Anyone in

- or traveling to
- Denver between now and May 26th should check out the Denver Art Museum's "US Design 1975 -2000" (you'll be able to see it in Miami, New York, and Memphis after that). It is an erudite
- and often amusing
- view of American design over the last quarter century. Click on the "Home" link above to see this and other feature articles. Kristen Richards, Editor-in-Chief
