TRADITIONAL BUILDING CONFERENCE SERIES

Winterthur Museum and Garden Wilmington, DE • April 10-11, 2019

Traditional Interiors | Architectural Sketching and Walking Tours

Traditional Takes - short expert talks on Methods and Materials

Earn 10+ AIA LUs

Network with award-winning architects & traditionally trained craftspeople

Nestled in the heart of Delaware's beautiful Brandywine Valley, Winterthur offers an exhibition of traditional building techniques. Attendees can expect expert-led seminars on classical building materials and methods augmented by beautiful architectural walking tours. Designed by H.F. du Pont, Winterthur's museum, library, and garden are set amidst a 1,000-acre preserve of rolling meadows and woodlands. It is a property that offers the qualities of a grand historic residence and the scale of a

sprawling commercial project. Attendees will learn historic renovation and restoration best practices in the classroom and in the field.

The Traditional Building Conference Series (TBCS) delivers focused, relevant education for architects, contractors, craftspeople, designers, facilities managers and preservationists in a time-efficient format at beautiful historic venues. TBCS is a registered provider of AIA learning units and ICAA Core Curriculum credits. Credits for NARI, AIBD, and some NAHB certifications are also available.

2019 GUIDEBOOK

Welcome to the 2019 Guidebook. For this year's Guidebook the editors have selected **275+ COMPANIES** whose products or services meet the ever-growing need of architects, builders, developers, conservators, facility managers, property owners, and those who work preserving, restoring, renovating, and creating new buildings in traditional styles. You can find these in our **Product & Service Index** starting on page 22.

Granted, most of this material can eventually be found on Google—if you spend *lots* of time sifting through all the undifferentiated results Google floods you with. To save you time, the editors of **TRADITIONAL BUILDING** have done all the sifting for you. As a result, the listings in this issue provide:

- **CURATED LISTS** Only products and services appropriate for buildings in traditional architectural styles have been included
- **SYNERGY & SURPRISE DISCOVERIES** Because the editors have carefully grouped like-with-like, these listings allow you to make surprise discoveries of things you weren't looking for—but which are extremely helpful. It's just like searching for movies and seeing related titles you hadn't known about.

The **Product & Service Index** is divided into **20 MASTER CATEGORIES** (listed below) and there are **650+ SUB-CATEGORIES** therein. There is comprehensive cross-referencing across the categories. For example, if you look for *Gazebos* in the *Landscape* section, we will refer you to the *Conservatories, Greenhouses & Outbuildings* section where you will find the sub-category for *Gazebos*.

Once you find the sub-category you are looking for, you will see a list of companies that provide that product or service. To learn more about each company, see the **Company Listings** (starting on page 14) which has a description with contact information for every company in the index.

There are many more companies we maintain information on that due to space limitations we are unable to publish in the magazine. Please visit www.traditionalbuilding.com and there you'll find over 1000+ companies broken down by the same 20 master categories and 150+ sub-categories.

Lastly, we feature companies with a photo of their work in the **Portfolio** starting on page 31.

Abatron's MasterMold 12-8 liquid-polyurethane moldmaking compound is used for one- and two-part molds with deep undercuts.

Architectural Accents has an important set of 8 columns in carved stone from St. Georges Catford, London. Each capital features a unique carving in reference to the apostles. Circa 1860.

The **Chadsworth's** column shafts in the hall of this new home are faux marble.

Columns, capitals and span-drels such as these are available from **Decorators Supply Corp.**

EverGreene created the historic plaster ornament for St. Thomas Aquinas church in Lincoln, Nebraska, including these capitals.

Historical Arts & Casting created these cast iron columns.

Canning Studios marbled these enormous columns in the National Building Museum in Washington, DC.

W.F. Norman provides a wealth of sheet-metal ornament, including the square-neck capital #4478, which is available in heights of 15 and 18 in.

ARTWORK, ART GLASS & FURNISHINGS

Antique Drapery Rod Co.'s British collection is inspired by Great English Estates visited in Windsor, Surrey, and Rambling throughout the Grand Isle.

