture from the University of Minnesota and a Master of Architecture from Harvard University. Malecha is an Association of Collegiate Schools of Architecture (ACSA) Distinguished Professor. In 2006 AIA sponsored his book, The Learning Organization and the Evolution of Practice Academy Concepts. Malecha is the 2003 Topaz Medallion Laureate for Excellence in Architectural Education awarded by the AIA and the ACSA. In 2002, he was awarded the National Council of Architectural Registration Boards' (NCARB) Prize for creative integration of practice and education in the academy. Malecha is a distinguished alumnus of the University of Minnesota, College of Architecture and Landscape Architecture. Prior to his appointment at N.C. State, Malecha was dean for 12 years of the College of Environmental Design at California State Polytechnic University, Pomona. Malecha has served as president of the ACSA and the California Council of Architectural Education and has served as a master juror for NCARB and on the National Architectural Accrediting Board. As an architect, he gained experience working with the firm of Hugh Stubbins and Associates in Cambridge, Mass. He maintains a consulting practice while acting as an academic administrator.

Samuel H. Johnson, Esq.

Legal Counsel

Sam Johnson has served as legal counsel for AIA North Carolina since 1985. He is senior partner in the Raleigh law firm of Johnson, Hearn, Vinegar, Gee & Glass, PLLC and an honorary affiliate member of AIA North Carolina. A past member of the North Carolina General Assembly, Johnson is the AIA lobbyist at the General Assembly. He is past chairman of both the House Appropriations Committee and the House Judiciary Committee, and he has served as a UNC Board of Trustees member. Johnson received his undergraduate and law degrees from the University of North Carolina.

AIA NORTH CAROLINA LEADERSHIP

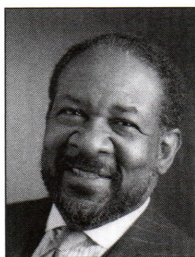

South Atlantic Regional Council

The leadership of AIA North Carolina, along with representatives from AIA Georgia and AIA South Carolina, participates in the South Atlantic Regional Council (SARC). SARC enables the AIA components in the South Atlantic Region to share ideas and also maintain liaison with national activities of the Institute.

South Atlantic Region directors serve rotating three-year terms with representation shared equally among the three states. SAR directors attend all Institute Board meetings and also travel the three-state region as a means of communicating and sharing information with AIA members.

SARC convenes at least three times a year. Every three years, SARC hosts a regional convention. The most recent convention was held in October 2003 in Savannah, GA. The next SARC convention will be hosted by AIA North Carolina in 2006.

The South Atlantic Region has two representatives who serve on the Institute Board of Directors. In 2004, those individuals are:

William J. Stanley, III, FAIA, NOMA

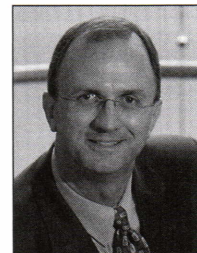

South Atlantic Region Director

Mr. Stanley was educated at the Georgia Institute of Technology and in 1972 became the first black graduate of its College of Architecture. In 1975 he became the youngest African American ever to receive an architectural registration in the South. Mr. Stanley began his private architectural practice in 1977 with his wife Ivenue Love-Stanley, FAIA. Over the years the firm has grown to become one of the largest African-American practices in the country concentrating in architecture, planning, program management, and interior design throughout the U.S. and abroad. Mr. Stanley has lectured and served as a visiting critic and jury member throughout this country, in Europe, and in Africa; his work has been featured in numerous books and periodicals. Mr. Stanley is a past National President of the National Organization of Minority Architects; past President of 100 Black Men of Atlanta and AIA Georgia; past member of Architectural Record Magazine's Advisory Board, Georgia Institute of Technology's National Advisory Board and its Alumni Association Board of Trustees; member of the National Board of Planned Parenthood Federation of America, Southwest YMCA Board, St. Paul A.M.E. Church Trustee and Steward's Board, Sigma Pi Phi Fraternity's Kappa Boulé and Atlanta Life Financial Group Corporate Board; Secretary of the Morris Brown College Board of Trustees; Chairman of the Herndon Foundation Board; and numerous other affiliations.

Edward T. Zeigler, Jr., AIA

South Atlantic Region Director

Ed Zeigler is president and chief executive officer of Craig Gauden Davis, a Greenville, S.C., firm specializing in education, cultural, religious, civic, libraries, and commercial Projects throughout the region. The firm is responsible for the Greenville County Main Library, its County Museum of Art, and the Peace Center for the Performing Arts. Elsewhere around the state, CGD's projects include the Brookgreen Gardens Visitors Center (Pawley's Island) and the Worship Center for the First Baptist Church (North Augusta). Currently, CGD is designing one of the nation's first Ray and Joan Kroc Corps Community Centers for the Salvation Army.

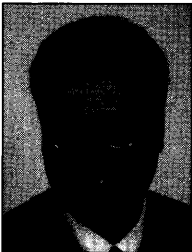

Ed attended Clemson University, earning BA and March degrees. He joined the Wells Law Group Architects after graduation, followed by Hughes and Beattie Architects prior to joining CGD in 1983.

He was elected treasurer of the Greenville section (1991), followed by terms as its secretary (1992), vice president (1993), and president (1994). Ed was also elected to office at the state component level, as a member of its board (1993-1995), vice president (2001), and president (2002). He was a member of the state's long range planning committee (2003-2005) and the Past Presidents' Society (2007). Regionally in 2001-2002 Ed was on the state's national convention committee for the Charlotte, N.C., event.

Ed is married to Susan M. Zeigler, who serves as Financial Manager at Craig Gauden Davis. They have two children. Claire Gray Zeigler is a 2007 graduate of Savannah College of Art and Design and is working in Charlotte as an interior designer with LS3P Associates, LTD. Tate Weston Zeigler is a junior, political science major at Furman University.

AIA NORTH CAROLINA STAFF

David A. Crawford

Executive Vice President

David Crawford joined AIA North Carolina at the beginning of 2001 after serving as director of Professional Practice and assistant director of Government Relations with the AIA California Council for four years. Crawford received his B.A. in Political Science from California State University, Fullerton. He sat on the Board of Directors of the two accredited architecture schools in San Diego for five years, served on various city and regional advisory committees and has been conferred honorary membership in the AIA from the San Diego Chapter and the California Council. He is a member of the American Society of Association Executives and in 2006, served as the President of the AIA National Council of Architectural Component Executives (CACE). He has also previously served as chair of California CACE.

Jo Ellen High

Business Manager

Jo Ellen High joined the AIA North Carolina staff in August 1989. Some of her duties as business manager include managing the financial records, serving as staff liaison for the annual design awards program, maintains records for AIA North Carolina's Political Action Committee, and supervising the staff and personnel records. For five years prior to working with the AIA, High held a financial position with the Biblical Recorder, the news journal for the Baptist State Convention, headquartered in Raleigh. High attended Business College and received an accounting certificate in 1970. She has previous experience in the fields of insurance and mortgage banking.

Marynell Gehrke

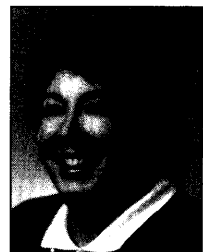

Director of Special Events

Marynell Gehrke joined the AIA North Carolina staff in January 1995 after working since 1992 with Olson Management Group, an association management company. As director of special events, Gehrke acts as staff liaison for the convention (Summer Design Conference) and handles all AIA North Carolina meeting and conference planning. Gehrke received a B.S. degree from the University of North Carolina in industrial relations in 1984.

