

Today's News - May 13, 2003

We're back! The AIA convention in San Diego was great - and we have a lot of catching up to do...

This week at ArcSpace: Niemeyer, Ando, and Starck. – New Yorkers want shorter buildings at Ground Zero says poll. – Libeskind feted in San Diego. – Dateline 2010: the Guggenheim takes on Antarctica (this to make you smile). – Piano takes on London. – Mendelsohn's German Village in Utah. – Philadelphia's troubled waterfront. – Seidler tower in Sydney soars. – Being stalked by Starck. – Hadid as "hip diva." – Gehry (and team) project in Brighton called "probably the most extraordinary piece of architecture to be seen anywhere in Britain in the last 25 years." – Raising the profile of classical architecture. – Martians bring design to Earth. – Seattle parks to form people-friendly ring. – MAK trying to be good neighbor to Schindler House. – A corporate village instead of glass tower. – To give or not to give public voice in new stadium for New Zealanders. – Comments (pro and con) for Ando redo of apartment complex in Tokyo. – Shock over shooting at Gehry building in Cleveland.
