2012 AIA north carolina president's message

Dear Colleagues,

Thank you for the privilege of representing our organization as president. I do so knowing that the challenges for our profession in the waning years of the great recession are significant, however, I believe that if we continue to be patient, great opportunities will lie ahead for architects. As long as people continue to relocate to North Carolina, pent-up demand for schools and other growth related needs will eventually emerge. As always, challenges must be met to capitalize on available opportunities. Fortunately, at the core of each architect is an innovator, problem solver, and leader uniquely qualified to face the new challenges in our world today. As architects, we desire the opportunity to continue to make North Carolina a better place. Now, more than ever, architects must work together to help connect our profession with all areas of service possibilities for the built environment in North Carolina. AIANC, with your assistance, can help lead the way for the architectural profession.

Based on reports from current economic forecasters, the national economy hit bottom in 2009 and is now steadily, but slowly, rebounding. Architects who work in the private sector, primarily housing and retail, have probably already seen an upturn in their prospects, and hopefully, workload. Due to low projected incoming tax revenues and rising debt, the House and Senate in North Carolina have limited, if not eliminated, most public funded projects from their budget. Therefore, architects (and engineers and contractors) who perform institutional work will need to continue to look elsewhere until elected officials reach their target balance between revenues and expenditures and start funding institutional building projects again. We know that if architects and engineers have not started designing projects in 2012, in most cases, it will be 2014 before contractors will be able to start building. This lack of institutional projects to design in 2012 will not only affect the contractors unemployment numbers this 2012 election year, but will probably influence the results of the 2014 election year as well.

The theme this year for AIANC is advocate for our profession. In addition to our usual methods of advocacy, AIA North Carolina has successfully completed and occupied our new Center for Architecture and Design. This sustainable building is within sight of the North Carolina Legislative Building and is already being used by elected officers and the public for meetings that advocate for our profession. My thanks, and those of the AIANC Board of Directors, go out to the many architects that volunteered their time and funds to make this happen. In addition, AIA North Carolina has received over eight hundred fifty thousand dollars worth of donations and services from manufacturers and consultants who wanted their products and/or services in this building. We owe them consideration for our future projects. For those of you who have not yet contributed or pledged to this worthwhile effort, I ask for your help to meet AIANC's commitment for donations. Steve Schuster, FAIA 2004 President, has been spearheading this effort. The only effective organization that advocates for your profession and livelihood, beyond your own firm, is AIA North Carolina.

Decisions that have great impact on our profession are regularly made in the Legislative Building in Raleigh and on the floor of Congress in Washington, DC. By having active federal and state political action committees (PACs), architects are able to pool their resources to help elect federal and state candidates who share the AIA's positions on issues affecting the built environment, our profession, our communities, and our practices. To make sure your voice is heard loud and clear, support the AIA North Carolina's PAC and ArchiPAC, the AIA's federal political action committee, TODAY!

The biggest legislative issue facing architects in North Carolina in 2012 is proposed legislation that couples 'design/build' as a method of project delivery with the cost savings idea of 'public/private partnerships' similar to current Virginia law. Fortunately, contractors and engineers have joined with us in opposing the idea that 'design/build' should be coupled with 'public/private partnerships' as legislation. AIANC staff and leadership will need your connections with your state elected officials to defeat or weaken this proposed legislation. Please let us know of your connection to any State Legislative members. The advocates for this legislation have already hired professional lobbyists to represent them in the Legislature.

Fellowship with and between members is an important part of the life of any profession and its importance cannot be diminished in this period of economic challenges; in fact, it has become more important. Your local sections, AIA Charlotte, AIA Triangle, AIA Asheville, AIA Wilmington, AIA Piedmont, AIA Winston-Salem, and AIA Eastern have led us in this endeavor. The upcoming 2012 South Atlantic Regional Conference in Atlanta (September 19-22 2012) is an ideal opportunity to hear national speakers who will help us learn about strategies and ideas from our region and from the nation. It is a great way to re-energize your firm members and discover new avenues for professional service.

Communication is basic to everything AIA North Carolina does in Advocacy and Fellowship, but it is also important in helping to define our place in the overall organization of the South Atlantic Region and the American Institute of Architects. Our organization keeps current on regional and national issues which affect all architects. This close communication allows us to work as a part of a regional and national team in the pursuit of resolving issues of interest. We invite every architect to become a part of the team.

Continuing Education is available at all levels of AIA, including AIA conventions, section meetings, separate events, and lunch and learns. These continuing education events keep us abreast of current technology, building codes, and practices. Please let AIA NC know of any continuing education need that you think is unmet in your area.

AIA North Carolina is here to support our members in advocacy, learning, communicating, and becoming a force for positive change in North Carolina. Our mission is 'to serve our members by enhancing and promoting the profession of architecture'.

Thank you for the opportunity to serve as your President and participate with the AIANC Board members, made up of some of your sectional members, past and present, who are hopefully leading this organization in the direction that the members want it to go. We strive to be a 'bottom up' organization.

Sincerely,
Irvin A. Pearce, AIA

2012 board of directors

President

Irvin A. Pearce, AIA
Pearce Brinkley Cease + Lee, P.A.
 333 Fayetteville Street, Ste. 1000
 P.O. Box 951 (27602)
 Raleigh NC 27601
 Phone: (919) 836-9751
 E-mail: irvinp@pbclarchitecture.com

Irv Pearce, a founding principal of PBC+L, joined the firm (formerly known as Haskins Rice Architects and Planners) as head of their construction administration department. He now serves as a project manager in addition to construction administration duties. Irv has a background in managing multi-million dollar projects, and has developed professional expertise regarding all sides of the construction industry. Irv was a 2001 recipient of the Sir Walter Raleigh Award from the City of Raleigh for his management of the Progress Energy Center for the Performing Arts. He served as the AIA Triangle President in 2007, having previously served as member, secretary, and treasurer. He has also served as a member of the board of directors for the Raleigh City Museum and he is currently a board member of NC Green Power.

President-elect

Roger L. Leeson, AIA
 130 Lake Hollow Cir
 Cary, NC 27513
 Phone: (910) 620-6208
 E-mail: rleesonarchitect@gmail.com

Roger is from the farmlands of Indiana and received his degrees from Ball State University. He says, "I learned about energy and sustainable design, early, because our faculty was a group of aging 'hippies'". After an internship in Atlanta with Cooper Carry and Associates, he relocated to North Carolina. His career focus has been designs for public clients, especially school buildings. He was a principal architect with Boney Architects and then LS3P Associates. Roger has been an advocate for efficient factory built construction methods. His designs have been among the first to incorporate geothermal technology and to achieve LEED certification for a public school project. He's currently with BBH Design in Raleigh and continues to work for more sustainable communities. He's been active with public service affiliations including the Education Facilities Planners International, and he has served AIA on the Building Task Force and as Director of Membership Services. He's an enthusiastic skier and off-road bicyclist, and he enjoys camping and a variety of sports with his son Connor.

Treasurer

Robert B. Johnson, AIA
MBAJ Architecture
 1230 W. Morehead Street, Ste. 400
 Charlotte, NC 28208
 Phone: (704) 731-7002
 E-mail: rjohnson@mbaj.com

Rob Johnson is a Principal with MBAJ Architecture whose mission is making a positive difference in the communities they serve. He received his Bachelor's of Arts in Architecture from UNC Charlotte in 1977 and Masters of Architecture from the University of Illinois at Urbana-Champaign in 1981. Over his professional career of over three decades, he has been most fortunate to have been engaged in a wide variety of civic, educational, commercial and religious projects across the mid-Atlantic and mid-western states. Rob is a past board member of AIA-NC and AIA-Charlotte and served as President of AIA Charlotte in 2004. Additionally, he is an active leader and supporter of the Professional Advisory Council at the UNC Charlotte College of Arts and Architecture and the Architectural Technology Advisory Board at Central Piedmont Community College. His community involvement also includes serving as Chief Judge of his home precinct #49 (Park Road School) with the Mecklenburg County Board of Elections and is a member of St. Mark's Lutheran Church. Rob is a Wilmington native, proud father of three, lifelong golfer, runner for decades, skier as snow permits and seeks professional and personal enjoyment day by day.

Secretary

Kenneth C. Mayer, Jr., FAIA
Moser Mayer Phoenix Associates, PA
 328 E. Market Street, Ste. 200
 Greensboro, NC 27401
 Phone: (336) 373-9800
 E-mail: kcmayer@mmpa.com

Ken Mayer is a Principal in Moser Mayer Phoenix Associates, an architecture/engineering firm founded in Greensboro, North Carolina in 1986. His work focuses on higher education, transportation and historic preservation projects. Mr. Mayer's projects have received national recognition from the Urban Land Institute, the National Trust for Historic Preservation, and Baseball America. Mr. Mayer's professional and community leadership activities include: Action Greensboro Operating Group, Opportunity Greensboro: a Business and Collegiate Partnership, NC State College of Design Leaders Council, and the Interior Architecture Advisory Council at UNC Greensboro. He also serves on the AIANC/Carolinas AGC Joint Cooperative Committee and the AIANC/NC Bar Liaison Committee. Mr. Mayer is a graduate of the College of Design at NC State University in Raleigh, North Carolina with degrees in Environmental Design and in Architecture.