Kathie Rainey

Director of Member Services

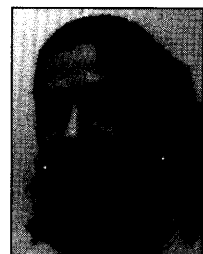

Kathie Rainey joined the staff of AIA North Carolina in 1998 and has more than 20 years of administrative and customer service experience. A graduate of Lees-McRae College in Banner Elk, Rainey was raised in Southern Pines. Her responsibilities with AIA North Carolina include processing new members and maintaining the membership database, management of AIA Document sales and the yearly organization of the Firm Listing database.

Heather Q. Vance, AICP

Director of Communications

Heather Q. Vance joined AIA NC as the Communications Coordinator in 2005. Heather received her B.S. in Urban Studies from the College of Design, Architecture, Art, and Planning (DAAP) at the University of Cincinnati, and is certified by the American Institute of Certified Planners (AICP) to practice Urban Planning. She has worked with planning, design and engineering firms in Ohio and North Carolina. Her skills with communications and graphics have been honed through public meeting organization and facilitation. She uses these skills as a part of the AIA NC staff to offer members services for sharing information throughout the state. Her major responsibilities include the production of the Architext newsletter, maintenance of the AIA NC website, email updates to AIA members through the News & Notes; AIA North Carolina external relations, and the promotion and marketing of AIA North Carolina ongoing and special events. She serves as a liaison to two member committees: Public Relations, and Continuing Education.

Amanda S. Danchi, APR

Communications and

Continuing Education Manager

Amanda S. Danchi joined AIA North Carolina in August 2008. Amanda holds a BA in Communications from North Carolina State University and is Accredited in Public Relations (APR) by the Public Relations Society of America. She has worked in association management since 1986, most recently as the Executive Director of the AIA Redwood Empire chapter in California. She has also worked with the NC Association of CPAs and the North Carolina Academy of Family Physicians. Amanda will be working with AIANC's publications, web maintenance, and press releases. She will also work with the Continuing Education Committee in planning and implementing programs for the CE Academy, including recruiting faculty, record-keeping and meeting planning.

AIA NORTH CAROLINA STAFF

Beth Resler Walters

Executive Director, AIA Charlotte

Beth Resler Walters has been named executive director of AIA Charlotte. She has a blend of skills well-suited to the role, from reporting and editing for both print and broadcast media, to corporate public relations and PR consulting, to membership management for a Charlotte cultural organization. Beth has been a reporter for the Washington Post, the Miami Herald, UPI and an ABC affiliate in Minnesota, and was a freelance reporter in Vietnam; she also was an editor for The Charlotte Observer. She was a regional PR director for JCPenney and had her own PR consulting/professional writing firm. She has a bachelor's degree from the University of Oklahoma and has begun a master's in religion at Wake Forest. She is married and has a daughter, a student at LSU.

Michelle Marks

Executive Assistant, AIA Wilmington

Michelle Marks has been with LS3P/Boney Architects since June of 2005. She is the Administrative Assistant for Chris Boney. She joined AIA Wilmington as the Executive Director in December 2006. She is a Wilmington native where she resides with her husband and her 4 year old son, Nicholas. She enjoys bicycle riding and boating with her family and anything associated with living on the coast.

Contact information for AIA Wilmington is:
c/o LS3P/BONEY
2528 Independence Blvd., Suite 200
Wilmington, NC, 28412
Tel: 910-790-9901 Fax: 910-790-3111
Email: MichelleMarks@ls3p.com

Dee Brown

Administrative Assistant, AIA Piedmont

Deloris J. Brown is a graduate of Miles College in Birmingham, Alabama, where she received her Bachelor of Science Degree in Business Administration with a Minor in Economics. She also received a Masters Degree in Management and Business Administration from Fairleigh Dickinson University in Madison, New Jersey. She is a graduate of Building Owners and Managers Institute (BOMI), with certifications in Real Property Administration and Facilities Management Administration; and is a graduate of Challenge Greensboro, a program of the Greensboro Education and Development Corporation. Currently, she is an authorized trainer for the National Center for Neighborhood Enterprise in Washington, D.C. in addition to serving her role as Administrative Assistant to the Piedmont Section.

The contact information for AIA Piedmont is:
5305 Radbrook Drive
Greensboro, NC 27406
Ph: 336.674.8920
Email: hbrown1@triad.rr.com

Mary Fierle

Executive Manager, AIA Asheville

Mary Fierle serves as Executive Manager to the Asheville section of the American Institute of Architects. A former Business Development Coordinator for the City of Asheville's Downtown Development office, Fierle also worked as staff coordinator for the City's Urban Trail program. Prior to moving to Asheville in 1993, she was Public Relations Manager for the Historic Savannah Foundation in Georgia. She has worked in public relations for nearly 20 years, and has held positions with Marriott Corporation, Carnival Cruise Lines, the 1982 World's Fair and the Atlanta Braves. She has a BS degree in Public Relations from Georgia Southern University. Fierle lives in Asheville with her husband, Tim, an architect and AIA member with Buncombe County School System, and their two young children.

Contact information for AIA Asheville is:
9 West Street Ext.
Asheville, NC 28801
Ph: 828-253-6014
Email: maryfierle@bellsouth.net

Diane S. Williams

Executive Manager, AIA Triangle

Diane Williams is the Executive Manager for AIA Triangle, a section of the North Carolina Chapter of the American Institute of Architects. Williams received her BS in Education from Ohio State University in Columbus, Ohio. She has more than eight years of association management experience working as Executive Director for the Pitt County Medical Association and the Seaboard Medical Association. In addition, Williams has 11 years of marketing and newspaper experience, working as the Circulation Director for The Daily Reflector in Greenville, NC.

The contact information for AIA Triangle is:
302 Versailles Drive
Cary, NC, 27511
Ph: 919-463-0333, Fx: 919-463-0588
Email: aiatriangle@bellsouth.net

Whom to Call for What

The following is a subject list and quick reference to help locate the AIA North Carolina staff member who can best help you with your questions and inquiries. All AIA North Carolina staff members can be reached at: 919-833-6656.

Elegance Carved in Stone ...

There is no substitute for the warmth and beauty of natural hand carved stone. Its use in architecture is ancient, yet timeless.

At DeSantana Stone Company, we are proud of our reputation as the authority on hand carved architectural stone.

We are the hands-on professionals, totally committed to your project till the last stone is in place.

Whether you need a lot of stone or a little, we are here to help.

FOR USEFUL INFORMATION ON THE PROCESS
ASK FOR YOUR COPY OF OUR BOOK OF IDEAS.

Chapter Awards and Honors

AIA North Carolina announced the 2007 Chapter Award winners at the annual Design Awards Banquet held on the evening of Friday, September 14, 2007 at Tryon Palace in New Bern, North Carolina.

A five-person Awards committee, appointed by the Chapter president and chaired by the immediate past president is responsible for reviewing the nominations and selecting a recipient.

AIA North Carolina – F. Carter Williams Gold Medal

This is the highest honor presented by the Chapter to a member of AIA North Carolina. It is awarded to an individual in recognition of a distinguished career or extraordinary accomplishments as an architect. The Gold Medal was created by the Board of Directors in 1976. The first recipient was Luther Snow Lashmit. Until 1998, Lashmit was the only architect to receive this award. It was at that time re-named in honor of the late Raleigh architect F. Carter Williams, FAIA. The Williams family has established an endowment in support of the Gold Medal.

