"A Visual Fantasy"

As much a museum as it is a gallery, Art & Industrial Design contains an array of treasures gathered from around the world to delight the eye and intrigue the fancy. A resource for many great public institutions, museums, and private collectors, the gallery features a choice selection of decorative arts of the 20th century. Among the prized items offered are original furniture by such influential designers as Donald Deskey, Gilbert Rohde, Wendell Castle and Isamu Noguchi, major examples of the ivory and bronze sculptures of Preiss and D.Chiparus, Daum crystal, Hagenauer sculptures, glass by Schneider and Lalique, and art deco clocks by Frankel, Weber and Rohde. Rare and often unattainable elsewhere, much of Art & Industrial Design's collection is literally unique - and all of it is important.
