## 2013 Appetite4Architecture:

Dreaming of a new Modernist house or renovation? Here's your chance to break bread with prominent members of the architecture community in an intimate, affordable small group setting at **18 Seaboard** in Raleigh. A4A dinner events are rare opportunities to enjoy easy, informal discussions in an upscale dining environment. Explore architecture, homebuilding, the economy for design, furnishings, real estate - or anything else on your mind! There are no presentations or powerpoint slides -- just great conversations with award-winning cuisine. All A4A dinners include three sumptuous courses (appetizer, entree, dessert) from a pre-selected menu plus coffee/water/tea, tax, and gratuity.

LivingHomes, a national developer of modern, sustainably designed, prefabricated homes, announced in November the launch of three new models -- CK4, CK5, and CK7. As with all LivingHomes, the CKs offer a LEED Platinum level environmental program. CKs can be fully constructed in less than two months and installed on-site in one day. Consumers can learn more at [www.livinghomes.net](http://www.livinghomes.net). The CKs were inspired by the LivingHome C6 and LivingHomes designed by Modernist architect [Ray Kappe](#). **Paschal House Petition:** The heirs of Raleigh's **1950 Paschal House**, a masterpiece by early NCSU School of Design faculty member Jim Fitzgibbon, have ***solicited a proposal this fall to deconstruct*** the house, so the clock is ticking on Raleigh's most important endangered mid-century modern. Overpricing the property (as it has been for five years) keeps it vacant and vulnerable. You can help influence whether this iconic home is saved - or goes vanishes like the Catalano House did in 2001. Help save the long-empty and still-savable property through signing the petition here.