F. Carter Williams, FAIA

ELIGIBILITY: A current or deceased member of AIA North Carolina is eligible to receive the Gold Medal. No more than one such award shall be made in any year. Individuals who are current members of the Chapter Board, one year removed from the Board or members of the Awards committee are ineligible for consideration.

NOMINATIONS: Nominations may be made by members, the public, or by AIA North Carolina sections.

Please contact AIA North Carolina at 919-833-6656 for nomination deadlines. Nominations should include the following information:

- A nomination letter that summarizes the contributions made by the individual

- A brief biography of the nominee not to exceed four pages
- Miscellaneous material (clippings, articles, etc.) not to exceed three pages
- Letters of support, not to exceed five, from AIA North Carolina members; letters should be explicit in their recommendation and contain specific reasons for support.

GOLD MEDAL RECIPIENTS

1976	Luther Snow Lashmit, AIA, Winston-Salem
1998	Lloyd G. Walter, Jr., FAIA, Winston-Salem
1999	J. Hyatt Hammond, FAIA, Greensboro
2000	Marley P. Carroll, FAIA, Charlotte
2001	Herbert P. McKim, FAIA, Wilmington
2002	Jeffrey A. Huberman, FAIA, Charlotte
2003	Charles H. Boney, Sr., FAIA, Wilmington
2004	S. Scott Ferebee, FAIA, Charlotte
2005	John L. Atkins, FAIA, Research Triangle Park
2006	Macon S. Smith, FAIA, Raleigh
2007	Paul D. Boney, FAIA, Wilmington

AIA NORTH CAROLINA FIRM AWARD

The AIA North Carolina Firm Award shall be awarded to a North Carolina firm that has consistently produced quality architecture with a verifiable level of client satisfaction for a period of at least 10 years as an established presence in this state. This award is the highest honor the Chapter can bestow upon a firm.

ELIGIBILITY: North Carolina architectural firms practicing under the leadership of either a single AIA North Carolina member principal or several AIA North Carolina member principals are eligible for the Firm Award. In addition, firms that have been reorganized and whose name has been changed or modified are also eligible, as long as the firm has been in operation in North Carolina for a period of at least 10 years. Although firms that are headquartered in other states or firms that perform the majority of their work in other states or countries are eligible, the firm's work and impact within the state of North Carolina shall be of primary consideration. A firm owned or managed by the Chapter president, president-elect or members of the Awards committee shall not be eligible for consideration.

NOMINATIONS: Nominations may be made by members, the public, or by AIA North Carolina sections. Please contact AIA North Carolina at 919-833-6656 for nomination deadlines. The nominations should include the following information:

- A nomination letter by a member, AIA North Carolina Section or a representative of the public, summarizing the firm's contributions in terms of design excellence and client satisfaction
- A brief biography of all firm principals and a history of the firm
- A firm brochure (if available)
- Descriptive statements and photographs of early, middle and recent work of the firm
- A maximum of five signed letters by clients, attesting to the firm's excellence and/or high level of performance

FIRM AWARD RECIPIENTS

1998	O'Brien/Atkins Associates, Research Triangle Park
1999	Walter Robbs Callahan & Pierce Architects, Winston-Salem
2000	Lee Nichols Architecture, Charlotte
2001	The Freelon Group, Inc., Research Triangle Park
2002	Boney, PLLC, Charlotte, Raleigh & Wilmington
2003	Dixon Weinstein Architects, PA, Chapel Hill
2004	Pearce Brinkley Cease + Lee, Raleigh
2005	FreemanWhite, Charlotte
2006	Gantt Huberman, Charlotte
2007	Clearscapes, Raleigh

AIA NORTH CAROLINA- WILLIAM H. DEITRICK SERVICE MEDAL

The AIA North Carolina -William H. Deitrick Service Medal will be presented to an AIA North Carolina member who exhibits extraordinary service to the community, profession or AIA North Carolina. The medal is named in honor of the late William Henley Deitrick, FAIA, a former president of AIA North Carolina. The AIA Tower, headquarters for AIA North Carolina, previously served as Deitrick's architectural studio and offices.

Chapter Awards and Honors

William H. Deitrick, FAIA

ELIGIBILITY: A current or deceased member of AIA North Carolina is eligible to receive the Deitrick Service Medal. No more than one such award shall be made in any year. Individuals who are current members of the Chapter Board, one year removed from the Board or members of the Awards committee are ineligible for consideration. The selection will be made from one of the following categories:

• **SERVICE TO THE COMMUNITY**

This category recognizes the work of architects who serve as elected officials, public administrators or institutional leaders and establish and contribute to the development of laws, regulations and policies that promote excellence in architecture.

• **SERVICE TO THE CHAPTER**

This category recognizes the work of architects that, by their skill, professionalism, dedication, ability and commitment, have consistently advanced the common goals of AIA North Carolina.

• **SERVICE TO THE PROFESSION**

This category recognizes the work of architects who have had a significant impact on the profession of architecture and its public perception as a profession.

NOMINATIONS: Nominations may be made by members, the public, or by AIA North Carolina sections

Please contact AIA North Carolina at 919-833-6656 for nomination deadlines. The nominations should include the following information:

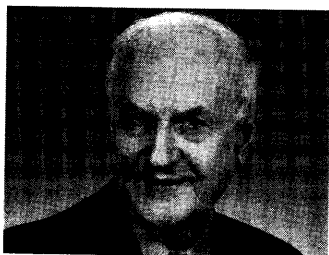

- A nomination letter by the AIA member, group of members, component or committee.
- A biography of the nominee, not to exceed two pages, including a list of offices, positions, honors, achievements, publications or presentations that relate to the award's purpose.
- Five letters of support that give testament to the achievement presented.

- Exhibits, if appropriate for the nominee, to illustrate accomplishments that relate to the award's purpose.

Deitrick Service Medal Recipients

1995	S. Scott Ferebee, Jr., FAIA, Charlotte
1996	Leslie N. Boney, Jr., FAIA, Wilmington
1997	Danie A. Johnson, FAIA, Asheville
1998	Sam T. Snowdon, Jr., FAIA, Laurinburg
1999	Carole A. Hoefener, AIA, (posthumously), Charlotte
2000	Thomas P. Turner Jr., FAIA, Charlotte
2001	Macon S. Smith, FAIA, Raleigh
2002	James C. Hamphill, Jr., Charlotte
2003	James W. Mason, AIA (posthumously), Chapel Hill
2004	Robert P. Burns, FAIA, Raleigh
2005	Paul Davis Boney, FAIA, Wilmington
2006	(No Medal Presentation)
2007	Dennis J. Hall, FAIA, Charlotte

AIA North Carolina-J. Hyatt Hammond Scholarship

J. Hyatt Hammond, FAIA

AIA North Carolina Gold Medalist J. Hyatt Hammond, FAIA has established a fund to provide scholarships for young professionals to attend the AIA North Carolina Summer Design Conference.

ELIGIBILITY: Eligibility is restricted to AIA North Carolina associate members and architect members who have been licensed for less than 10 years.

APPLICATION PROCESS & SCHOLARSHIP PRESENTATION: AIA North Carolina makes scholarship applications available in the months prior to the AIA North Carolina Summer Design Conference. Submitted applications are reviewed by board members

of the North Carolina Architectural Foundation. Winners are notified at least one month prior to the Summer Design Conference. Scholarship money is provided to the recipients after the conference, based upon receipts provided up to a total of \$500.