This image was created on a building facade using brick from **The Belden Brick Co.**

John Boyd Horsehair Durano pattern on an Irish Holburn chair, available through **Belfry Historic Consultants, Inc.**

Bovard Studio designed and fabricated this stained-glass medallion.

Conrad Schmitt Studios created and installed these new traditionally styled stained-glass windows.

From **Eustis Chair** are these Millbrook stacking chairs in quarter-sawn White Oak. The chair was custom designed for the Millbrook School Dining Hall with Voith & Mactavish Architects, stacks up to 8 chairs high, and comes with a 20 year warranty against joint failure.

EverGreene Architectural Arts recreated six monumental WPA-era murals, which had been destroyed by a fire in 1942, for Fair Park in Dallas, TX.

Gaby's Shoppe custom manufactured this wrought-iron, queen-sized bed, which measures 114x65 in.

Historical Arts & Casting created this cast bronze table base.

John Canning Studios conserved and restored this mural and the decorative finishes.

Old Art Studio created this Lion & Unicorn sculpture for the Charleston, S.C. courthouse.

This leaded-glass panel was restored by **Rohlf's** for a New York City townhouse.

CONSERVATORIES, GREENHOUSES & OUTBUILDINGS

Advanced Building Products, Inc. offers conservatories to meet any project needs.

This post-and-beam barn is one of many styles available from **Country Carpenters**.

The 12x16-ft. Oasis freestanding pergola in red cedar is available from **Fifthroom.com**.

This octagonal greenhouse, fabricated by **Glass House**, features a custom color powder coat finish, power vented cupola, French doors and high performance glass.

This **Haddonstone (USA) Ltd.** orangery with balustrading and Tuscan pilasters makes an ideal pool house.

The Victorian Lodge glasshouse is custom handmade by **Hartley Botanic** and features a central portico entrance.

This conservatory was designed and built by **Renaissance**.

Robinson Iron fabricated the Woodruff Pavilion in Olympic Park, Atlanta, GA; it features cast columns topped with a transparent glass dome on a steel frame.

This straight-eave double-pitch conservatory from **Solar Innovations** incorporates decorative elements, including radius grid, ridge cresting, molding and finials.

This conservatory, featuring a copper-clad exterior, was built with quartersawn white oak by **Tanglewood Conservatories**.

This gazebo features **W.F. Norman Corp.'s** style A shingles with its continuous hip finish and a custom-made finial on top.

Wiemann Metalcraft fabricated this gazebo, fence and trellis in cast and wrought iron.

PROFESSIONAL SERVICES

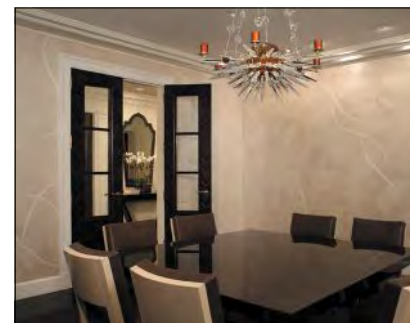

Building Conservation Associates surveyed the exterior of NYC's Grand Central Terminal before recommending a conservation and preservation program.

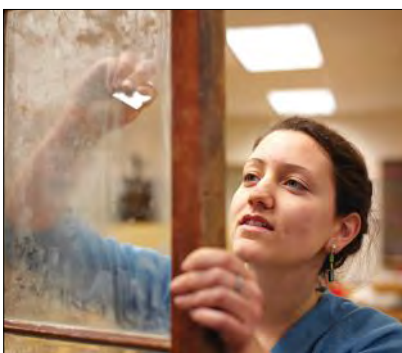

Conrad Schmitt Studios removed, conserved, re-leaded and reinstalled the stained-glass of the South Dakota State Capitol; the glass in the rotunda dome and the glass in the barrel-vaulted ceiling went through the extensive conservation process. Craftsmen are shown here lowering the glass for conservation.

