That means the spines have been gently sliced off. Many thanks to the anonymous donor who gave NCMH this 10-volume set for auction. Opening bid is just \$99, this set sells new for up to \$500. William Keating Bayley died after a year long battle with bladder cancer. He was 66 years old. Bill received a Bachelor in Product Design from North Carolina State University. After graduation and a brief stint with the News and Observer, Bill was hired by the School of Design at NCSU in 1975 as director of the Multi-Media Lab, guiding faculty and students through several changes in technologies through his nearly four decades with the college. He was awarded entry into the Order of The Long Leaf Pine by the Governor for his service to the state of North Carolina. Bill met his wife and best friend of 40 years, **Dana Davis**, at the School of Design. Together they enjoyed road trips, movies, concerts, theater, art museums, dance lessons, and spending time with family and friends. They were both active with the Design Guild at the College of Design at NCSU. A memorial service will be held in a few months. To be notified about the details, please send a request to edbboyd@gmail.com. Gifts may be made in Bill's memory to the NCSU Foundation/DesignLife Fund, NC State College of Design, Campus Box 7701, Raleigh, NC 27695.

Did you know there are tons of NC Modernist houses now for sale? Several times each week, NCMH's **Virginia Faust** posts newly-listed homes on our exclusive statewide database, our free public service to help preserve these houses by connecting them with loving owners - faster.

Adios to architect Sam Ashford's brick Modernist house on 3359 Alleghany, Raleigh, slated for demolition any day now. With permits in place, and real estate signs already up, drive by and say your last goodbyes, or take a photo from the road -- do not trespass on the property.

Dead Mod Still Walking: Please help NCMH monitor for when **Milton Small's** [3515 Glenwood building](#), top photo, receives the demolition permit online [here](#). Approvals are in place for a three-story 72,963 square foot replacement, second photo.