Immediate Past President

Matthew D. Messick, AIA
Walter Robbs Callahan & Pierce Architects
 530 N. Trade Street, Suite 301
 Winston-Salem NC 27101
 Phone: (336) 725-1371
 E-mail: mattm@wrpc.com

Matt Messick is a Partner with Walter Robbs Callahan & Pierce Architects, PA, in Winston-Salem. Matt received his Bachelor of Architecture with honors from NC State University in 1991. He was the recipient of the RTKL Fellowship and the Walter Robbs Callahan and Pierce Scholarship. Since 1998, he has served on the Board of Directors for the AIA NC Winston-Salem Section, AIA Insurance task Force Committee, Continuing Education Committee, 2006 Design Awards Committee Chair, and as a Director on the AIA NC Board of Directors. He has been active in a variety of organizations in the Greensboro / Winston-Salem Area.

**Director (1 year)****Scott P. Ogden, AIA****B + O: Architecture/Habitat, PLLC**

205 Princess Street

Wilmington, NC 28401

Phone: (910) 251-2707

E-mail: scott@b-and-o.net

Scott Ogden, AIA is a founding partner in B + O design studio, pllc- a Wilmington-based firm focusing on sustainable buildings and landscapes. Scott has earned degrees in architecture from Harvard University's Graduate School of Design (M.Arch) and the University of Cincinnati/DAAP (B.Arch). After work experience on both coasts in design + construction, he settled in Seattle, received licensure, & eventually founded an architectural practice there for over five years. Relocating to the NC coast in 2005, he has over twenty years of experience in residential, commercial, and institutional work. He has served on the board of AIA Wilmington, the Cape Fear Green Building Alliance (CFGBA) board, and is also NCARB certified.

**Director (1 year)****Karen Kirks Alexander, AIA****KKA Architecture**

118 East Council Street

Salisbury, NC 28144

Phone: (704) 642-0071

E-mail: Karen@kkaarch.com

Karen Alexander has over 20 years in design and construction, providing the broad qualifications and knowledge base that creates successful solutions for her clients. Committed to providing only the highest standards of service, Karen Alexander established KKA Architecture in 1989; she proves her leadership and financial management by the continued success of the firm and the award-winning work that is consistently produced. Her work has appeared on the covers of numerous national magazines and she has lectured on sustainable design, urban design, preservation, civic leadership, women in business and entrepreneurial opportunities extensively in several states. She is an avid supporter of the arts and an active civic leader with leadership roles in numerous professional and community organizations. She is the recipient of the Barbara Sullivan Humanitarian Award and the Second Annual Bishops Award. She holds a Masters of Architecture / Urban Design from UNC-Charlotte, has completed LEED® AP Certification and is a Registered Architect in the state of NC (#5700). She was the architect for the Center for the Environment project at Catawba College in Salisbury, NC which won numerous design awards and was the subject of a two-part PBS (TV) series entitled "Designing a Sustainable Future."

**Director (2 year)****Jane Mathews, AIA****Mathews Architecture, PA**

34 Wall Street, Ste. 307

Asheville, NC 28801

Phone: (828) 253-4300

E-mail: jane@mathewsarchitecture.com

Jane Mathews, AIA, principal of Mathews Architecture, PA, holds a Bachelor of Environmental Design degree with highest honors from the University of Colorado and a Masters of Architecture degree from Yale University. After graduate school, with a professional goal of working in small towns and communities of need, she was an intern architect in the coalfields of rural Eastern Kentucky, a community she still works with today. To further her work with nonprofit organizations, she served as a Fellow with the Design Arts Program of the National Endowment for the Arts in Washington, DC in 1981 and has, in more recent years, served on grants review panels for the NC Arts Council and written successful grant proposals for design-related funding for local nonprofits. In 1992 Jane co-founded the first women-owned corporate firm in Western North Carolina, Mathews & Glazer Architects, P.A.. On January 1, 2000 she established the firm of Mathews Architecture, P.A. and has been working to continue her commitment to provide socially and environmentally responsible design for the region.

**Director (2 years)****John Birath, AIA****Harnett County Schools**

1500 S. Main Street

P.O. Box 1029

Lillington, NC 27546-5655

Phone: (910) 893-4808

E-mail: jbirath@harnett.k12.nc.us

For more than 18 years John has used his skills as an architect to assist owners in pinpointing the issues that yield the proper questions. He in turn seeks to create a building that responds to those questions in ways beyond delivering a project that is on schedule, on budget, and sustainable. John believes that the architectural solutions to those questions should produce an environment that stimulates positive emotions and thoughts—a place that needs to be experienced. His dedication to family, his faith, and public education culminates into an approach to architecture that translates as "service to others." He is registered in North Carolina, Ohio and South Carolina; and received his Bachelor of Architecture degree from Kent State University in Ohio.

**Director (2 years)****Lou Jurkowski, FAIA****BJAC, pa**

811 West Hargett Street

Raleigh, NC 27603

Phone: (919) 833-8818

E-mail: lou@bjac.com

As Founding principal for BJAC, pa Jurkowski is responsible for implementing the firm's strategic direction and establishing and facilitating company goals. Lou remains involved in all levels of the business, with a focus on the effect of spatial design on learning, healing and discovery. Over the past twenty-five years she has become known for her "hands on" design and management style and as a catalyst for energy. Lou's efforts as an architect and advocate have facilitated the potential of our institutions, our building industry and for the state of North Carolina. Over the past 15 years, BJAC helped bring several new initiatives to the North Carolina public construction arena, including test modeling many firsts in public architecture: single-prime bid, construction manager at risk (CM@Risk), designer-led construction management agent and a recently initiated pre-qualification process for public bids. Over twenty five project 'firsts' have been chronicled for public projects in NC.

**YAF Director****Erin Sterling Lewis, AIA****in situ studio**

218 Snow Ave.

Raleigh, NC 27603

Phone: (919) 397-3951

E-mail: erin@insitustudio.us

Erin Sterling Lewis is a native of Illinois and grew up in Mississippi. She graduated from the University of Kentucky in 2002 with a BArch. There, she was inducted into Tau Sigma Delta Honor Society and was an architecture history teaching assistant for three semesters. Before founding in situ studio, Erin worked for over eight years at Frank Harmon Architect PA, where she played an integral role in various projects, including the Merchants Millpond State Park Visitor Center, the Walnut Creek Wetland Center, Horseshoe Farm Park, the AIA NC Center for Architecture and Design, and the First Presbyterian Church New Construction and Renovation. Beginning in 2004, Erin served two years on the Raleigh Historic Districts Commission for the City of Raleigh. Since then she has been an invited juror for the City of Raleigh Sir Walter Raleigh Awards in 2007 and 2010 as well as the 2010 North Carolina Solar Center NC Sustainable Building Design Competition. Erin is involved in various community-outreach and volunteer programs. In early 2010, she volunteered to teach a course on sustainable design at the NCSU Encore Center for Lifelong Enrichment. She is also a mentor for architecture students and interns through YAF.

2012 board of directors

Asheville

President: Thad Rhoden, AIA
Architectural Design Studio, PA
90 Church Street
Asheville, NC 28801
Phone: (828) 252-0355
E-mail: trhoden@ads-architects.com

Thad C. Rhoden is a graduate of Clemson University in Clemson, South Carolina, where he received both his Bachelor of Architecture in 2003 and his Master of Architecture in 2005. His career in architecture started with an internship that focused on forensics architecture. It was here that he developed an appreciation for architectural detailing and project management. After graduating he moved to Asheville where he presently works for Architectural Design Studio. Since his arrival in Asheville, Thad has been active in the local and state levels of AIANC; he serviced on the Strategic Planning Committee. He also spearheaded the start of the Young Architects Forum in Asheville.

Asheville

President-Elect: Mark Allison, AIA
Mark Allison, Architect, PLLC
17 Crowninway Drive,
Asheville, NC, 28804
Phone: (828) 505-2995
E-mail: mark@markallisonaia.net

Mark Allison is the principal of Mark Allison, Architect, PLLC. He grew up in Asheville and left in 1986 to attend UNC-Charlotte's College of Architecture. During that time he had the opportunity to study in Copenhagen for a semester where he developed an appreciation of the simplicity of Danish design. He received his Bachelor of Architecture from Pratt Institute in New York. His firm was founded in Asheville in 2008 following professional affiliations with award winning architecture firms in Asheville and Atlanta. As a LEED Accredited Professional, he brings his concern for the environment to each of his office's projects with a goal to balance ecology, economy, and luxury. Mark is a Toastmasters c.c., and is an appointee to Asheville's River District Design Review Committee. He enjoys parenting, skiing, and traveling to new places.

Charlotte

President: Todd C. Berg, AIA
Morris-Berg Architects, Inc.
6101 Carnegie Blvd., Ste.101
Charlotte, NC 28209
Phone: (704) 552-5800
E-mail: tberg@morrisberg.com

Todd Berg is a Partner with Morris-Berg Architects in Charlotte, specializing in the planning and design of Educational facilities and other public projects. He received his Bachelor of Architecture degree with Honors from Virginia Tech in 1984, and has practiced in Charlotte since that time. Todd has chaired the Programs Committee for AIA Charlotte, been on the Board of Directors since 2007, and has also served as Secretary, and Treasurer for the Charlotte Section. In addition to his AIA duties, he also serves on the Board of Directors for the Construction Professionals Network of North Carolina and the Cannon Memorial YMCA, and currently chairs the Cabarrus County Planning and Zoning Commission.