Code of Ethics & Professional Conduct

Preamble

Members of The American Institute of Architects are dedicated to the highest standards of professionalism, integrity, and competence. This Code of Ethics and Professional Conduct states guidelines for the conduct of Members in fulfilling those obligations. The **Code** is arranged in three tiers of statements: Canons, Ethical Standards, and Rules of Conduct.

Canons are broad principles of conduct. Ethical Standards (**E.S.**) are more specific goals toward which Members should aspire in professional performance and behavior. Rules of Conduct (**Rule**) are mandatory; violation of a rule is grounds for disciplinary action by the Institute. Rules of Conduct, in some instances, implement more than one Canon or Ethical Standard.

The **Code** applies to the professional activities of all classes of Members, wherever they occur. It addresses responsibilities to the public, which the profession serves and enriches; to the clients and users of architecture and in the building industries, who help to shape the built environment; and to the art and science of architecture, that continuum of knowledge and creation which is the heritage and legacy of the profession.

Commentary is provided for some of the Rules of Conduct. That commentary is meant to clarify or elaborate the intent of the Rule. The commentary is not part of the **Code**. Enforcement will be determined by application of the Rules of Conduct alone; the commentary will assist those seeking to conform their conduct to the **Code** and those charged with its enforcement.

Statement in Compliance With the 1990 Consent Decree: The following practices are not, in themselves, unethical, unprofessional, or contrary to any policy of The American Institute of Architects or any of its components:

- (1) submitting, at any time, competitive bids or price quotations, including in circumstances where price is the sole or principal consideration in the selection of an architect;
- (2) providing discounts; or
- (3) providing free services.

Individual architects or architecture firms, acting alone and not on behalf of the Institute or any of its components, are free to decide for themselves whether or not to

engage in any of these practices. The Consent Decree permits the Institute, its components, or Members to advocate legislative or other government policies or actions relating to these practices. Finally, architects should continue to consult with state laws or regulations governing the practice of architecture.

CANON I General Obligations

Members should maintain and advance their knowledge of the art and science of architecture, respect the body of architectural accomplishment, contribute to its growth, thoughtfully consider the social and environmental impact of their professional activities, and exercise learned and uncompromised professional judgment.

E.S. 1.1 Knowledge and Skill: Members should strive to improve their professional knowledge and skill.

Rule 1.101 In practicing architecture, Members shall demonstrate a consistent pattern of reasonable care and competence, and shall apply the technical knowledge and skill which is ordinarily applied by architects of good standing practicing in the same locality.

Commentary: By requiring a "consistent pattern" of adherence to the common law standard of competence, this rule allows for discipline of a Member who more than infrequently does not achieve that standard. Isolated instances of minor lapses would not provide the basis for discipline.

E.S. 1.2 Standards of Excellence: Members should continually seek to raise the standards of aesthetic excellence, architectural education, research, training, and practice.

E.S. 1.3 Natural and Cultural Heritage: Members should respect and help conserve their natural and cultural heritage while striving to improve the environment and the quality of life within it.

E.S. 1.4 Human Rights: Members should uphold human rights in all their professional endeavors.

Rule 1.401 Members shall not discriminate in their professional activities on the basis of race, religion, gender, national origin, age, disability, or sexual orientation.

E.S. 1.5 Allied Arts & Industries: Members should promote allied arts and contribute to the knowledge and capability of the building industries as a whole.

CANON II Obligations to the Public

Members should embrace the spirit and letter of the law governing their professional affairs and should promote and serve the public interest in their personal and professional activities.

E.S. 2.1 Conduct: Members should uphold the law in the conduct of their professional activities.

Rule 2.101 Members shall not, in the conduct of their professional practice, knowingly violate the law.

Commentary: The violation of any law, local, state or federal, occurring in the conduct of a Member's professional practice, is made the basis for discipline by this rule. This includes the federal Copyright Act, which prohibits copying architectural works without the permission of the copyright owner. Allegations of violations of this rule must be based on an independent finding of a violation of the law by a court of competent jurisdiction or an administrative or regulatory body.

Rule 2.102 Members shall neither offer nor make any payment or gift to a public official with the intent of influencing the official's judgment in connection with an existing or prospective project in which the Members are interested.

Commentary: This does not prohibit campaign contributions made in conformity with applicable campaign financing laws.

Rule 2.103 Members serving in a public capacity shall not accept payments or gifts which are intended to influence their judgment.

Rule 2.104 Members shall not engage in conduct involving fraud or wanton disregard of the rights of others.

Commentary: This rule addresses serious misconduct whether or not related to a Member's professional practice. When an alleged violation of this rule is based on a violation of a law, then its proof must be based on an independent finding of a violation of the law by a court of competent jurisdiction or an administrative or regulatory body.

Code of Ethics & Professional Conduct

Rule 2.105 If, in the course of their work on a project, the Members become aware of a decision taken by their employer or client which violates any law or regulation and which will, in the Members' judgment, materially affect adversely the safety to the public of the finished project, the Members shall:

- (a) advise their employer or client against the decision,
- (b) refuse to consent to the decision, and
- (c) report the decision to the local building inspector or other public official charged with the enforcement of the applicable laws and regulations, unless the Members are able to cause the matter to be satisfactorily resolved by other means.

Commentary: This rule extends only to violations of the building laws that threaten the public safety. The obligation under this rule applies only to the safety of the finished project, an obligation coextensive with the usual undertaking of an architect.

Rule 2.106 Members shall not counsel or assist a client in conduct that the architect knows, or reasonably should know, is fraudulent or illegal.

E.S. 2.2 Public Interest Services: Members should render public interest professional services and encourage their employees to render such services.

E.S. 2.3 Civic Responsibility: Members should be involved in civic activities as citizens and professionals, and should strive to improve public appreciation and understanding of architecture and the functions and responsibilities of architects.

Rule 2.301 Members making public statements on architectural issues shall disclose when they are being compensated for making such statements or when they have an economic interest in the issue.

CANON III Obligations to the Client

Members should serve their clients competently and in a professional manner, and should exercise unprejudiced and unbiased judgment when performing all professional services.

E.S. 3.1 Competence: Members should serve their clients in a timely and competent manner.

Rule 3.101 In performing professional services, Members shall take into account applicable laws and regulations. Members may rely on the advice of other qualified persons as to the intent and meaning of such regulations.

Rule 3.102 Members shall undertake to perform professional services only when they, together with those whom they may engage as consultants, are qualified by education, training, or experience in the specific technical areas involved.

Commentary: This rule is meant to ensure that Members not undertake projects which are beyond their professional capacity. Members venturing into areas which require expertise they do not possess may obtain that expertise by additional education, training, or through the retention of consultants with the necessary expertise.

Rule 3.103 Members shall not materially alter the scope or objectives of a project without the client's consent.

E.S. 3.2 Conflict of Interest: Members should avoid conflicts of interest in their professional practices and fully disclose all unavoidable conflicts as they arise.

Rule 3.201 A Member shall not render professional services if the Member's professional judgment could be affected by responsibilities to another project or person, or by the Member's own interests, unless all those who rely on the Member's judgment consent after full disclosure.

Commentary: This rule is intended to embrace the full range of situations that may present a Member with a conflict between his interests or responsibilities and the interests of others. Those who are entitled to disclosure may include a client, owner, employer, contractor, or others who rely on or are affected by the Member's professional decisions. A Member who cannot appropriately communicate about a conflict directly with an affected person must take steps to ensure that disclosure is made by other means.

Rule 3.202 When acting by agreement of the parties as the independent interpreter of building contract documents and the judge of contract performance, Members shall render decisions impartially.

