
Today's News - September 26, 2002

We've been tracking the trend in pre-fab houses as a solution to affordable housing - though they don't always come with a low sticker price anymore. - Students take over the Washington Mall - with solar houses. - James Howard Kunstler continues his "witty and often biting commentary" at the University of Notre Dame's School of Architecture. - A new design school in China. - You might not be able to walk into Venturi Scott Brown's original design for the Kimmel Center, but now you can wear it around your neck. - Houses of worship lose out to developers. - Different views on the future of global cities. - Kahn at the Kimbell...and much more.