Charlotte

President-Elect: Jim R. Williams, AIA
Little
5815 Westpark Drive
Charlotte, NC 28217
Phone: (704) 561-3238
E-mail: jwilliams@littleonline.com

Jim leads a national team of talented design directors responsible for ensuring that every client receives exceptional design solutions that are catalysts for improved performance. With his leadership, his firm has embraced a design process characterized by intense collaboration with clients and the power to maximize the potential of each project. Jim has been actively involved in a diverse array of projects, including the first two-story Harris Teeter grocery store, Johnson & Wales University Residence Hall in Charlotte, Centro Vallarta in Guatemala, Mexico and the Futtso Shopping Center in Japan. With Bachelor of Architecture and Bachelor of Environmental Design degrees from the University of Kansas, Jim boasts more than 20 years of international architectural design, project management and due diligence experience, primarily with large scale, mixed-use, community, office and retail projects.

Eastern

President: Sarah Afflerbach, AIA
MBF Architects
317-C Pollock Street
New Bern, NC 28650
Phone: (252) 637-6373
E-mail: afflerbach@mbfarchitects.com

Sarah graduated from St. John's College in Annapolis, MD, where she studied the Great Books Program, graduating with a Bachelor of Arts in 1994. She went on to get her Masters in Architecture from the University of Illinois at Chicago, graduating in 1999 and moved to New Bern, NC with her husband in time to experience hurricane Floyd. She received the Carol Phelan award from the University of Illinois in 1999 and served on New Bern's Historic Preservation Commission for 6 years becoming Chair before her term expired. She became LEED certified in 2008 and is a member of Green Craven which is interested in promoting energy efficiencies and green practices in the surrounding area and local government. Originally from Australia she has moved around extensively but has enjoyed living in Eastern NC where she sails competitively with the Neuse Yacht Racing Association and is slowly recruiting her twins to be crew.

Eastern

President-Elect: Christopher Nason, AIA
Beacon Architecture & Design, PLLC
5108 N Croatan Hwy # 7
Kitty Hawk, NC 27949
Phone: (252) 441-6767
E-mail: nason@beaconarchitecture.com

Christopher K. Nason, AIA has a wide range of architectural expertise from years in the industry at some of the country's most renowned architectural firms. In his time at Gensler, Shelly Bulfinch and Centerbrook Architects he worked on a wide variety of project types. More recently as a principal of Beacon Architecture and Design, he has been working in Eastern North Carolina providing commercial, governmental and residential design services. In his time in North Carolina, he has been honored with several awards within the Eastern AIA Section.

**Piedmont**

President: Jill E. Spaeh, AIA
Spaeh Architecture + Environments
 3606 Madison Avenue
 Greensboro, NC 27403
 Phone: (336) 558-8367
 E-mail: jill@spaehAE.com

Jill has worked as an Architect and Interior Environmental designer in both Belfast UK and for the world-renowned firm Behnisch and Partners in Stuttgart, Germany. She returned to the United States and headed west to Vail, CO furthering her experiences designing vacation homes and ski venues. She brings her interest in communications and diversity training to her wide view on design. Her special interest in Modernism and Sustainability are being explored through the study of modernizing and greening of post-modern architecture as well as in all new construction and renovations.

President-Elect: Steve Johnson, AIA
Southern Evergreen Architecture, PLLC
 1011-D NC Hwy 150
 Summerfield, NC 27458
 Phone: (336) 286-3886
 E-mail: steve@southernevergreen.com

Steve has an accredited Bach degree in Architecture and Minor in Photography from Kansas State University, School of Architecture, and an associate's degree in Environmental Design from the University of Missouri-Kansas City. He did his professional internship with Calloway, Johnson, Moore, and West, and then with Dishner Moore before helping to found Southern Evergreen in 2005. Southern Evergreen is a design/build architecture, interior design, construction, and real-estate firm in Summerfield specializing in High Performance Residential and Commercial design and construction for Historic Preservation, Additions/Renovations, and Southern Living Custom Homes. He has been a member of the AIA in some form or another since 1995 as a member of the AIAS (president of the Kansas City chapter), then as an associate member in 2000 during his internship. He lives with his wife, 2 kids, and a dog in Greensboro. He enjoys cycling, photography, yard work, travel, and playing in the yard with his kids. For the last 7 years, he claims he hasn't worked a single day.

AIA north carolina chapter & section staff

David Crawford, Hon. AIA
Executive Vice President

David Crawford joined AIA North Carolina at the beginning of 2001 after serving as Executive Director with AIA San Diego for ten years. Prior to that, he served as Director of Professional Practice and Assistant Director of Government Relations with the AIA California Council for four years. Crawford received his B.A. in Political Science from California State University, Fullerton. He was selected to finish his undergraduate work as part of the Cal State University system's prestigious Sacramento Semester Program. Following graduation in 1984 he worked briefly as a political operative for a California State Assembly member and then began his legislative career as a manager for the state's first online legislative tracking service. He began his lobbying career in 1986 with the California Probation, Parole and Correctional Association. Crawford sat on the Board of Directors of the two accredited architecture schools in San Diego for 5 years and served on various city and regional advisory committees. He is a member of the American Society of Association Executives and in 1996-97 chaired the California Council of Architectural Component Executives (California CACE). In 2006 he will be President of the National Council of Architectural Component Executives.

Jordan Holt
Business Manager

Jordan joined the AIA North Carolina staff in May 2011. As Business Director, Jordan manages financial records including payroll, accounts payable, billing, continuing education classes and registrations, and maintains records for AIA-PAC. She also manages all of the financial records for the South Atlantic Region and the North Carolina Architectural Foundation. Before coming to work at AIANC, Jordan worked a variety of administrative, hospitality and photography positions.

Marynell Gehrke
Director of Special Events

Marynell Gehrke joined the AIA North Carolina staff in January 1995 after working since 1992 with Olson Management Group, an association management company. As director of special events, Gehrke acts as staff liaison for the convention (Summer Design Conference) and continuing education committees and all AIA North Carolina meeting and conference planning. Gehrke received a Bachelor of Science degree from the University of North Carolina in industrial relations in 1984.

Kathie Rainey
Director of Member Services

Kathie Rainey joined AIA North Carolina in 1998 as Administrative Assistant to the Executive Vice President. A North Carolina native, she comes from Pinehurst, but calls Raleigh home now. Her many years of retail management bring a strong background of customer service to our members. Her experience as an executive assistant in various corporate settings is well suited to the AIA.

Keri Dixon
Director of Programs and Communications

Keri Dixon joined AIA NC in June 2010. Keri is a graduate of Western Carolina University in North Carolina and studied Professional Writing and History. Keri has a background in communications, and previously worked as the Director of Communications for The Episcopal Diocese of East Carolina. Her major responsibilities include the production of the Architext newsletter, maintenance of the AIA NC website, and email updates to AIA members through the News & Notes. Her background in communications makes her well suited for creating an active and interactive environment for AIA NC members.

Kate Shelton
Executive Director, AIA Charlotte

Before becoming the Executive Director for AIA Charlotte, Kate was AIA Charlotte's Member Services Coordinator. She graduated in 2004 from the University of North Carolina at Charlotte with a degree in Business Administration.

The contact information for AIA Charlotte is:
1000 Seaboard Street, Suite C-5
Charlotte, NC 28206
Phone: 704.369.2302 Fax: 704.369.2306
Email: kate.shelton@aiacharlotte.org

Sterling Bollinger

Administrative Assistant, AIA Piedmont

Sterling Bollinger, Assoc. AIA
775 Wimbledon Drive
Winston-Salem, NC 27104
Phone: (336) 766-4186
E-mail: SDBollinger@gmail.com
Sterling works for Lindsey Architecture in Greensboro, NC and works for AIA Piedmont part time. She received her Bachelor of Arts in Architecture and minors in Urban Studies and Geography from UNC-Charlotte in 2003. She went on to complete a Post Bachelor Certificate in Historic Preservation from UNC-Greensboro in 2007. Sterling served on the AIA Winston-Salem Section Board for 4 years as the Website Director and then Associate Director.

Diane S. Williams

Executive Manager, AIA Triangle

Diane Williams is the Executive Manager for AIA Triangle, a section of the North Carolina Chapter of the American Institute of Architects. Williams received her BS in Education from Ohio State University in Columbus, Ohio. She has more than eight years of association management experience working as Executive Director for the Pitt County Medical Association and the Seaboard Medical Association. In addition, Williams has 11 years of marketing and newspaper experience, working as the Circulation Director for The Daily Reflector in Greenville, NC.