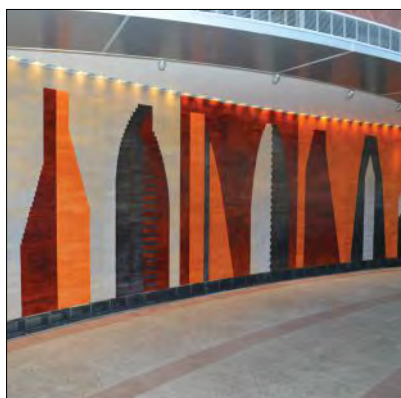

Daniel Chasse, Historic Preservation Trades instructor at **Edgecombe Community College** in Tarboro, NC, explains various wood-working tools to guests at the college's annual Preservation Trades Fair; Edgecombe is one of only five community colleges in the nation that offers a program of study in historic preservation and the only one in North Carolina.

EverGreene designed and implemented this custom-designed Venetian plaster finish for a private residence in New York City; each shape was carefully designed and placed, creating a playful composition of whimsy and sophistication.

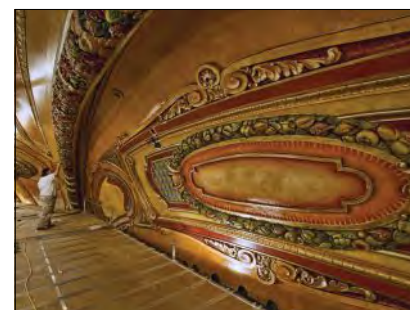

The **North Bennet Street School** offers comprehensive hands-on training in preservation carpentry and other related fields.

R. Alden Marshall & Associates did a complete restoration of "Wall of Towers" by Jackie Ferrara at the University of Houston Main Campus.

Schiff Architectural Detail restored this nine-story, 100-year-old cast-iron spiral fire escape for a building in Boston.

Shea's Performing Arts, a historic movie palace built in Buffalo, NY, in 1926, now hosts traveling Broadway shows, thanks to a renovation by **Swiatek Studios**.

Designed for superior performance against air, water and structural infiltration, Ultimate Double Hung Magnum Round Top windows are available from **Marvin Windows and Doors** in a variety of large sizes and shapes.

This solid-brass casement fastener from **Phelps Company** is shown in an oil-rubbed bronze finish; the firm manufactures a complete line of traditionally styled hardware for wood casement windows.

Our old buildings tell our history. Elevate it, don't rewrite it.

There are two things we believe in steadfastly: preservation of history & energy. Our elegant solution to both is window inserts, which practically disappear into window frames, but reduce carbon emissions dramatically. Using modern technology to transform historic spaces without changing a thing—it's how we're making the past a part of our future.

Exceptional English-carved oak mantel from the 19th century. Green marble and over-mantel with mirror is available from **Architectural Accents**.

Driwood provided the wood mantel for this old South Carolina vernacular farmhouse outside of Darlington, SC.

The Aegean mantel from **Forshaw of St. Louis** is composed of a multi-piece hearth, a marble surround and pillared legs that frame the fireplace opening.

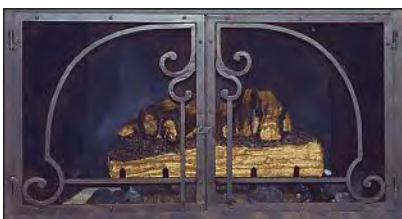

The Chevalier Mantel, from **François & Co.** is a 13th century original, boasts an extraordinary stature and history. The mantel's heavily sculpted legs rise up to two corbels decorated with gargoyle figures which support a shelf enhanced with blazons.

Reclaimed stone from a historic reservoir was paired with antique Purington Street pavers from **Gavin** for this chimney in Iowa City, Iowa.

These forged steel fireplace tools and stand, item # 13-41-05, measure 34-2/3" high and forged steel Andiron are available from **King Architectural Metal**.

The Millshouse built-in fire-screen is available from **Steven Handelman Studios**.

Zepa fabricated the custom interior woodwork for this mantel.