Commentary: This rule applies when the Member, though paid by the owner and owing the owner loyalty, is nonetheless required to act with impartiality in fulfilling the architect's professional responsibilities.

E.S. 3.3 Candor and Truthfulness: Members should be candid and truthful in their professional communications and keep their clients reasonably informed about the clients' projects.

Rule 3.301 Members shall not intentionally or recklessly mislead existing or prospective clients about the results that can be achieved through the use of the Members' services, nor shall the Members state that they can achieve results by means that violate applicable law or this Code.

Commentary: This rule is meant to preclude dishonest, reckless, or illegal representations by a Member either in the course of soliciting a client or during performance.

E.S. 3.4 Confidentiality: Members should safeguard the trust placed in them by their clients.

Rule 3.401 Members shall not knowingly disclose information that would adversely affect their client or that they have been asked to maintain in confidence, except as otherwise allowed or required by this Code or applicable law.

Commentary: To encourage the full and open exchange of information necessary for a successful professional relationship, Members must recognize and respect the sensitive nature of confidential client communications. Because the law does not recognize an architect-client privilege, however, the rule permits a Member to reveal a confidence when a failure to do so would be unlawful or contrary to another ethical duty imposed by this Code.

CANON IV Obligations to the Profession

Members should uphold the integrity and dignity of the profession.

E.S. 4.1 Honesty and Fairness: Members should pursue their professional activities with honesty and fairness.

Code of Ethics & Professional Conduct

Rule 4.101 Members having substantial information which leads to a reasonable belief that another Member has committed a violation of this **Code** which raises a serious question as to that Member's honesty, trustworthiness, or fitness as a Member, shall file a complaint with the National Ethics Council.

Commentary: Often, only an architect can recognize that the behavior of another architect poses a serious question as to that other's professional integrity. In those circumstances, the duty to the professional's calling requires that a complaint be filed. In most jurisdictions, a complaint that invokes professional standards is protected from a libel or slander action if the complaint was made in good faith. If in doubt, a Member should seek counsel before reporting on another under this rule.

Rule 4.102 Members shall not sign or seal drawings, specifications, reports, or other professional work for which they do not have responsible control.

Commentary: Responsible control means the degree of knowledge and supervision ordinarily required by the professional standard of care. With respect to the work of licensed consultants, Members may sign or seal such work if they have reviewed it, coordinated its preparation, or intend to be responsible for its adequacy.

Rule 4.103 Members speaking in their professional capacity shall not knowingly make false statements of material fact.

Commentary: This rule applies to statements in all professional contexts, including applications for licensure and AIA membership.

E.S. 4.2 Dignity and Integrity: Members should strive, through their actions, to promote the dignity and integrity of the profession, and to ensure that their representatives and employees conform their conduct to this **Code**.

Rule 4.201 Members shall not make misleading, deceptive, or false statements or claims about their professional qualifications, experience, or performance and shall accurately state the scope and nature of their responsibilities in connection with work for which they are claiming credit.

Commentary: This rule is meant to prevent Members from claiming or implying credit for work which they did not do, misleading others, and denying other participants in a project their proper share of credit.

Rule 4.202 Members shall make reasonable efforts to ensure that those over whom they have supervisory authority conform their conduct to this **Code**.

Commentary: What constitutes "reasonable efforts" under this rule is a common sense matter. As it makes sense to ensure that those over whom the architect exercises supervision be made generally aware of the **Code**, it can also make sense to bring a particular provision to the attention of a particular employee when a situation is present which might give rise to violation.

CANON V

Obligations to Colleagues

Members should respect the rights and acknowledge the professional aspirations and contributions of their colleagues.

E.S. 5.1 Professional Environment: Members should provide their associates and employees with a suitable working environment, compensate them fairly, and facilitate their professional development.

E.S. 5.2 Professional Recognition: Members should build their professional reputation on the merits of their own service and performance and should recognize and give credit to others for the professional work they have performed.

Rule 5.201 Members shall recognize and respect the professional contributions of their employees, employers, professional colleagues, and business associates.

Rule 5.202 Members leaving a firm shall not, without the permission of their employer or partner, take designs, drawings, data, reports, notes, or other materials relating to the firm's work, whether or not performed by the Member.

Rule 5.203 A Member shall not unreasonably withhold permission from a departing employee or partner to take copies of designs, drawings, data, reports, notes, or other materials relating to work performed by the employee or partner that are not confidential.

Commentary: A Member may impose reasonable conditions, such as the payment of copying costs, on the right of departing persons to take copies of their work.

RULES OF APPLICATION, ENFORCEMENT, AND AMENDMENT

Application

The **Code of Ethics and Professional Conduct** applies to the professional activities of all members of the AIA.

Enforcement

The Bylaws of the Institute state procedures for the enforcement of the **Code of Ethics and Professional Conduct**. Such procedures provide that:

Enforcement of the **Code** is administered through a National Ethics Council, appointed by the AIA Board of Directors.

Formal charges are filed directly with the National Ethics Council by Members, components, or anyone directly aggrieved by the conduct of the Members.

Penalties that may be imposed by the National Ethics Council are:

Admonition

Censure

Suspension of membership for a period of time

Termination of membership

Appeal procedures are available.

All proceedings are confidential, as is the imposition of an admonishment; however, all other penalties shall be made public.

Amendment

The **Code of Ethics and Professional Conduct** may be amended by the convention of the Institute under the same procedures as are necessary to amend the Institute's Bylaws. The **Code** may also be amended by the AIA Board of Directors upon a two-thirds vote of the entire Board.

***1997 Edition.** This copy of the **Code of Ethics** is current as of March 22, 1997. Contact the General Counsel's Office for further information at (202) 626-7311.

Continuing Education

CONTINUING EDUCATION IS MANDATORY FOR LICENSURE AND MEMBERSHIP

AIA North Carolina

Continuing
Education
Academy

North Carolina architects must fulfill a program of continuing education each year in order to renew their licenses. Continuing education has been a membership requirement for the American Institute of Architects for several years now. The two requirements are slightly different but compatible.

Here's the bottom line: AIA architects in North Carolina should obtain a total of 18 hours of continuing education each year, 12 of those in health-safety-welfare subject matter. The architect will then meet both the licensure and AIA membership requirements.

State Licensure Requirements

Each year, North Carolina architects must complete a verifiable program of 12 contact hours of continuing education. The contact hours must be in health-safety-welfare subject material. Contact hours may not be carried over from one calendar year to the next. HSW Programs provided by AIA registered providers will be accepted by the North Carolina Board of Architecture. The licensing board will also accept an AIA member's continuing education transcript as evidence of continuing education fulfillment.

AIA Requirements

Developed to demonstrate AIA members' lifelong commitment to learning, the AIA Continuing Education System (CES) enhances knowledge, competency and competitiveness. In summary, the Institute's plan includes the following:

- Members must have 18 hours of continuing education per year in order to maintain membership.
- The 18 hours must include 8 contact hours in health/safety-related subject matter.

AIA North Carolina Continuing Education Academy

AIA North Carolina has successfully launched an aggressive effort to provide its members affordable, accessible and relevant continuing education. The AIA North Carolina Continuing Education Academy is the winner of the 1999 AIA/CES Award for Excellence. AIA North Carolina was the only AIA chapter or component in America to win this prestigious award for excellence in continuing education programming and member service.

In 2008, AIA North Carolina plans to offer seminars at various locations around the state. The AIA North Carolina Design Conference, scheduled for August 21-24 at the Charlotte Convention Center in Charlotte, North Carolina, provides an opportunity for members to fulfill their requirements in a compressed period of time.