The contact information for AIA Triangle is:
302 Versailles Drive
Cary, NC, 27511
Phone: 919-463-0333, Fx: 919-463-0588
Email: dwilliams@aiatriangle.org

Michelle Marks

Executive Director, AIA Wilmington

Michelle Marks has been with LS3P Architects since June of 2005. She is the Administrative Assistant for Chris Boney. She joined AIA Wilmington as the Executive Director in December 2006. She is a Wilmington native where she resides with her husband and her son. She enjoys bicycle riding and boating with her family and anything associated with living on the coast.

c/o LS3P
2528 Independence Blvd., Suite 200
Wilmington, NC 28412
Phone: 910-790-9901 ; Fx: 910-790-3111
Email: michellemarks@ls3p.com

Mary Fierle

Executive Manager, AIA Asheville

Mary Fierle serves as Executive Manager to the Asheville section of the American Institute of Architects. A former Business Development Coordinator for the City of Asheville's Downtown Development office, Fierle also worked as staff coordinator for the City's Urban Trail program. Prior to moving to Asheville in 1993, she was Public Relations Manager for the Historic Savannah Foundation in Georgia. She has worked in public relations for nearly 20 years, and has held positions with Marriott Corporation, Carnival Cruise Lines, the 1982 World's Fair and the Atlanta Braves. She has a BS degree in Public Relations from Georgia Southern University. Fierle lives in Asheville with her husband, Tim, an architect and AIA member with Buncombe County School System, and their two young children.

Contact information for AIA Asheville is:
9 West Street Ext.
Asheville, NC 28801
Phone: 828-253-6014
Email: maryfierle@bellsouth.net

STALITE 
ROTARY KILN EXPANDED LIGHTWEIGHT AGGREGATE

PURE & SIMPLE
It's Truly Green Aggregates

What materials are in your Concrete Masonry Units?
Can they cause rusting, staining, or pop outs?

Make sure your masonry units contain **STALITE** Rotary Kiln Expanded Slate High Performance Lightweight Aggregate. Masonry units made with **STALITE** provide high sound absorption, greater insulation values, and improved fire resistance. **STALITE** can also help you create buildings that are truly "Green" without the risk of contaminated elements that could be harmful and unhealthy. Demand aggregates that meet Standards of ASTM C330 and ASTM C331. Concrete Masonry Units made with **STALITE** and meeting these standards benefit you, your project and the environment...*pure and simple.*

Please contact us so we may help your masonry needs and specifications.

THE AMERICAN
INSTITUTE
OF ARCHITECTS

B101™-2007

Standard Form of
Agreement Between
Owner and Architect

Design with an added layer of protection.

PLUS download the all-new **Guide for Sustainable Projects**, FREE at aia.org/sustainableprojectsguide

Take peace of mind to the next level with AIA Contract Documents. We are pleased to announce the new D503™-2011, **Guide for Sustainable Projects**, including Agreement Amendments and Supplementary Conditions. This guide provides users with a valuable reference tool when using key AIA standard contracts like B101-2007, the most widely used standard Owner/Architect agreement in the industry, to help address the unique concerns of sustainable design. This includes information on certification systems, codes and legislation affecting sustainable design and construction projects. It also includes model language to assist all project participants in appropriately allocating risks and responsibilities. AIA Contract Documents are easy-to-use, widely accepted, and fair and balanced for all parties involved.

Download the new **Guide for Sustainable Projects** and learn more about our full library of Contract Documents at aia.org/contractdocs or call 800-242-3837.

Complex projects? Simplify.

The economy is rough enough, don't waste resources endlessly editing contracts. Let us help you save time and money.

Our new software release offers easy-to-use features that let you manage documents, enter required information in a snap, and calculate with the power of Microsoft Excel, all in one tool.

Simplify your projects with the most widely accepted contract documents available. The Industry Standard, that much better.

Available at the AIA North Carolina Office

The American Institute of Architects' Career Center offers a fast, efficient online route to the right people. They're qualified. They're curious. And they rely on the AIA Career Center for their leads.

You should, too.

In addition to posting openings, active advertisers can search an extensive résumé bank. You can also give openings an extra push via the AIA's weekly electronic newsletter, AIArchitect.

So, simplify your recruitment efforts. Visit www.aia.org/careercenter. Register your company. Post your ad. Search the résumés. And find your hire.

HONORARY MEMBERS

code of ethics & professional conduct

PREAMBLE

Members of The American Institute of Architects are dedicated to the highest standards of professionalism, integrity and competence. This Code of Ethics and Professional Conduct states guidelines for the conduct of members in fulfilling those obligations. The **Code** is arranged in three tiers of statements: Canons, Ethical Standards and Rules of Conduct:

- *Canons* are broad principles of conduct.
- *Ethical Standards (E.S.)* are more specific goals toward which Members should aspire in professional performance and behavior.
- **Rules of Conduct (Rule)** are mandatory; violation of a Rule is grounds for disciplinary action by the Institute.

Rules of Conduct, in some instances, implement more than one Canon or Ethical Standard.

The **Code** applies to the professional activities of all classes of members, wherever they occur. It addresses responsibilities to the public, which the profession serves and enriches; to the clients and users of architecture and in the building industries who help to shape the built environment; and to the art and science of architecture, that continuum of knowledge and creation, which is the heritage and legacy of the profession.

Commentary is provided for some of the Rules of Conduct. That commentary is meant to clarify or elaborate the intent of the rule. The commentary is not part of the **Code**. Enforcement will be determined by application of the Rules of Conduct alone; the commentary will assist those seeking to conform their conduct to the **Code** and those charged with its enforcement.

Statement in Compliance With Antitrust Law

The following practices are not, in themselves, unethical, unprofessional, or contrary to any policy of The American Institute of Architects or any of its components:

- (1) Submitting, at any time, competitive bids or price quotations, including in circumstances where price is the sole or principal consideration in the selection of an architect;
- (2) Providing discounts; or
- (3) Providing free services.

Individual architects or architecture firms, acting alone and not on behalf of the Institute or any of its components are free to decide for themselves whether or not to engage in any of these practices. Antitrust law permits the Institute, its components, or members to advocate legislative or other government policies or actions relating to these practices. Finally, architects should continue to consult with state laws or regulations governing the practice of architecture.

CANON I

General Obligations

Members should maintain and advance their knowledge of the art and science of architecture, respect the body of architectural accomplishment, contribute to its growth, thoughtfully consider the social and environmental impact of their professional activities, and exercise learned and uncompromised professional judgment.

E.S. 1.1 Knowledge and Skill: Members should strive to improve their professional knowledge and skill.

Rule 1.101 In practicing architecture, Members shall demonstrate a consistent pattern of reasonable care and competence, and shall apply the technical knowledge and skill which is ordinarily applied by architects of good standing practicing in the same locality.

Commentary: By requiring a "consistent pattern" of adherence to the common law standard of competence, this rule allows for discipline of a member who more than infrequently does not achieve that standard. Isolated instances of minor lapses would not provide the basis for discipline.

E.S. 1.2 Standards of Excellence: Members should continually seek to raise the standards of aesthetic excellence, architectural education, research, training and practice.

E.S. 1.3 Natural and Cultural Heritage: Members should respect and help conserve their natural and cultural heritage while striving to improve the environment and the quality of life within it.

E.S. 1.4 Human Rights: Members should uphold human rights in all their professional endeavors.

Rule 1.401 Members shall not discriminate in their professional activities on the basis of race, religion, gender, national origin, age, disability or sexual orientation.

E.S. 1.5 Allied Arts & Industries: Members should promote allied arts and contribute to the knowledge and capability of the building industries as a whole.

CANON II

Obligations to the Public

Members should embrace the spirit and letter of the law governing their professional affairs and should promote and serve the public interest in their personal and professional activities.

E.S. 2.1 Conduct: Members should uphold the law in the conduct of their professional activities.

Rule 2.101 Members shall not, in the conduct of their professional practice, knowingly violate the law.

Commentary: The violation of any law, local, state or federal, occurring in the conduct of a Member's professional practice, is made the basis for discipline by this rule. This includes the federal Copyright Act, which prohibits copying architectural works without the permission of the copyright owner. Allegations of violations of this rule must be based on an independent finding of a violation of the law by a court of competent jurisdiction or an administrative or regulatory body.

Rule 2.102 Members shall neither offer nor make any payment or gift to a public official with the intent of influencing the official's judgment in connection with an existing or prospective project in which the Members are interested.

Commentary: This rule does not prohibit campaign contributions made in conformity with applicable campaign financing laws.

Rule 2.103 Members serving in a public capacity shall not accept payments or gifts which are intended to influence their judgment.

Rule 2.104 Members shall not engage in conduct involving fraud or wanton disregard of the rights of others.

Commentary: This rule addresses serious misconduct whether or not related to a member's professional practice. When an alleged violation of this rule is based on a violation of a law, or of fraud, then its proof must be based on an independent finding of a violation of the law or a finding of fraud by a court of competent jurisdiction or an administrative or regulatory body.

Rule 2.105 If, in the course of their work on a project, the members become aware of a decision taken by their employer or client which violates any law or regulation and which will, in the members' judgment, materially affect adversely the safety to the public of the finished project, the members shall: (a) advise their employer or client against the decision, (b) refuse to consent to the decision, and (c) report the decision to the local building inspector or other public official charged with the enforcement of the applicable laws and regulations, unless the members are able to cause the matter to be satisfactorily resolved by other means.

Commentary: This rule extends only to violations of the building laws that threaten the public safety. The obligation under this rule applies only to the safety of the finished project, an obligation coextensive with the usual undertaking of an architect.

Rule 2.106 Members shall not counsel or assist a client in conduct that the architect knows, or reasonably should know, is fraudulent or illegal.

