The Columbus Model Folding Kodaks

COMBINE THE DESIRABLE FEATURES OF A COMPLETE VIEW CAMERA WITH THE COMPACTNESS OF A KODAK.

The Lens covers the plate fully, even when the front is raised. It is instantly removable and can be replaced by a wide angle lens which fits the same shutter.

The Shutter. The folding Kodaks are now fitted with an iris diaphragm shutter, having a pneumatic release and a range of automatic exposures from \(\frac{1}{12}\) of a second to 3 seconds.

A Double Swing Back and sliding front are among the improvements. These Kodaks can be focused with the index or on ground glass; can be used as hand or tripod cameras and are easily adapted to stereoscopic work.

No. 4 (For 4 x 5 pictures), For Film and Glass. $60.00
No. 5 (For 5 x 7 pictures), 75.00
No. 6 (For 6½ x 8½ pictures), 100.00