Visit the AIA North Carolina web site at www.aianc.org for an updated listing of continuing education programs in the Southeast. In addition, the seven local sections of AIA North Carolina typically offer AIA/CES programs at their meetings.

Where AIA CES Records Are Kept

The CES record-keeping is performed under contract by the University of Oklahoma, Continuing Education, AIA/CES, 1700 Asp Avenue, Room B4, Norman, OK 73072-6400. Call 202-626-7353 for questions or comments on AIA/CES records.

This record-keeping center monitors contact hours earned by AIA members and keeps track of registered providers. Official transcripts will be issued annually to AIA members.

AIA members may monitor their continuing education progress by visiting AIA Online at www.aia.org. By using a member ID number, members may access an updated transcript of personal continuing education activities.

North Carolina Board of Architecture

The North Carolina Board of Architecture, established by the General Assembly in 1915, is responsible for enforcement of the laws and regulations governing the practice of architecture in the state. A major task is to determine the qualifications of applicants who seek licensure in this state.

The Board is comprised of seven members appointed by the Governor, five of whom are licensed architects appointed for five-year terms. Two of the members of the Board are not licensed architects and represent the interests of the public at large. The public members serve at the pleasure of the Governor.

In order to qualify for a license to practice architecture in North Carolina, an applicant must meet the following minimum requirements:

- 1) An accredited professional degree in architecture
- 2) Three year internship
- 3) Pass all divisions of the ARE (Architectural Registration Examination)

The current board members are Charles H. Boney Jr., AIA, President, Wilmington; Barbara A. Field, Vice-President, Asheville; Cheryl C. Walker, AIA, Secretary, Charlotte; Kevin G. Montgomery, FAIA, Member, Durham; Thomas P. Turner, Jr., Member, Charlotte; Kiki Teague, Public Member, Treasurer, Winston-Salem; Charles N. (Nick) Garrett, Jr., Public Member, Wilmington; and Noel L. Allen, attorney, Raleigh.

Additional information on the N.C. Board of Architecture may be obtained by contacting:

National Council of Architectural Registration Boards

The National Council of Architectural Registration Boards was established in 1920 to assist member boards in carrying out their duties, foster the enactment of uniform architectural laws, develop examinations and establish standards for certification requirements in education and training, to perfect its procedures for verifying the qualifications of applicants and determining their eligibility for certification and establish and maintain reciprocal registration between states having registration laws.

The NCARB is a non-profit corporation with all legally constituted boards of architecture in the United States as members, including the North Carolina Board of Architecture. To be eligible for NCARB certification, architects must submit satisfactory evidence that they comply with the standard for education, training, examination and character and have been registered by a member board.

The NCARB will, upon request of an individual architect, secure, authenticate, and record factual data of the applicant's education, training, practice and character. This record will be forwarded to any state board upon request of the applicant.

Certification shall be given to an applicant holding a council record verifying that the applicant has complied with the council's standards of education, training, practice and character; and that the applicant has passed an examination conforming to the council's standards of content, extent and length of time.

Certification by the NCARB is recommendation to all registration authorities that registration be granted to the holder without further examination. Most board members accept NCARB certification as conclusive evidence of an architect's eligibility of registration. It is, however, not a national registration.

Complete information on compiling a council record and obtaining council certification can be obtained from:

National Council of Architectural
Registration Boards

Bylaws • Code of Ethics & Professional Conduct

BYLAWS

Chartered in 1913, AIA North Carolina is legally registered and incorporated with the North Carolina Secretary of State as the North Carolina Chapter, The American Institute of Architects. The Bylaws of AIA North Carolina serve as an agreement between the organizations and its membership. The Bylaws were most recently revised August 1, 1998. For a copy of the Bylaws or questions, please call 919-833-6656.

CODE OF ETHICS & PROFESSIONAL CONDUCT

Members of The American Institute of Architects are dedicated to the highest standards of professionalism, integrity and competence. They apply to all professional activities, wherever they occur. They address responsibilities to the public, which the profession serves and enriches; to the clients and users of architecture and in the building industries, who help to shape the built environment; and to the art and science of architecture, the continuum of knowledge and creation, which is the heritage and legacy of the profession.

The Code is arranged in three tiers of statements: Canons, Ethical Standards and Rules of Conduct. The Canons are broad principles of conduct. The Ethical Standards are more specific goals towards which members should aspire in professional performance and behavior. The Rules of Conduct are mandatory, the violation of which is grounds for disciplinary action by the Institute.

A copy of the Code of Ethics is available on pages 172-174 of this directory or online at www.aia.org/institute/code.asp.

AIA Fellows

The American Institute of Architects bestows the recognition of Fellowship for achievement in architecture on members who have contributed notably to the advancement of the profession of architecture. With the exception of the Gold Medal, fellowship is the highest honor the AIA can bestow on a member. It is conferred on members with at least 10 years of continuous membership who have made significant contributions to the aesthetic, scientific, and practical efficiency of the profession; to the standards of architectural education, training, and practice; to the building industry through leadership of the AIA and other related professional organizations; to the advancement of the living standards of people through their improved environment and to society through significant public service.

Founded in 1952, the College of Fellows includes approximately five percent of the total AIA membership. Those advanced to fellowship can use "FAIA" after their names in recognition of their contributions in design, education, research or public service.

Current members of AIA North Carolina who have been recognized for Fellowship are:

Richard K. Albyn, FAIA
John L. Atkins, FAIA
Alan T. Baldwin, FAIA
Peter Batchelor, FAIA
C. William Bevins, FAIA
Georgia Bizios, FAIA
Charles Hussey Boney, FAIA
Paul D. Boney, FAIA
Norma DeCamp Burns, FAIA
Roger A. Cannon, FAIA
Marley Carroll, FAIA
Louis W. Cherry, FAIA
Roger H. Clark, FAIA
Arthur R. Cogswell, FAIA

F. Dail Dixon, Jr., FAIA
Andrew F. Euston, FAIA
S. Scott Ferebee, Jr., FAIA
Barbara A. Field, FAIA
Ligon B. Flynn, FAIA
Philip G. Freelon, FAIA
David F. Furman, FAIA
Harvey B. Gantt, FAIA
John B. Hackler, FAIA
Dennis J. Hall, FAIA
J. Hyatt Hammond, FAIA
Frank Harmon, FAIA
Edwin F. Harris Jr., FAIA
James C. Hemphill, Jr., FAIA
Mason S. Hicks, FAIA
Charles C. Hight, FAIA
Kenneth E. Hobgood, FAIA
Jeffrey A. Huberman, FAIA
Daniel A. Johnson, FAIA
David T. Kahler, FAIA
Charles H. Kahn, FAIA
J. Bertram King, FAIA
Donald R. Lee, FAIA
Elizabeth B. Lee, FAIA
Jeffrey S. Lee, FAIA
Gail A. Lindsey, FAIA
Marvin J. Malecha, FAIA

Stuart Baesel, FAIA Architect
303 Coast Blvd
La Jolla CA 92038-4635

Everette G. Spurling, Jr., FAIA (deceased)

AIA Political Action Committee

The AIA-PAC is one of the most successful architect PACs in America. The AIA-PAC has achieved high success rates in terms of its contributions to winning candidates and its ability to influence legislation. It has played a prominent role in enhancing the image of AIA North Carolina among state legislators and in establishing architects as a respected source of information for legislators.

LEGISLATIVE SUCCESS

Since its formation in 1986, the AIA North Carolina Political Action Committee (AIA-PAC) has become increasingly successful in the political arena and has been of major assistance to AIA North Carolina in advancing its legislative agenda.