E.S. 2.2 Public Interest Services: Members should render public interest professional services, including pro bono services, and encourage their employees to render such services. Pro bono services are those rendered without expecting compensation, including those rendered for indigent persons, after disasters, or in other emergencies.

E.S. 2.3 Civic Responsibility: Members should be involved in civic activities as citizens and professionals, and should strive to improve public appreciation and understanding of architecture and the functions and responsibilities of architects.

Rule 2.301 Members making public statements on architectural issues shall disclose when they are being compensated for making such statements or when they have an economic interest in the issue.

CANON III**Obligations to the Client**

Members should serve their clients competently and in a professional manner, and should exercise unprejudiced and unbiased judgment when performing all professional services.

E.S. 3.1 Competence: Members should serve their clients in a timely and competent manner.

Rule 3.101 In performing professional services, members shall take into account applicable laws and regulations. Members may rely on the advice of other qualified persons as to the intent and meaning of such regulations.

Rule 3.102 Members shall undertake to perform professional services only when they, together with those whom they may engage as consultants, are qualified by education, training, or experience in the specific technical areas involved.

Commentary: This rule is meant to ensure that members not undertake projects that are beyond their professional capacity. Members venturing into areas that require expertise they do not possess may obtain that expertise by additional education, training, or through the retention of consultants with the necessary expertise.

Rule 3.103 Members shall not materially alter the scope or objectives of a project without the client's consent.

E.S. 3.2 Conflict of Interest: Members should avoid conflicts of interest in their professional practices and fully disclose all unavoidable conflicts as they arise.

Rule 3.201 A Member shall not render professional services if the member's professional judgment could be affected by responsibilities to another project or person, or by the member's own interests, unless all whom rely on the member's judgment consent after full disclosure.

Commentary: This rule is intended to embrace the full range of situations that may present a member with a conflict between his or her interests or responsibilities and the interest of others. Those who are entitled to disclosure may include a client, owner, employer, contractor, or others who rely on or are affected by the member's professional decisions. A member who cannot appropriately communicate about a conflict directly with an affected person must take steps to ensure that disclosure is made by other means.

Rule 3.202 When acting by agreement of the parties as the independent interpreter of building contract documents and the judge of contract performance, members shall render decisions impartially.

Commentary: This rule applies when the member, though paid by the owner and owing the owner loyalty, is nonetheless required to act with impartiality in fulfilling the architect's professional responsibilities.

E.S. 3.3 Candor and Truthfulness: Members should be candid and truthful in their professional communications and keep their clients reasonably informed about the clients' projects.

Rule 3.301 Members shall not intentionally, or recklessly, mislead existing or prospective clients about the results that can be achieved through the use of the members' services, nor shall the members state that they can achieve results by means that violate applicable law or this Code.

Commentary: This rule is meant to preclude dishonest, reckless, or illegal representations by a member either in the course of soliciting a client or during performance.

E.S. 3.4 Confidentiality: Members should safeguard the trust placed in them by their clients.

Rule 3.401 Members shall not knowingly disclose information that would adversely affect their client or that they have been asked to maintain in confidence, except as otherwise allowed or required by this Code or applicable law.

Commentary: To encourage the full and open exchange of information necessary for a successful professional relationship, members must recognize and respect the sensitive nature of confidential client communications. The law does not recognize an architect-client privilege, however, the rule permits a member to reveal a confidence when a failure to do so would be unlawful or contrary to another ethical duty imposed by this Code.

CANON IV**Obligations to the Profession**

Members should uphold the integrity and dignity of the profession.

E.S. 4.1 Honesty and Fairness: Members should pursue their professional activities with honesty and fairness.

Rule 4.101 Members having substantial information which leads to a reasonable belief that another member has committed a violation of this Code, which raises a serious question as to that member's honesty, trustworthiness, or fitness as a member, shall file a complaint with the National Ethics Council.

Commentary: Often, only an architect can recognize that the behavior of another architect poses a serious question as to that other's professional integrity. In those circumstances, the duty to the professional's calling requires that a complaint be filed. In most jurisdictions, a complaint that invokes professional standards is protected from a libel or slander action if the complaint was made in good faith. If in doubt, a member should seek counsel before reporting on another under this rule.

Rule 4.102 Members shall not sign or seal drawings, specifications, reports, or other professional work for which they do not have responsible control.

Commentary: Responsible control means the degree of knowledge and supervision ordinarily required by the professional standard of care. With respect to the work of licensed consultants, members may sign or seal such work if they have reviewed it, coordinated its preparation, or intend to be responsible for its adequacy.

Rule 4.103 Members speaking in their professional capacity shall not knowingly make false statements of material fact.

Commentary: This rule applies to statements in all professional contexts, including applications for licensure and AIA membership.

E.S. 4.2 Dignity and Integrity: Members should strive, through their actions, to promote the dignity and integrity of the profession, and to ensure that their representatives and employees conform their conduct to this Code.

Rule 4.201 Members shall not make misleading, deceptive, or false statements or claims about their professional qualifications, experience or performance, and shall accurately state the scope and nature of their responsibilities in connection with work for which they are claiming credit.

Commentary: This rule is meant to prevent members from claiming or implying credit for work which they did not do, misleading others and denying other participants in a project their proper share of credit.

Rule 4.202 Members shall make reasonable efforts to ensure that those over whom they have supervisory authority conform their conduct to this Code.

Commentary: What constitutes "reasonable efforts" under this rule is a common sense matter. As it makes sense to ensure that those over whom the architect exercises supervision be made generally aware of the Code, it can also make sense to bring a particular provision to the attention of a particular employee when a situation is present which might give rise to violation.

CANON V**Obligations to Colleagues**

Members should respect the rights and acknowledge the professional aspirations and contributions of their colleagues.

E.S. 5.1 Professional Environment: Members should provide their associates and employees with a suitable working environment, compensate them fairly and facilitate their professional development.

E.S. 5.2 Intern and Professional Development: Members should recognize and fulfill their obligation to nurture fellow professionals as they progress through all stages of their career, beginning with professional education in the academy, progressing through internship and continuing throughout their career.

E.S. 5.3 Professional Recognition: Members should build their professional reputation on the merits of their own service and performance, and should recognize and give credit to others for the professional work they have performed.

Rule 5.301 Members shall recognize and respect the professional contributions of their employees, employers, professional colleagues and business associates.

code of ethics & professional conduct

Rule 5.302 Members leaving a firm shall not, without the permission of their employer or partner, take designs, drawings, data, reports, notes or other materials relating to the firm's work, whether or not performed by the member.

Rule 5.303 A member shall not unreasonably withhold permission from a departing employee or partner to take copies of designs, drawings, data, reports, notes or other materials relating to work performed by the employee or partner that are not confidential.

Commentary: A member may impose reasonable conditions, such as the payment of copying costs, on the right of departing persons to take copies of their work.

CANON VI

Obligations to the Environment

Members should promote sustainable design and development principles in their professional activities.

E.S. 6.1 Sustainable Design: In performing design work, members should be environmentally responsible and advocate sustainable building and site design.

E.S. 6.2 Sustainable Development: In performing professional services, members should advocate the design, construction, and operation of sustainable buildings and communities.

E.S. 6.3 Sustainable Practices: Members should use sustainable practices within their firms and professional organizations, and they should encourage their clients to do the same.

RULES OF APPLICATION, ENFORCEMENT AND AMENDMENT APPLICATION

The **Code of Ethics and Professional Conduct** applies to the professional activities of all members of the AIA.

ENFORCEMENT

The Bylaws of the Institute state procedures for the enforcement of the **Code of Ethics and Professional Conduct**. Such procedures provide that:

- (1) Enforcement of the **Code** is administered through a National Ethics Council, appointed by the AIA Board of Directors.
- (2) Formal charges are filed directly with the National Ethics Council by members, components or anyone directly aggrieved by the conduct of the members.
- (3) Penalties that may be imposed by the National Ethics Council are:
 - (a) Admonition
 - (b) Censure
 - (c) Suspension of membership for a period of time
 - (d) Termination of membership.
- (4) Appeal procedures are available.
- (5) All proceedings are confidential, as is the imposition of an admonishment; however, all other penalties shall be made public.

Enforcement of Rules 4.101 and 4.202 refer to and support enforcement of other Rules. A violation of Rules 4.101 or 4.202 cannot be established without proof of a pertinent violation of at least one other Rule.

AMENDMENT

The **Code of Ethics and Professional Conduct** may be amended by the convention of the Institute under the same procedures as are necessary to amend the Institute's Bylaws. The **Code** may also be amended by the AIA Board of Directors upon a two-thirds vote of the entire Board.

***2007 Edition.** This copy of the **Code of Ethics** is current as of December 2007.

Contact the General Counsel's Office for further information at (202) 626-7311.

AIA fellows

The American Institute of Architects bestows the recognition of Fellowship for achievement in architecture on members who have contributed notably to the advancement of the profession of architecture. With the exception of the Gold Medal, fellowship is the highest honor the AIA can bestow on a member. It is conferred on architects with at least 10 years of membership in the AIA who have made significant contributions in the following areas: the aesthetic, scientific, and practical efficiency of the profession; the standards of architectural education, training, and practice; the building industry through leadership in the AIA and other related professional organizations; advancement of living standards of people through an improved environment; and to society through significant public service.

