

## Today's News - November 12, 2002

We lose a master of interior design. – In LA, the buildings are great, but views need improving. – Island plans in Israel. – Tower plan for lower Manhattan: "There is no better combination for urban living than being near the streets of Manhattan and close to heaven." – Schools designed to serve the community. – Exhibitions in New York, Pittsburgh, and Jerusalem worth a look. – Cheers for a new stadium: "architectural equivalent of a slam-dunk." – Nothing new about subdivisions except a focus on creating sustainable communities. – Moscow loves malls. – Toronto respects its (fairly recent) architectural history...and much more.