A long string of legislative victories have been achieved by AIA North Carolina in the last decade including:

- Qualification-Based Selection for architects on public projects
- Greater flexibility for single-prime contracting on public projects
- Statutory strengthening of the Architectural Practice Act (G.S.83A)
- Passage of a \$1.8 billion statewide bond issue for school construction
- Qualified immunity for architects as volunteers in declared emergencies
- Clarification of a seven-year statute of repose
- Securing the single prime contracting option on government projects

AIA North Carolina has also been successful in defeating or altering legislation, which could have a negative effect on the architectural profession. In addition, AIA architects have been appointed by the Governor and legislative leaders to key positions on regulatory and advisory boards and commissions.

MISSION OF AIA-PAC

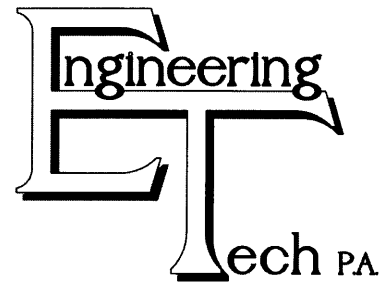

The AIA-PAC was established to assist the architects of North Carolina in gaining access to state legislators for the purpose of establishing an effective forum on issues facing the profession. Its mission is to work to create an environment in the North Carolina general Assembly and Council of State, which is conducive to accomplishing the goals of the architectural profession.

Three specific objectives guide the activities of the AIA-PAC. These are:

- To solicit contributions.
- To make contributions to candidates who will be influential in determining the future course and the practice of architecture in North Carolina.
- To generally educate or inform the membership of AIA North Carolina concerning legislative and political issues affecting the profession.

The AIA-PAC is organized and operated on a voluntary, non-partisan basis to preserve and promote the status of architecture through the pursuit of its objectives. The organization is governed and supervised by a Board of Directors composed of 21 members of the AIA-PAC, with a minimum of one member from each section of AIA North Carolina. Each Director is appointed to a term of three years, with no Director being appointed to more than two consecutive terms.

To maintain established levels of candidate contributions and ensure the continued effectiveness of AIA North Carolina's Government Affairs Programs, AIA-PAC needs continued and increased financial support from members and friends of the profession. Records and information about AIA-PAC are maintained at the offices of AIA North Carolina.

North Carolina Architectural Foundation

The North Carolina Architectural Foundation (NCAF) was established for the purpose of promoting architecture as a discipline and a profession in North Carolina. Since 1948, the NCAF has supported architectural scholars, researchers and students and has provided grants for exhibitions and publications about architecture.

The mission of the NCAF is:

- Architectural Research
- Architectural Scholarships
- Educational Programs
- Public Awareness
- Architectural Principles
- Continuing Education
- Historic Preservation

The Foundation operates on private gifts.
Contributions to the NCAF may be sent to:
North Carolina Architectural Foundation
115 West Morgan Street
Raleigh, NC 27601

Kamphoefner Prize

The Foundation awards the Kamphoefner Prize of \$10,000 to an AIA North Carolina member who exhibits excellence in the Modern Movement of architecture. The Prize is funded through an endowment bequeathed by Henry and Mabel Kamphoefner. Henry Kamphoefner was the founder and original dean of the N.C. State School of Design. In years when a Prize winner is not selected, two \$5,000 scholarships are awarded to students at the N.C. State School of Design.

Kamphoefner Prize Recipients

1988	J. Norman Pease, Jr., FAIA	Charlotte
1989		No recipient chosen
1990	Murray Whisnant, FAIA	Charlotte
1991	Brian Shawcroft, AIA	Raleigh
1992	Philip A. Shive, FAIA	Charlotte
1993	Ligon B. Flynn, FAIA	Wilmington
1994	Marley P. Carroll, FAIA	Charlotte
1995	Frank C. Harmon, FAIA	Raleigh
1996	Lee Nichols Hepler Architecture	Charlotte
1997	Kenneth E. Hobgood, AIA	Raleigh
1998	NC State Students	
1999	Ellen Weinstein, AIA	Chapel Hill
2000	NC State Students	
2001	Thomas B. Moore, AIA	Charlotte
2002		No recipient chosen
2003		No recipient chosen
2004		No recipient chosen
2005		No recipient chosen
2006		No recipient chosen
2007		No recipient chosen

(Due to a balance shortage in the endowment, the Kamphoefner Prize was not awarded in 2002-2007.)

AIA National Design Awards

A total of nine projects, located in North Carolina, have received the AIA's highest recognition of design excellence.

- 1953: Project: N.C. State Fair Pavilion (Dorton Arena), Raleigh
Architect: William H. Deitrick, FAIA, with Matthew Nowicki, designer
- 1954: Project: Double Oaks Elementary School, Charlotte
Architect: Arthur G. Odell Jr., FAIA
- 1957: Project: Wilson Junior High School, Charlotte
Architect: Arthur G. Odell Jr., FAIA
Project: Residence/studio, Raleigh
Architect: George Matsumoto, FAIA
- 1971: Project: NCNB (NationsBank) Branch Office, Charlotte
Architect: Wolf Associates
- 1974: Project: NCNB (NationsBank) Branch Office, Charlotte
Architect: Wolf Associates
- 1980: Project: Southern Service Center for Equitable Life, Charlotte
Architect: Wolf Associates
- 1983: Project: Mecklenburg County Courthouse, Charlotte
Architect: Wolf Associates
- 1984: Project: R.J. Reynolds Tobacco Co. building, Winston-Salem
Architect: Croxton Collaborative with Hammill-Walter

Architectural Education

N.C. State University

The Department of Architecture at N.C. State University was established in 1948 as one of two original academic components in the School of Design. The School of Design experienced a long period of development, establishing a reputation for innovation. In the fall of 2000, the department was given school status and the school was granted college status.

The College is presently led by Dean Marvin J. Malecha, FAIA, who was appointed to the position in August 1994. Robin Abrams, AIA, AASLA, was appointed department head in 2008. Her title is now Head of the School of Architecture.

The School of Architecture has grown its mission and curricular offerings over the years to include programs leading to the following three degrees:

Bachelor of Environmental Design in Architecture (BEDA)

A four-year pre-professional curriculum that serves as the foundation for the two advanced programs. The curriculum includes a balance of general studies (English, mathematics, science and humanities), design studio courses and architectural support courses (history, technology, methods and theory).

Bachelor of Architecture (B. ARCH)

A one-year professional curriculum that builds on the four-year BEDA or other equivalent program.

Master of Architecture (M. ARCH)

Three tracks lead to the professional M. ARCH degree: Track I is a two-year program for holders of the BEDA or equivalent four-year pre-professional degree; Track II is a three-semester second professional degree program for holders of the B. ARCH degree; Track III accepts students with degrees in non-architectural fields into a three and one half year program.

Both the B. ARCH and M. ARCH are professional degrees accredited by the National Architectural Accrediting Board. The most recent accreditation action took place in 2006 extending accreditation of both programs for six years. The College of Design annually admits 120 freshmen and transfer

students. Following an interdisciplinary fall semester, students begin their architectural studies in the spring semester of the first year. For information about the undergraduate admissions standards and procedures, contact the College of Design, N.C. State University, Box 7701, Raleigh, NC 27695-7701.

Admissions to the B. ARCH and M. ARCH programs are by application to the School of Architecture. For additional information, contact the School of Architecture, College of Design, N.C. State University, Box 7701, Raleigh, NC 27695-7701.

