With three new membership levels to accommodate any budget, join the NCMH Mod Squad for as little as \$36/year! Your membership provides capacity for us to document, preserve, and promote Modernist residential architecture throughout the state and the nation. Benefits vary by level. <u>Check it out!</u> **Craig Ellwood** was not a licensed architect but to his Los Angeles design clients he was a true design genius, and he could sell, too. Derided by the architecture profession of which he was formally not a part, he rose to public fame when three of his designs were included in the iconic Case Study House series. His houses are still incredibly prized today. Michael Boyd is a landscape, furniture, and architectural designer. He is the principal of BoydDesign, a consultancy for the restoration and preservation of Modernist architecture - and listen to this, kids, he lives in Oscar Niemeyer's only North American house. If you don't know who Oscar Niemeyer is, start googling. Michael is the creator of PLANEfurniture, a line of architectural furnishings featured at the SF MOMA, The Palm Springs Museum, and the University of California Santa Barbara. His new book, Making L A Modern, is about the man, the myth, the designer **Craig Ellwood** - and he joins us from that amazing Niemeyer house in Santa Monica.

The <u>Brady Bunch house is for sale</u> in Los Angeles for the first time in almost 50 years. It's reportedly the 2nd most photographed house in America. Dad Mike Brady was an architect in the show, and this house was the epitome of TV living in the 1970's.

<u>Ellen Cassilly</u> was one of 13 women recently honored as one of the Women of Achievement by Durham Magazine. She will also be honored in November as an Outstanding Alumni of the College of Architecture of Texas A&M University.

Gene Jones AIA of Raleigh passed away last week. He was among the first students to graduate from the NC State School of Design under <u>Henry Kamphoefner</u>. In 1960, he joined the firm of <u>F. Carter Williams</u> Architects, where he worked until retirement in 1995. He worked on landmarks such as Minges Coliseum at ECU, Jones Chapel at Meredith College, Athens Drive High School, and Carroll Middle School. NCMH interviewed him last year.