METALWORK

Creating Artistry in Grilles & Metal

ADVANCED ARCHITECTURAL GRILLEWORKS

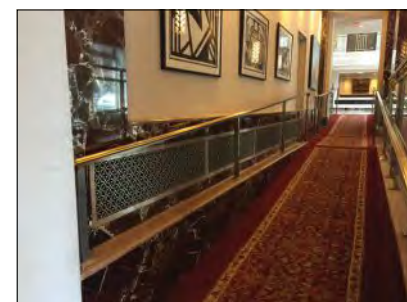

Artistry in Architectural Grilles & Metal

aagrilles.com • sales@aagrilles.com

516-488-0628

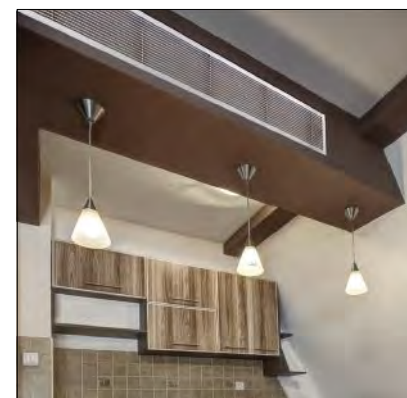

Wall- and floor-mounted cast-iron registers and grilles from **Acorn Forged Iron** are coated in a matte-black finish.

These laser cut decorative panels were created by **Advanced Architectural Grilleworks**.

An extensive collection of antique ironwork that includes stairs, balconies, gates, windows, newel posts, oeil-de-boeuf, fire-dogs and more is available from **Architectural Accents**.

Architecture Grille offers a selection of grilles designed to enhance different environments.

This custom railing with a leaf motif is the work of **Bill's Custom Metal**.

Campbellville Industries reproduced the cupola on top of the Bell County Courthouse in Belton, TX.

Metal grilles are the specialty of **Coco Architectural Grilles.**

Compass Ironworks created the metal stairs and railings for this traditional setting.

EJM Copper restored this historic copper cupola for a building on Long Island in New York State.

Gotham Metalworks created this copper-covered oriel window, taking into account the complex angular geometry and the integrity of the building's original architecture.

These balusters were fabricated by **Heather & Little.**

King Architectural Metals supplies forged-metal signs of the zodiac as decorative features for stair rails.

PLUMBING, KITCHENS, BATHS & HEATING

Historically styled radiator covers such as the one shown here are the specialty of **Advanced Architectural Grilleworks**.

Airmada's high velocity drying system easily intergrates into existing and new shower installations.

AppWood provides custom cabinetry services to meet any need.

Bathroom Machineries' claw-foot Slipper Tub measures 60x30 in.

Carlson's Barnwood provided the wood for this bar and floor.

This kitchen from **Connor Homes**, is from their Deerfield collection and has a beaded face frame and raised panel doors. Oiled rubbed hinges and knobs complete the look.

This kitchen features Shaker-style cabinetry handcrafted by **Crown Point Cabinetry**.

Shown here is a restoration of cast iron radiators in a church by **Ecorad**.

Lightly brushed metal precisely outlines the elegant curves of this sophisticated range hood. The Acadia is an excellent choice for geometrically superior kitchen designs. Featured here in De Corbusier Brass with De Corbusier Pewter trim; all from **François & Co.**

P.E. Guerin fabricated this wall-mounted, two-tone fish spout.

Bar Harbor Wall-Mount Clawfoot Tub Faucet with American Levers is from **House of Antique Hardware**; also in satin nickel and oil-rubbed bronze.

The Richard Holman house in Massachusetts was restored using cabinetry from **Kennebec Co.** Every cabinet was handcrafted with hand-planed select New England pine and carefully fitted into the antique structure.

**Add class to your kitchen with
CSH Rolling Library Ladders!**

TRADITIONAL BUILDING
CONFERENCE SERIES

MATERIALS & METHODS

SPONSORSHIP OPPORTUNITIES

**We have three in-person
events planned this year:**

April 10-11, 2019
at the Winterthur Museum and Garden,
in Wilmington Delaware

July 16-17, 2019
at the "Boscobel" House Museum and Garden
in Garrison (Hudson Valley) New York.