Founded in 1952, the College of Fellows includes approximately five percent of the total AIA membership. Those advanced to fellowship can use "FAIA" after their names in recognition of their contributions in design, education, research or public service.

Current members of AIA North Carolina who have been recognized for Fellowship are:

Richard K. Albyn, FAIA
John L. Atkins, FAIA
Alan T. Baldwin, FAIA
Peter Batchelor, FAIA
G. Edwin Belk, FAIA

► NEW DOCUMENTS RELEASED

Protect your plans for tomorrow with AIA Contract Documents today.

AIA Contract Documents just released new and updated agreements that address the unique requirements of urban planning, multi-family and mixed-use residential projects. With an eye towards sustainability, we offer documents that can help guide your revitalization project with a framework for transforming aging urban structures into vibrant communities. Easy to use, widely accepted and fair and balanced for all parties involved – get off to a smart start with AIA Contract Documents.

AIA Contract Documents
THE INDUSTRY STANDARD

NEW DOCUMENTS TO INCLUDE URBAN PLANNING, MIXED-USE HOUSING AND RESIDENTIAL PROJECT DEVELOPMENT AGREEMENTS – AVAILABLE THROUGH AIA CONTRACT DOCUMENTS SOFTWARE AND AIA DOCUMENTS-ON-DEMAND™. To learn more, call 800-242-3837 or visit aia.org/contractdocs.

AIA north carolina chapter awards and honors

The 2011 winners were announced during an awards banquet held at the North Carolina Museum of Natural Science in Raleigh, North Carolina on Saturday, September 10, 2011.

A five-person Awards committee, appointed yearly by the Chapter president and chaired by the immediate past president, is responsible for reviewing the nominations and selecting a recipient.

AIA North Carolina – F. Carter Williams Gold Medal

This is the highest honor presented by the Chapter to a member of AIA North Carolina. It is awarded to an individual in recognition of a distinguished career or extraordinary accomplishments as an architect. The Gold Medal was created by the Board of Directors in 1976. The first recipient was Luther Snow Lashmit. Until 1998, Lashmit was the only architect to receive this award. It was at that time re-named in honor of the late Raleigh architect F. Carter Williams, FAIA. The Williams family has established an endowment in support of the Gold Medal.

ELIGIBILITY

A current or deceased member of AIA North Carolina is eligible to receive the Gold Medal. No more than one such award shall be made in any year. Individuals who are current members of the Chapter Board, one year removed from the Board or members of the Awards committee are ineligible for consideration.

NOMINATIONS

Nominations may be made by members, the public, or by AIA North Carolina sections. Please contact AIA North Carolina at 919-833-6656 for nomination deadlines. Nominations should include the following information:

- A nomination letter that summarizes the contributions made by the individual
- A brief biography of the nominee not to exceed four pages
- Miscellaneous material (clippings, articles, etc.) not to exceed three pages
- Letters of support, not to exceed five, from AIA North Carolina members; letters should be explicit in their recommendation and contain specific reasons for support.

GOLD MEDAL RECIPIENTS

1976	Luther Snow Lashmit, AIA, Winston-Salem
1998	Lloyd G. Walter, Jr., FAIA, Winston-Salem
1999	J. Hyatt Hammond, FAIA, Greensboro
2000	Marley P. Carroll, FAIA, Charlotte
2001	Herbert P. McKim, FAIA, Wilmington
2002	Jeffrey A. Huberman, FAIA, Charlotte
2003	Charles H. Boney, Sr., FAIA, Wilmington
2004	S. Scott Ferebee, FAIA, Charlotte
2005	John L. Atkins, FAIA, Research Triangle Park
2006	Macon S. Smith, FAIA, Raleigh
2007	Paul D. Boney, FAIA, Wilmington
2008	Gail A. Lindsay, FAIA, Wake Forest
2009	Jay Peterson, FAIA, Wilmington
2010	Philip G. Freelon, FAIA, Raleigh
2011	Marvin J. Malecha, FAIA, Raleigh

AIA North Carolina Firm Award

The AIA North Carolina Firm Award shall be awarded to a North Carolina firm that has consistently produced quality architecture with a verifiable level of client satisfaction for a period of at least 10 years as an established presence in this state. This award is the highest honor the Chapter can bestow upon a firm.

ELIGIBILITY

North Carolina architectural firms practicing under the leadership of either a single AIA North Carolina member principal or several AIA North Carolina member principals are eligible for the Firm Award. In addition, firms that have been reorganized and whose name has been changed or modified are also eligible, as long as the firm has been in operation in North Carolina for a period of at least 10 years. Although firms that are headquartered in other states or firms that perform the majority of their work in other states or countries are eligible, the firm's work and impact within the state of North Carolina shall be of primary consideration. A firm owned or managed by the Chapter president, president-elect or members of the Awards committee shall not be eligible for consideration.

NOMINATIONS

Nominations may be made by members, the public, or by AIA North Carolina sections. Please contact AIA North Carolina at 919-833-6656 for nomination deadlines. The nominations should include the following information:

- A nomination letter by a member, AIA North Carolina Section or a representative of the public, summarizing the firm's contributions in terms of design excellence and client satisfaction
- A brief biography of all firm principals and a history of the firm
- A firm brochure (if available)
- Descriptive statements and photographs of early, middle and recent work of the firm
- A maximum of five signed letters by clients, attesting to the firm's excellence and/or high level of performance

FIRM AWARD RECIPIENTS

1998	O'Brien/Atkins Associates, Research Triangle Park
1999	Walter Robbs Callahan & Pierce Architects, Winston-Salem
2000	Lee Nichols Architecture, Charlotte
2001	The Freelon Group, Inc., Research Triangle Park, Charlotte
2006	Gantt Huberman, Charlotte
2007	Clearscapes, Raleigh
2008	Shook Kelly, Charlotte
2009	Cherry Huffman Architects, PA, Raleigh
2010	BJAC, Raleigh
2011	Mathews Architecture, Asheville

AIA North Carolina – William H. Deitrick Service Medal

The AIA North Carolina -William H. Deitrick Service Medal will be presented to an AIA North Carolina member who exhibits extraordinary service to the community, profession or AIA North Carolina. The medal is named in honor of the late William Henley Deitrick, FAIA, a former president of AIA North Carolina. The AIA Tower, headquarters for AIA North Carolina, previously served as Deitrick's architectural studio and offices.

ELIGIBILITY

A current or deceased member of AIA North Carolina is eligible to receive the Deitrick Service Medal. No more than one such award shall be made in any year. Individuals who are current members of the Chapter Board, one year removed from the Board or members of the Awards committee are ineligible for consideration. The selection will be made from one of the following categories:

• SERVICE TO THE COMMUNITY

This category recognizes the work of architects who serve as elected officials, public administrators or institutional leaders and establish and contribute to the development of laws, regulations and policies that promote excellence in architecture.

• SERVICE TO THE CHAPTER

This category recognizes the work of architects that, by their skill, professionalism, dedication, ability and commitment, have consistently advanced the common goals of AIA North Carolina.

• SERVICE TO THE PROFESSION

This category recognizes the work of architects who have had a significant impact on the profession of architecture and its public perception as a profession.

NOMINATIONS

Nominations may be made by members, the public, or by AIA North Carolina sections. Please contact AIA North Carolina at 919-833-6656 for nomination deadlines. The nominations should include the following information:

- A nomination letter by the AIA member, group of members, component or committee.
- A biography of the nominee, not to exceed two pages, including a list of offices, positions, honors, achievements, publications or presentations that relate to the award's purpose.
- Five letters of support that give testament to the achievement presented.
- Exhibits, if appropriate for the nominee, to illustrate accomplishments that relate to the award's purpose.

DEITRICK SERVICE MEDAL RECIPIENTS

1995	S. Scott Ferebee, Jr., FAIA, Charlotte
1996	Leslie N. Boney, Jr., FAIA, Wilmington
1997	Danie A. Johnson, FAIA, Asheville
1998	Sam T. Snowdon, Jr., FAIA, Laurinburg
1999	Carole A. Hoefener, AIA, (posthumously), Charlotte
2000	Thomas P. Turner Jr., FAIA, Charlotte
2001	Macon S. Smith, FAIA, Raleigh
2002	James C. Hamphill, Jr., Charlotte
2003	James W. Mason, AIA (posthumously), Chapel Hill
2004	Robert P. Burns, FAIA, Raleigh
2005	Paul Davis Boney, FAIA, Wilmington
2006	No Recipient Chosen
2007	Dennis J. Hall, FAIA, Charlotte
2008	Allen D. McGuinn, AIA, Asheville
2009	Katherine Peele, FAIA, Raleigh
2010	James E. Rains, Jr., FAIA, Ramsuer
2011	Walton R. Teague, FAIA, Greensboro

The Legacy Award

The Legacy Award is given in recognition of an individual, group, corporation, institution, church or government entity's, long standing commitment and contributions to architecture, for their support of the community of North Carolina architects and for their influence on North Carolina architecture. The award will be given from time to time as qualified candidates are brought to the attention of the North Carolina Awards Committee. No more than one award will be given annually and it will not be necessary that an award be given every year.

NOMINATION

Nominations for this award may be made by any member of AIA North Carolina, the AIA North Carolina Board, the Architectural Foundation Board or a member of the NC Chapter Awards Committee.