UNC Charlotte

The School of Architecture (formerly the College of Architecture) at UNC Charlotte graduated its first students with professional degrees in 1976. In 1999, the school received its fifth consecutive full term accreditation from the National Architectural Accreditation Board. The college is presently led by Dean Kenneth Lambla, AIA. The curriculum provides a balance between theory and application, and general and professional education. Students may develop a double major or minor in another field such as engineering, business, computer or behavioral science. The curriculum is organized into:

The Core Program

In the first three years of the undergraduate program, students are enrolled in general education and architectural courses. In studios and seminars, which occur each semester, students acquire the fundamentals of visual design, problem solving, conceptualization and environmental influences. The third year studios focus upon building designs that are site specific. In addition, students extend their knowledge of architectural history and technology while having the opportunity to pursue individual interests through architectural and general elective seminars.

Advanced Program

In the fourth and fifth years, students select design studios and seminars in accordance with their individual study plan they developed in their third year. In addition, to the design thesis or comprehensive projects, students enroll in studios and seminars which focus on topics such as design theories, programming, architectural materials and technology, lighting design, acoustics, wood and metals design/making, community design, computer-aided design, advanced studies in architectural history, graphic explorations and other design issues. The Bachelor of Arts is awarded at the end of the fourth year and the professional degree, Bachelor of Architecture, is awarded in the fifth year.

Graduate Programs

A student with an undergraduate, non-architecture degree may enroll in a three-year plus one summer professional Master of Architecture program. A student with an undergraduate degree in architectural studies may enroll in a two-year professional Master of Architecture program. The final year provides an opportunity for specially-focus design exploration and research.

In collaboration with the Department of Geography and Earth Science, the School of Architecture also offers a Master of Arts in Community Planning.

In addition, the School maintains the Charlotte Community Design Studio in the Center City area of Charlotte. The School's International Studies programs include summer studies in Italy, Spain and study opportunities in London, Mexico, Finland, and Germany.

The School has an extensive visiting/part-time faculty designer program that includes numerous student-study field trips and special exhibitions of art, architecture and design. The School accepts transfer students for advanced standing from other NAAB schools. More detailed information may be obtained by writing the School of Architecture, UNC Charlotte, Charlotte, NC 28223.

LEED/HIGH PERFORMANCE DESIGN

Talbot & Associates Consulting Engineers, Inc.

916 West Fifth Street
Charlotte, NC 28202
Phone: 704/333-3312 Fax: 704/333-9639
Email: mtalbot@talb.com
Web: www.talb.com
Contact: Michael G. Talbot, PE
Firm Size: 20

Services: Our firm has experience with LEED/Æ AP certification and design as well as having a LEED/Æ AP accredited professional on staff. As designers of electromechanical systems, we also have the analytical and modeling capabilities necessary to evaluate decisions on a Life-Cycle Cost basis. Above all, we understand the relationship between effective communication and successful projects. LEED/Æ AP is an objectively oriented rating system that was developed by the US Green Building Council to encourage and recognize "green" design. Through a team-oriented approach and holistic decision-making process, LEED/Æ AP provides an invaluable framework for clear communication of design goals and priorities. The results we see are higher quality indoor environments, greater building value, and happier building owners.

Recent Projects: Childrens Museum of the Upstate, Greenville, SC; St. Nektarios Greek Orthodox Church, Charlotte, NC; Summit School - 2nd & 3rd Grade Building & Athletic Building, Winston-Salem, NC; Myers Park Country Club, Tennis Clubhouse, Charlotte, NC; Shaw University Institute for Health, Social and Community Research, Raleigh, NC; Fresh Markets throughout the United States; Wilson Technical Community College Student Center, Wilson, NC; Park Ridge Urgent Care Center, Irmo, SC; Memminger Auditorium, Renovation & Addition, Charleston, SC; 140 West, Mixed Use High-Rise, Chapel Hill, NC; Hickory Grove Branch Library, Charlotte, NC; Royal Court, Condominiums, Charlotte, NC

TRUSTWORTHY
~SINCE 1888~

AIA Contract Documents, the industry standard for 120 years, is the most trusted source for your contract needs.

AIA Contract Documents are the most **widely accepted** and understood in the industry. The 2007 update of AIA's most frequently used agreements is available in a variety of **easy-to-use** electronic and paper formats. The **intuitive, Microsoft® Word-based** software option gives you the most **trusted, comprehensive** suite of editable documents available. To find out more, visit us online at www.aiacontractdocuments.org/architect.

AIA Contract Documents®
THE INDUSTRY STANDARD.
2007 Update

**Mom's cranky.
Dad's irritable.
The kids are grouchy.
Everybody needs counseling.

With an architect.**

© 2004 The American Institute of Architects

How living quarters are designed can enhance quality of life. AIA architects assess things like usage patterns, flow and privacy needs to design spaces that work for the whole family. Whether you need to expand, remodel or build from scratch, call an architect early. So you all can enjoy home sweet home. To find an AIA architect, visit www.aia.org. **Good design makes a difference.**

BIM, Green Building, Sustainable Design

The Next Generation of Design Has Begun

Are You Ready?

When it comes to building, we're all in this together. Architects, engineers, contractors and building owners need synchronization with each other throughout each building's lifecycle. ModernTech partners with Bentley to provide cutting-edge BIM technology.

Bentley BIM Solutions:

- MicroStation
- ProjectWise
- Bentley Architecture
- Bentley Structural
- Bentley Building Mechanical Systems
- Bentley Building Electrical Systems
- Site Design Solutions
- Structural Analysis & Design Solutions

Professional Services • Technical Support • Training

ModernTech's application specialists provide clients across the Southeast the expertise to implement BIM technology. Client-specific consulting & implementation needs, user & administrative training, and on-going technical support, help firms gain the BIM competitive edge. Call us to get started.

"In writing the chapter on professional practice for the
American Institute of Architect's 150th Anniversary Book,
entitled *Architectural Practice: The Eye for Success*,
I immediately thought of LS3P and your vision of
Enhancing Client Strategies
to highlight as
one of the best practices of the decade."

~ James P. Cramer
Editor of *DesignIntelligence, Almanac of Architecture and Design*,
and author of *The Next Architect*.

There's been a lot of talk about changes in our climate lately. CO₂ emissions, dwindling resources, and energy usage are growing concerns in every walk of life. AIA Architects, in particular, want to address those concerns. We strongly believe that the time for talk has passed, and now it is time to walk the walk.

Buildings currently account for nearly half of all greenhouse gas emissions, a fact we simply cannot ignore. As architects we are uniquely poised to provide the leadership and guidance needed to provide solutions to reduce that footprint. By using sustainable design practices, materials, and techniques, we can play an active role in, well... saving the world.

AIA Architects walk the walk on sustainable design.

**BRICK IS NATURAL
TO THE CORE**

Brick is one of the world's original "green" building materials.

Its unsurpassed life cycle, exceptional energy efficiency, natural ingredients, minimal waste and countless recycling options are just a few of the properties that make brick the superb sustainable material it has been for thousands of years.

Revisit brick and discover how it can help you achieve environmentally friendly, sustainable LEED™ certified projects.

Quite simply,
Brick is of the Earth.

Solid Designs: Concrete Solutions.

Concrete masonry products offer attractive, durable and economic design solutions. For architects throughout the Carolinas and around the country, concrete masonry is the material of choice for reasons of cost, strength, variety and aesthetic appeal. Make concrete masonry a part of your design success. Please contact your supplier or the **CCMA** for additional information about concrete masonry.