October 29-30, 2019
at the "Graylyn Estate" in Winston Salem N.C.

We will also produce nine online education seminars throughout the year. This delivers our AIA approved education to a national audience in markets which do not support an in-person conference. Online education has been a proven winner for reaching busy architects and building owners, especially buyers and specifiers who labor behind the scenes and are hard to get appointments with. The Traditional Building Conference Series serves over a thousand professionals a year: architects; contractors; specialty contractors and building artisans; interior designers, building owners and facilities managers who do residential and/or commercial/institutional work on historic buildings.

The Traditional Building Conference venues are interesting, intimate, historic spaces which are living laboratories for learning. We go where the work is and where attendees want to be.

If you'd like to be on our sponsor team this year, call **Peter H. Miller** at **202.256.0694** or email him at **pmiller@aimmedia.com**.

ArchitecturalAccents.com

Architectural Accents specializes in 17th, 18th & 19th century architectural antiques and reproductions.

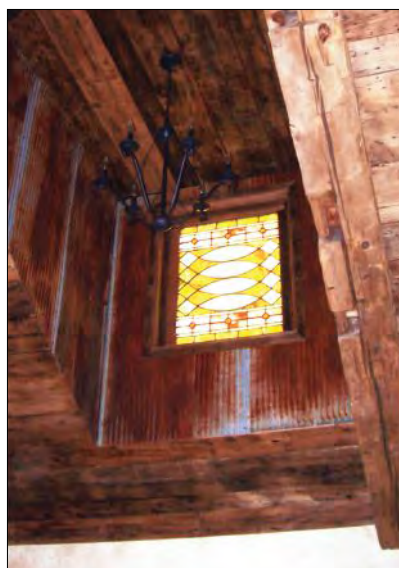

Sylvan Brandt salvages building materials from 18th- and 19th-century structures.

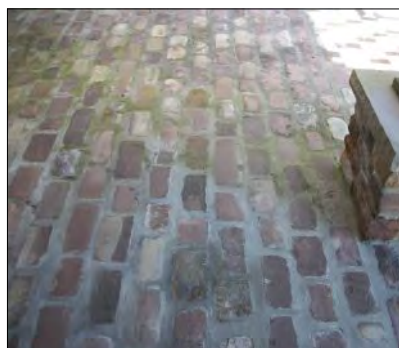

François & Co. offers these French limestone pavers, reclaimed from historic manors and farmhouses in Burgundy, date as far back as the 13th century.

This Ornate 12' Soda Fountain Back Bar with stained glass and marble top is one of many unique items available from **Architectural Antiques of Indianapolis**.

Antique wood on the ceiling and hand-hewn beams were supplied by **Carlson's Barnwood**.

Gavin Historical Bricks supplied the reclaimed Old English cobblestones with rounded tops for this walkway.

Aurora Mills Architectural Salvage has a large selection of period hardware.

From a 19th century Denver area mansion, this pair of antique finials originally flanked a grand staircase outdoors. Each features a spiral finial above a large, flattened ball of openwork C-scrolls and is supported on four legs; it's available from **Eron Johnson Antiques**.

Pinch of the Past offers a large variety of architectural antiques to fit your project needs.

Masonry restoration products are specialties of **Abatron**, which also offers consultation services.

Aztec Stone Empire provided the limestone for this entrance.

The Belden Brick Co. supplied its St. Anne blend for this residence.

Cleveland Quarries offers a variety of stone that can be used as pavers.

Continental Cast Stone created this stone monument for the Dole Institute of Politics in Lawrence, KS; the 14-ft.-dia. cast-stone medallion incorporates images of a farmer and plow, buffalo, cabin and steamship, as well as the state motto.

The Egyptian Theatre in DeKalb, Illinois, was built in 1929. This Microcotta, a product of **Freedom Cement**, restoration was completed in 1983 and the colors are as vivid today as when they were first installed. Careful attention was given to the historical accuracy of the Art Deco color palette.
