The Las Vegas Chapter of the American Institute of Architects Celebrates 50 Years

Las Vegas has a reputation for attracting unconventional, strongly independent individuals, and over the years those architects and design professionals who have chosen Las Vegas as their home...exhibit these attributes, so it is something of a miracle that in 1956 a handful of maverick-type architects joined together to establish the Las Vegas Chapter of the American Institute of Architects. It is even more amazing that today, 50 years later, the Chapter is still a vital entity in the community with over 500 architects and design professionals who proudly proclaim membership in the organization.

The Las Vegas Chapter was founded on January 6th, 1956, and throughout 2006 AIA Las Vegas will celebrate 50 Years of Service to the Las Vegas community. A special 50th Anniversary symbol (as pictured on this cover) has been designed and produced to commemorate this milestone. It will be distributed to all current AIA Las Vegas members and to all those who join us throughout 2006.

Join us as we kick-off our year-long celebration at our membership meeting on January 18th. The meeting will be held at the Gold Coast Hotel, 2nd floor ballroom, and will begin with a reception at 5:30PM. (See inside for details of the meeting).
The world commits: It's Time to Go Green

A greener world

As governments worldwide commit to "green" standards and regulations, building owners are demanding more green-oriented design, with a result that they realize lower building running costs. With the ArchiCAD® Virtual Building™ as your robust foundation, you can gain competitive advantage by delivering sustainable design. Evaluate your project at the earliest design stage by connecting your 3D model data to leading-edge energy analysis solutions and ensure you can support your client's greenest ambitions.

AIA LAS VEGAS
PRESIDENT’S MESSAGE
WADE SIMPSON, AIA

"We’ve come a long way"

One year after our city turned 100 years old our chapter is now 50!

After a great Holiday Celebration at Trumpet’s in December and a great time roasting Dr. Bob, we turn our focus to the birthday party of our chapter. 50 years of service will be celebrated at our January 18th meeting.

I have witnessed tremendous change and growth in our chapter. Although many others know firsthand where we have come from, I remember my first AIA Las Vegas meeting. I was a guest of my father, J. William Simpson, AIA, for a lunch membership meeting at the Sahara golf course restaurant in the summer of 1977. It is there I remember meeting Dave Welles, George Tate and Fred Kennedy. Our growth from a membership meeting around a table at lunch to our 150-200 person meetings in larger venues is a result of our community’s expansion.

Our chapter has seen growth not only in size but quality. Not to take away from the founding and early members of our chapter but as our community has matured so have the issues we discuss and debate.

This year we will have the opportunity to hear from many of our past presidents as they remind us of what our chapter was like in their day and we will have programs to look ahead to the next 50 years.

We should all look forward to a great year of Fellowship, Learning and Celebration.

Happy Birthday AIA Las Vegas!

2006 AIA LAS VEGAS BOARD SWORN IN AT HOLIDAY CELEBRATION

Our 2005 Holiday Event held in December turned out to be a fun-filled night that included the swearing in of the 2006 Board of Directors and a roast the out-going President, Bob Fielden, FAIA.

Thanks to all who generously donated toys, gifts and cash to Safe Nest. We are proud of our members who give so willingly to our community.
JANUARY MEMBERSHIP MEETING
AIA Las Vegas Celebrates 50 Years!

Join us as we kick-off the year-long celebration at our membership meeting on January 18th. The meeting will be held at the Gold Coast Hotel, 2nd floor ballroom, and will begin with a reception at 5:30PM, dinner at 6:30PM and the program at 7:30PM.

The featured guest speaker for this meeting is R.K. Stewart, FAIA, President-elect of the American Institute of Architects. Mr. Stewart is Vice President of Gensler, San Francisco, CA and will serve as President of the Institute in 2007 when the organization celebrates its 150th anniversary. He is particularly pleased to be with us to begin our anniversary year and to discuss the plans for the Institute’s sesquicentennial.

We would like for every single member of AIA to attend this meeting so make you plans to be there and receive your 50th Anniversary Membership pin.

RSVP required by Monday, January 16th. Please call 702.895.0936 or email Kelly at klavigne@aianeveda.org.

2005 AIA LAS VEGAS PRESIDENT'S AWARD WINNERS
Shelly Hayden, AIA
Mark Hobaica, AIA
Robin Stark, Assoc. AIA

Every year at the AIA Las Vegas Holiday Event held in December, the outgoing President presents an award to the member who has made the greatest contribution to the organization and its members.

