

AJ INDEX

January to March 1980

CI/SfB (Ahi); (1976 revised) (Ahi)

A quick index to technical articles and other main features which, collected together, form your essential reference library and current awareness guide. Previous, more detailed AJ indexes are available on application to the Architectural Press (see p998). An index for July to December 1979 appeared in AJ 19.3.80 p589-596.

Six types of index

Subjects, listed alphabetically, of all main features in the AJ including handbooks, series, technical studies, information sheets, building studies, editorials and buildings in the news. **Architects** of buildings in the subject index.

Book reviews, listed alphabetically by title. The name of the

reviewer is given in brackets.

Products, grouped by product types, which have been featured in the 'Products file—Editorial review'.

Trade literature, listed by manufacturer, of those publications featured in the 'Trade literature file'.

CI/SfB classified information, preclassified AJ Information Library features, listed in CI/SfB categories.

AJ INDEX

April to June 1980

A quick index to technical articles and other main features which, collected together, form your essential reference library and current awareness guide. Previous, more detailed AJ indexes are available on application to the Architectural Press (see p376). An index for January to March 1980 appeared in AJ 21.5.80 p1029-1032.

Six types of index

Subjects, listed alphabetically, of all main features in the AJ including handbooks, series, technical studies, information sheets, building studies, editorials and buildings in the news. **Architects** of buildings in the subject index.

Book reviews, listed alphabetically by title. The name of the

reviewer is given in brackets.

Products, grouped by product types, which have been featured in the 'Products file—Editorial review'.

Trade literature, listed by manufacturer, of those publications featured in the 'Trade literature file'.

CI/SfB classified information, preclassified AJ Information Library features, listed in CI/SfB categories.

Design in Blockwork

Michael Gage and Tom Kirkbride

This established reference work for the International Construction Industry now appears in a Third Edition, completely revised throughout, with up-to-the-minute information on the most recent thermal and structural codes for blockwork. Special practical features including model specification clauses and sets of safe-load tables, help confirm this book's place as an invaluable every day manual for all construction practices.

AJ INDEX

July to September 1980

A quick index to technical articles and other main features which, collected together, form your essential reference library and current awareness guide. Previous, more detailed AJ indexes are available on application to the Architectural Press (see p1016). An index for April to June 1980 appeared in AJ 20.8.80 p371-376.

Six types of index

- **Subjects**, listed alphabetically, of all main features in the AJ including handbooks, series, technical studies, information sheets, building studies, editorials and buildings in the news.
- **Architects** of buildings in the subject index.
- **Book reviews**, listed alphabetically by title. The name of the

reviewer is given in brackets.

Products, grouped by product types, which have been featured in the 'Products file—Editorial review'.

Trade literature, listed by manufacturer, of those publications featured in 'Trade literature file'.

CI/SfB classified information, preclassified AJ Information Library features, listed in CI/SfB categories.

AJ INDEX

October to December 1980

A quick index to technical articles and other main features which, collected together, form your essential reference library and current awareness guide. Previous, more detailed AJ indexes are available on application to the Architectural Press (see p375). An index for July to September 1980 appeared in AJ 19.11.80 p1011-1016.

Six types of index

Subjects, listed alphabetically, of all main features in the AJ including handbooks, series, technical studies, information sheets, building studies, editorials and buildings in the news. **Architects** of buildings in the subject index.

Book reviews, listed alphabetically by title. The name of the

reviewer is given in brackets.

Products, grouped by product types, which have been featured in the 'Products file—Editorial review'.

Trade literature, listed by manufacturer, of those publications featured in 'Trade literature file'.

CI/SIB classified information, preclassified AJ Information Library features, listed in CI/SIB categories.
