

Today's News - August 28, 2003

Tribute to an Australian architect who didn't like the label "green organic architecture." – "Could it be that the powers-that-be...have resolved the slicing, dicing and debating of the WTC site?" – Plans move ahead to expand WTC site. – Schematics for 7 WTC become a "tempest in a trash can." – one-of-a-kind reinforced concrete construction of CN Tower "solid enough to foil any mastermind." - Architecture for Humanity aims high. – Manhattan style high-density causes some discomfort in Melbourne. – Bogotá transportation a system other cities aspire to. – "Tropical minimalism" makes its mark. – A solar-powered subdivision: the future is now. – Outrage but little surprise that Moscow tears down another landmark. – The worst rail station in Britain needs moolah for an Alsop makeover. – Luxury living in Lagos for "the top class of the society."