2005 AIA Las Vegas President, Bob Fielden, FAIA, announced at the event that since it was his third time serving as President, he was going to take advantage and present three members with the award.

Shelly Hayden, AIA
McCarran International Airport

Shelly was recognized for her work as the Silent Auction Chair and her efforts to raise money for our Scholarship Endorsement Fund.

Mark Hobaica, AIA
City of Henderson

In recognition of Mark's work to upgrade the profession and to assist the State Board of Architecture in making Continuing Education a requirement for licensure in the State of Nevada.

Robin Stark, Assoc. AIA
Tate Snyder Kimsey Architects

In recognition of Robin's exceptional work during the convention in co-chairing two of the biggest events, and arranging tours that were a major income source for our Chapter.

Congratulations to Shelly, Mark and Robin and a deep felt "thank you" from all AIA Las Vegas Members who benefit from their efforts.

I would like to thank the members of AIA Las Vegas for the warm welcome extended to my wife Imelda and myself at the Christmas party. What a wonderful event, companionship, and done with the typical Las Vegas flair. What a tremendous effort by Randy, her staff and the entire Las Vegas AIA Chapter making this event an overwhelming success. We particularly enjoyed the roast of Robert Fielden, FAIA, as he moves to the Past President position on the Las Vegas board. I personally would like to take this opportunity to say "Well-Done" to Dale Scheideman, AIA, and last year's AIA Nevada Executive Board members.

This year as always our schedules fill up quickly. As a carry over from last year's board we continue to work closely with the State Public Works Board regarding errors and omissions. Early February the Executive Board, AIA LV and AIANN will be sending representatives to the Grassroots Convention in Washington, DC. Additionally, we continue working with the State Board regarding Continuing Education Requirements for Licensure.

Some issues on the horizon that are in the planning stages are the AIA 150 celebrating the 150th year of the AIA, the Western Mountain Regional conference for 2006 at Jackson Hole WY and the 2007 event planned for Lake Tahoe. Though these events are a ways off, they are important to our membership and require a considerable amount of effort to plan and execute. I hope the various boards can count on your continued support to make these events a success and a worthwhile experience for our members and supporters.

I am looking forward working with Wade Simpson, AIA President of the Las Vegas Board and Ric Licata, AIA President from Northern Nevada, together with your continued support and input we should have another successful year.

Wishing all a very healthy, safe and enjoyable New Year.

ARCHITECTURE LAS VEGAS

Celebrating the Chapter's 50th Anniversary

The 2006 edition of our Architecture Las Vegas magazine is in the works and will be published on April 1, 2006. This edition will be carried nationally in Borders and Barnes & Noble, sent to over 10,000 of the largest AIA firms in the country, as well as to 1,500 CEO's in the Las Vegas area. Not to mention all 500 AIA Las Vegas members! We hope that members will consider advertising in Architecture Las Vegas when deciding their marketing plan for 2006.

Congratulations are in order for the Chapter on turning 50 and if you'd like to show your support and help us celebrate our 50th year, ad space is available, but selling out fast. Don't miss your chance on being a part of this important issue. Media kits, requirements and due dates will be happily provided by contacting Debi Raffi, Associate Publisher, at 702.895.0936 or draffi@aianevada.org.

ON THE BOARDS

Special Section of Architecture Las Vegas

The 2006 edition of Architecture Las Vegas will include a new section entitled “On the Boards”. Projects that are scheduled for completion in mid-to-late 2006 and beyond and are currently in the initial stages of planning, design and construction will be considered for inclusion in this special section of the magazine. If your firm has such projects and would like to be considered for inclusion in this section of the April 2006 edition of Architecture Las Vegas, forward project image (rendering or computer generated) along with descriptive information to rlavigne@aianevada.org or draffi@aianevada.org as soon as possible.

Project information must include the following: Project name, Architect and lead designer, Client, Builder, Location, Objective, Special attributes (sustainability, LEED criteria, unique features), Size. Estimated completion date.

BRIEFS

Wright Engineers recently broke ground on a new building to accommodate their expanding civil engineering department and surveying division.

The new 16,000 square-foot facility will be located next door to their existing building, which will continue to house their structural and MEP engineering departments.

“The Las Vegas construction market has been unbelievable and we have been fortunate as a company to ride the wave of this phenomenal growth,” says Brent Wright, President and CEO of Wright Engineers. “This additional office will help us to better serve our clients and accommodate our continued growth.”

Pushing the envelope of what's possible is what Walter P. Moore has always been about. Our clients expect nothing less. They come to us for intelligent solutions to complex engineering issues.