ELIGIBILITY

Nominations for the Legacy Award shall be limited to North Carolina individuals, groups, corporations, institutions, church or government entities that have demonstrated long standing commitments, made significant contributions or influenced the preservation of North Carolina's built environment and its resources. Such groups or individuals shall demonstrate that they have, with purpose, influenced the advancement of architecture and/or raised the public's awareness of the positive impact that architecture and planning can make on the perception and livability of North Carolina communities.

SUBMITTAL REQUIREMENTS

1. Name, biography or history of the nominated individual or institution
2. Description and history of the project, social contributions, awards, etc.
3. Names and brief description of architects employed in the performance of the work associated with the nomination.
4. 3 letters of reference, at least two of which shall be from members of AIA North Carolina.

Legacy Award Recipients

2010	The Biltmore Companies
2011	Preservation North Carolina

AIA North Carolina - J. Hyatt Hammond Scholarship

AIA North Carolina Gold Medalist J. Hyatt Hammond, FAIA has established a fund to provide scholarships for young professionals to attend the AIA North Carolina Summer Design Conference.

ELIGIBILITY

Eligibility is restricted to AIA North Carolina associate members and architect members who have been licensed for less than 10 years.

APPLICATION PROCESS & SCHOLARSHIP PRESENTATION

AIA North Carolina makes scholarship applications available in the months prior to the AIA North Carolina Summer Design Conference. Submitted applications are reviewed by board members of the North Carolina Architectural Foundation. Winners are notified at least one month prior to the Summer Design Conference. Scholarship money is provided to the recipients after the conference, based upon receipts provided up to a total of \$500.

AIA national design awards

A total of 11 projects, located in North Carolina, have received the AIA's highest recognition of design excellence.

1953:	Project: N.C. State Fair Pavilion (Dorton Arena), Raleigh Architect: William H. Deitrick, FAIA, with Matthew Nowicki, designer	1980:	Project: Southern Service Center for Equitable Life, Charlotte Architect: Wolf Associates
1954:	Project: Double Oaks Elementary School, Charlotte Architect: Arthur G. Odell Jr., FAIA	1983:	Project: Mecklenburg County Courthouse, Charlotte Architect: Wolf Associates
1957:	Project: Wilson Junior High School, Charlotte Architect: Arthur G. Odell Jr., FAIA Project: Residence/studio, Raleigh Architect: George Matsumoto, FAIA	1984:	Project: R.J. Reynolds Tobacco Co. building, Winston-Salem Architect: Croxton Collaborative with Hammill-Walter
1971:	Project: NCNB (NationsBank) Branch Office, Charlotte Architect: Wolf Associates	2009:	Project: Art as Shelter at the NC Museum of Art, Raleigh Architect: Tonic Design
1974:	Project: NCNB (NationsBank) Branch Office, Charlotte Architect: Wolf Associates	2011:	Project: North Carolina Museum of Art, Raleigh Architect: Thomas Phifer and Partners Local Architect: Pearce Brinkley Cease + Lee

GOOD DESIGN MAKES A DIFFERENCE

For almost 150 years, members of the American Institute of Architects have worked with each other and their communities to create more valuable, healthy, secure, and sustainable buildings and cityscapes. AIA members have access to the right people, knowledge, and tools to create better design—and help clients and communities make their visions real.

Visit www.aia.org to see enhanced collaboration in action.

North Carolina | (919) 833-6656
www.aianc.org

continuing education mandatory for licensure and membership

North Carolina architects must fulfill a program of continuing education each year in order to renew their licenses. Continuing education has been a membership requirement for the American Institute of Architects for several years now. The two requirements are slightly different but compatible.

Here's the bottom line: AIA architects in North Carolina should obtain a total of 18 learning units per calendar year. Of these 18 hours, at least 8 hours must be in subjects designated as Health, Safety, and Welfare (HSW). Of these 8 HSW hours, at least 4 hours must be about a Sustainable Design (SD) topic.

State Licensure Requirements

Each year, North Carolina architects must complete a verifiable program of 12 contact hours of continuing education. The contact hours must be in health-safety-welfare subject material. Contact hours may not be carried over from one calendar year to the next. HSW Programs provided by AIA registered providers will be accepted by the North Carolina Board of Architecture. The licensing board will also accept an AIA member's continuing education transcript as evidence of continuing education fulfillment.

AIA Requirements

Developed to demonstrate AIA members' lifelong commitment to learning, the AIA Continuing Education System (CES) enhances knowledge, competency and competitiveness. In summary, the Institute's plan includes the following:

- Members must have 18 hours of continuing education per year in order to maintain membership.
- The 18 hours must include 8 contact hours in health/safety-related subject matter.

AIA North Carolina Continuing Education Academy

AIA North Carolina has successfully launched an aggressive effort to provide its members affordable, accessible and relevant continuing education. The AIA North Carolina Continuing Education Academy is the winner of the 1999 AIA/CES Award for Excellence. AIA North Carolina was the only AIA chapter or component in America to win this prestigious award for excellence in continuing education programming and member service.

In 2012, AIA North Carolina plans to offer seminars at various locations around the state. The South Atlantic Region Design Conference, *re:Design Architecture*, scheduled for September 19-22 at the Loews Atlanta Hotel in Atlanta, Georgia, provides an opportunity for members to fulfill their requirements in a compressed period of time.

Visit the AIA North Carolina web site at www.aianc.org for an updated listing of continuing education programs in the Southeast. In addition, the seven local sections of AIA North Carolina typically offer AIA/CES programs at their meetings.

Where AIA CES Records Are Kept

The CES record-keeping is performed at the AIA National Headquarters in Washington D.C. Call **1-800-242-3837** ext. 3 for questions or comments on AIA/CES records. This record-keeping center monitors contact hours earned by AIA members and keeps track of registered providers. AIA members may monitor their continuing education progress and transcripts by visiting AIA Online at www.aia.org/education/index.htm.

architectural education

N.C. State University

The Department of Architecture at N.C. State University was established in 1948 as one of two original academic components in the School of Design. The School of Design experienced a long period of development, establishing a reputation for innovation. In the fall of 2000, the department was given school status and the school was granted college status.

The College is presently led by Dean Marvin J. Malecha, FAIA, who was appointed to the position in August 1994. Robin Abrams, Ph.D., AIA, was appointed Head of the School of Architecture, and leads the school as the first woman to hold that position.

The School of Architecture has grown its mission and curricular offerings over the years to include programs leading to the following three degrees:

Bachelor of Environmental Design in Architecture (BEDA)

A four-year pre-professional curriculum that serves as the foundation for the two advanced programs. The curriculum includes a balance of general studies (English, mathematics, science and humanities), design studio courses and architectural support courses (history, technology, methods and theory).

Bachelor of Architecture (B. ARCH)

A one-year professional curriculum that builds on the four-year BEDA or other equivalent program.

Master of Architecture (M. ARCH)

Three tracks lead to the professional M. ARCH degree: **Track I** is a two-year program for holders of the BEDA or equivalent four-year pre-professional degree; **Track II** is a three-semester second professional degree program for holders of the B. ARCH degree; **Track III** accepts students with degrees in non-architectural fields into a three and one half year program.

Both the B. ARCH and M. ARCH are professional degrees accredited by the National Architectural Accrediting Board. The most recent accreditation action took place in 2006 extending accreditation of both programs for six years. The College of Design annually admits 130 freshmen and transfer students into one of five *studio-based programs*. Following an interdisciplinary fall semester, students begin their architectural studies in the spring semester of the first year. For information about the undergraduate admissions standards and procedures, contact the College of Design, N.C. State University, Box 7701, Raleigh, NC 27695-7701.

Admissions to the B. ARCH and M. ARCH programs are by application to the School of Architecture. For additional information, contact the School of Architecture, College of Design, N.C. State University, Box 7701, Raleigh, NC 27695-7701.

UNC Charlotte

The School of Architecture, within the College of Arts + Architecture, at UNC Charlotte graduated its first students with professional degrees in 1976. In 2010, the School received its seventh consecutive full term accreditation from the National Architectural Accreditation Board (NAAB). The College is led by Dean Kenneth Lambla, AIA, and the School of Architecture is led by Director Christopher Jarrett. The curriculum provides a balance between theory and application, and general and professional education. Students may pursue a double major or minor in another field such as urban design, urban studies, art, construction management, and business/real estate development. The curriculum is organized as follows:

Undergraduate Programs

Bachelor of Arts in Architecture (B.A. in Arch.)
Bachelor of Architecture (B. Arch.)

The Bachelor of Arts in Architecture (B.A. in Arch.) is the pre-professional, four-year undergraduate program in architecture. In the first three years, students are enrolled in general education and core architecture courses, including architectural design studio in the first year. In design studios and seminars, which occur each semester, students acquire the fundamentals of visual and spatial design, problem solving, conceptualization, technology and environmental influences. In the fourth year, students select design studios and seminars related to topical interests such as energy and sustainability, digital design methods, urban design and conceptual themes. In addition, students extend their knowledge of architectural history and technology while having the opportunity to pursue individual interests through architecture elective seminars. The B.A. in Arch. is awarded at the end of the fourth year.

