THE NEWS

PROJECT BAUHOW

Project BauHow provides the equipment, means, and motivation for young people to explore architecture with the intensity it requires. In the last two weeks, **Project BauHow gave away 200 CAD systems to rural high school students** – powerful desktop computer and monitors they get to take home -- and keep. Students then can practice CAD all they want. Later, with class instruction, they will test their learning through an NCMH design competition featuring a Modernist house project. Winners at each BauHow school get a scholarship to the NC State University College of Design's Design Camp next summer. **And wow, are they ever pumped about NC State!** Hear their comments, and their incredible excitement about Design Camp, [on our Vimeo site](#), with profiles on six of this year's 11 BauHow schools – students, teachers, principals, and CTE directors.

Is NCMH's **Modernism Week** trip to glamorous **Palm Springs** just a bit too expensive? No problem! Now there's **Palm Springs LITE**, same great flight, hotel, and basic events but less the exclusive (and pricier) parties and tours. You'll save \$1,000 per person! Details and tickets.

Angelina Jolie's childhood Modernist house is for sale. Who knew? Brad's not the only one who likes Modernist architecture.

There have been three Triangle-area Modernist houses renovated by HGTV's **Love It or List It** this season - that we know of. The first was a 1960's Lee Butler house in Raleigh (they kept it), the second a 1950's Milton Small house in Raleigh (they kept it), and the third a 1960's Archie Royal Davis house in Durham (the episode has not yet aired).

- In related news, it's the 40th anniversary of **The Rocky Horror Picture Show**. Did you know that Love It of List It's **Hilary Farr** was in the cast? She played bride Betty Munroe.
- If an incredibly designed and maintained Modernist house in the woods is for sale, but there's nobody around to buy it for four years, does it make a sound? No, but when NCMH toured

MOD WATCH

Mod Watch keeps an eye on the North Carolina buildings you love. You can keep the NCMH community updated by driving by each week and sending us an email.

All Points Bulletin: Still no clues on our Raleigh Modernist mystery house. This 1960's modern, designed by **Don Statham**, is (or was) somewhere between Rembert Drive and North Hills. The concrete screen is similar to one on Yadkin Drive. **A \$25 Starbucks card** goes

to the first person who can provide an accurate current or past address.

One of North Carolina's endangered Modernist houses is back on the market after nearly being rescued. The 1951 A. M. and Ruth Fleishman Residence, 2614 Morganton Road, Fayetteville NC. Designed by Greensboro's Edward Loewenstein. Jim Brandt was the draftsman. Built by Ed Rynick. It has been vacant for several years but appears recoverable. The price has been lowered and appears to be negotiable. Details in the Endangered Section. Contact agent **Jim Massengill**, 919.805.4617.

Dead Mod Walking 2015: Now several years vacant, the great old gal's **still standing** but we don't know for how long. Please help NCMH monitor when Milton Small's masterful 3515 Glenwood building, first photo, receives the demolition permit online here. The site was approved in 2014 for a three-story 72,963 square foot replacement, second photo. Or, the owners could change their mind and lease the place -- or agree to sell it. **Vacancy helps no one.**