In the fall semester of the fourth year, students may elect to pursue one of two professional degrees in architecture granted by the School: 1) the Bachelor of Architecture (B. Arch.) is the professional "undergraduate-level program" leading to the NAAB-accredited Bachelor of Architecture degree; or 2) the Master of Architecture (M. Arch.) is the professional "graduate-level program" leading to the NAAB-accredited Master of Architecture degree.

For the B. Arch. degree, students complete an additional one-year curriculum consisting of a comprehensive architectural design project coupled with advanced courses in building technology, professional practice and architectural electives. The Bachelor of Architecture (B. Arch.) is awarded at the end of the fifth year.

Graduate Programs

Master of Architecture (M. Arch.)
Master of Urban Design (M.U.D.)

The Master of Architecture (M. Arch.) is the professional "graduate-level program" in architecture leading to the NAAB-accredited Master of Architecture degree. The M. Arch. provides flexibility for both students who have a degree in a field other than architecture (MI-track) as well as those who have an undergraduate degree (B.A. or B.S.) with a major in architecture (MII-track).

MI-track students complete a three-year curriculum that begins in the second session of the summer semester. In the first year, students acquire the fundamentals of visual and spatial design, problem solving, conceptualization and environmental influences. In addition to design studio, they take introductory coursework in architectural history and theory, building technology, and visual skills. In the second year, MI-track students are aligned with the curriculum for MII-track students, completing a two-year curriculum consisting of a comprehensive architectural design project and advanced graduate design studios coupled with courses in contemporary theory, design methodology, building technology, professional practice and architectural electives. The final year provides an opportunity for advanced, focused design exploration and research.

The Master of Urban Design (M.U.D.) is a 12-month, three-semester program focusing on cities and suburbs that are being reshaped by shifting demographics, global capital, information technology and environmental sustainability. The M.U.D. Program is located off-campus, in the University's Center City Building in Uptown Charlotte. Dual-degrees with Geography and Business are available for both the M. Arch. and M.U.D. degree programs.

Within the school, there are several research centers and laboratories that provide a point of contact for students to engage in funded research projects with the faculty. Research in high performance building and optimization protocols, day lighting and energy analysis, digital design and interactive visualization, and urban design takes full advantage of the schools' advanced computing, software and digital fabrication facilities.

The school's International Summer Study programs travel to diverse destinations that have recently included China, Italy, Spain and Portugal, and Switzerland, with an upcoming trip planned for Eastern European capital cities. The SoA regularly hosts exchange students, and SoA students have opportunities to study abroad at other institutions in China, the Netherlands, Denmark, Germany, Finland, England, Mexico and Australia.

The school accepts transfer students for advanced standing from other NAAB-accredited schools. More detailed information may be obtained by going to www.soa.uncc.edu or by writing the School of Architecture, UNC Charlotte, Charlotte, NC 28223.

NC board of architecture

The North Carolina Board of Architecture, established by the General Assembly in 1915, is responsible for enforcement of the laws and regulations governing the practice of architecture in the state. A major task is to determine the qualifications of applicants who seek licensure in this state.

The Board is comprised of seven members appointed by the Governor, five of whom are licensed architects appointed for five-year terms. Two of the members of the Board are not licensed architects and represent the interests of the public at large. The public members serve at the pleasure of the Governor.

In order to qualify for a license to practice architecture in North Carolina, an applicant must meet the following minimum requirements:

- 1) An accredited professional degree in architecture
- 2) Three year internship
- 3) Pass all divisions of the ARE (Architectural Registration Examination)

The current board members are

Paul D. Boney, FAIA, Jr., Secretary
Raleigh

Chris E. Brasier, FAIA, Member
Raleigh

Barbara A. Field, FAIA, President
Asheville

Kiki Teague, Treasurer Public
Winston-Salem

Thomas P. Turner, FAIA, Jr. Member
Charlotte

Cheryl C. Walker, FAIA, Vice President
Charlotte

Additional information on the N.C. Board of Architecture may be obtained by contacting:

national council of architectural registration boards

The National Council of Architectural Registration Boards was established in 1920 to assist member boards in carrying out its duties, foster the enactment of uniform architectural laws, develop examinations and establish standards for certification requirements in education and training, to perfect its procedures for verifying the qualifications of applicants and determining their eligibility for certification and establish and maintain reciprocal registration between states having registration laws.

The NCARB is a non-profit corporation with all legally constituted boards of architecture in the United States as members, including the North Carolina Board of Architecture. To be eligible for NCARB certification, architects must submit satisfactory evidence that they comply with the standard for education, training, examination and character and have been registered by a member board.

The NCARB will, upon request of an individual architect, secure, authenticate, and record factual data of the applicant's education, training, practice and character. This record will be forwarded to any state board upon request of the applicant.

Certification shall be given to an applicant holding a council record verifying that the applicant has complied with the council's standards of education, training, practice and character; and that the applicant has passed an examination conforming to the council's standards of content, extent and length of time.

Certification by the NCARB is recommendation to all registration authorities that registration be granted to the holder without further examination. Most board members accept NCARB certification as conclusive evidence of an architect's eligibility of registration. It is, however, not a national registration.

Complete information on compiling a council record and obtaining council certification can be obtained from:

National Council of Architectural Registration Boards

1801 K Street NW
Washington, DC 20006
Phone: (202) 783-6500
Fax: (202) 783-0290

AIA political action committee

The AIA-PAC has achieved high success rates in terms of its contributions to winning candidates and its ability to influence legislation. It has played a prominent role in enhancing the image of AIA North Carolina among state legislators and in establishing architects as a respected source of information for legislators.

LEGISLATIVE SUCCESS

Since its formation in 1986, the AIA North Carolina Political Action Committee (AIA-PAC) has become increasingly successful in the political arena and has been of major assistance to AIA North Carolina in advancing its legislative agenda.

A long string of legislative victories have been achieved by AIA North Carolina in the last decade including:

- Qualification-Based Selection for architects on public projects
- Greater flexibility for single-prime contracting on public projects
- Statutory strengthening of the Architectural Practice Act (G.S.83A)
- Passage of a \$1.8 billion statewide bond issue for school construction
- Qualified immunity for architects as volunteers in declared emergencies
- Clarification of a seven-year statute of repose
- Securing the single prime contracting option on government projects
- Passage of \$3 Billion higher education bond for construction

AIA North Carolina has also been successful in defeating or altering legislation, which could have a negative effect on the architectural profession. Issues like interior designer licensing, stock school plans and professional service taxes have all been stopped in past legislative sessions. In addition, AIA architects have been appointed by the Governor and legislative leaders to key positions on regulatory and advisory boards and commissions.

MISSION OF AIA-PAC

The AIA-PAC was established to assist the architects of North Carolina in gaining access to state legislators for the purpose of establishing an effective forum on issues facing the profession. Its mission is to work to create an environment in the North Carolina General Assembly and Council of State, which is conducive to accomplishing the goals of the architectural profession.

Three specific objectives guide the activities of the AIA-PAC. These are:

- To solicit contributions.
- To make contributions to candidates who will be influential in determining the future course and the practice of architecture in North Carolina.
- To generally educate or inform the membership of AIA North Carolina concerning legislative and political issues affecting the profession.

The AIA-PAC is organized and operated on a voluntary, non-partisan basis to preserve and promote the status of architecture through the pursuit of its objectives. The organization is governed and supervised by a Board of Directors composed of 21 members of the AIA-PAC, with a minimum of one member from each section of AIA North Carolina. Each Director is appointed to a term of three years, with no Director being appointed to more than two consecutive terms.

To maintain established levels of candidate contributions and ensure the continued effectiveness of AIA North Carolina's Government Affairs Programs, AIA-PAC needs continued and increased financial support from members and friends of the profession. Records and information about AIA-PAC are maintained at the offices of AIA North Carolina.

NC architectural foundation

The North Carolina Architectural Foundation (NCAF) was established for the purpose of promoting architecture as a discipline and a profession in North Carolina. Since 1948, the NCAF has supported architectural scholars, researchers and students and has provided grants for exhibitions and publications about architecture.

The mission of the NCAF is:

- Architectural Research
- Architectural Principles
- Educational Programs
- Architectural Scholarships
- Public Awareness
- Continuing Education
- Historic Preservation

In 2012, the Foundation will become a major contributor to the overall programming and success of the AIANC Center for Architecture & Design.

The Foundation operates on private gifts. Contributions to the NCAF may be sent to:
North Carolina Architectural Foundation
14 East Peace Street
Raleigh NC 27604

Kamphoefner Prize

The Foundation awards the Kamphoefner Prize of \$10,000 to an AIA North Carolina member who exhibits excellence in the Modern Movement of architecture. The Prize is funded through an endowment bequeathed by Henry and Mabel Kamphoefner. Henry Kamphoefner was the founder and original dean of the N.C. State School of Design. In years when a Prize winner is not selected, two \$5,000 scholarships are awarded to students at the N.C. State School of Design.

The design professionals at Clark Patterson Lee work together to meet a wide array of challenges facing communities in North Carolina and the Eastern United States. Our team consists of architects, engineers, planners, and inspectors who each have a broad range of professional experiences. This diversity gives us the ability to design the core components of an entire city. Principals draw on our depth of resources and offer our clients and partners flexibility, efficiency, and project-specific attention. Personal attention and full-service resources are the hallmark of Clark Patterson Lee's professional services.
